WASHINGTON LETTER.

(From our regular correspondent.)

Washington, D. C., July 21.

A talented and even brilliant member of Congress has exhibited himself on the streets of Washington, during the last week, in a state of conspicuous inebriety—in other words, fighting drunk. A neighbor of mine when he told me lifted up his hands and exclaimed, "What a pity that congressional morals are nowadays at such a low ebb—drinking and fighting!" Then he alluded to the two or three small quarrels between members that have taken place during the last year.

I recalled other Congresses and came to the conclusion that this is probably the soberest Congress the country has ever seen. Fifty or sixty years ago, inebriety was so common that it created little comment. When a member staggered into the House and made a maudlin effort at oratory he was laughed at and led into the cloak room, but nobody thought it worth mentioning. When half the men in the land occasionally or frequently got drunk, a sporadic case

tended as chief mourner. And there was no scandal about it. Ah, times have changed.

Among the stories told of the House when it met in what is now Statuary Hall, is one of a member who was permitted to keep his valet in the cloak room to take care of him when he became helpless, and another of a chairman in committee of the whole who caused great consternation by suddenly insisting on going to bed, gavel on hand, under the Speaker's desk. Such things do not happen nowadays.

There were three terrible drunkards in the House just fifty years ago—Tom Marshall and Jim Sprigg of Kentucky, and Felix McConnell of Alabama, all Whigs, I believe. They were regular rounders and liable to make a scene in the House any time. Marshall was pretty sure to be drunk when anything great was expected of him. Jim Sprigg drank as much as he could get and was made very happy by it. One night he had a barroom fight on Pennsylvania Ave., with a loafer and had an ear bitten off. "We welcome back to Kentucky," said Prentice, in the Louisville Journal, "all there is left of our gallant fellow citizen Hon James C Spriggs." Felix McConnell should have been baptized Infelix. He was a very brilliant and erratic member, quick at repartee, witty, well informed, and the delight of the House when on his feet, drunk or sober, but he was sensitive enough to know that drunkenness in public places was becoming unfashionable, and being humiliated by having his habit alluded to on the floor he returned to his room at the National and committed suicide.

Why multiply instances? With greater civilization come improved manners and morals, and every Congress has been more sober, peaceable and better behaved than its predecessor. In this Congress there are scores of men who take a drink occasionally, but there is not one confirmed drunkard. Even the half dozen who sometimes drink too much have kept their self respect, and pay to temperance the tribute of concealing their weakness.

ST VITUS DANCE.

Must be Treated Through the Blood and Nerves.

One of the Worst Cases on Record Cured through the Use of Dr. Williams' Pink Pills.

St Vitus dance is a nervous disease chiefly afflicting children. There are a number of signs by which it may be detected such as a twitching of the muscles of the face, shaky hands or a jerky motion of the arms, a trembling or a dragging of the legs, irritability and restlessness. St Vitus dance is caused by disordered nerves and blood—that is why it is always cured by Dr. Williams' Pink Pills. The pills fill the veins with pure, rich, red blood, which, in turn, soothes and braces the nerves, making the sufferer well. Mrs. Luffman, Pouchers' Mills, Ont., tells how Dr. Williams' Pink Pills cured her daughter Louise. "I do not think it possible," says Mrs. Luffman, "that anyone could be afflicted with a more severe form of St Vitus dance than that which attacked my daughter. Her arms and legs would twitch and jerk, her face was drawn, and finally her left side became numb as though paralyzed. Her speech became thick and indistinct and she could neither stand still nor sit down. Two doctors attended her but gave her no benefit. The last doctor who attended her told me she would never get better. It was at this discouraging time we decided to give her Dr. Williams' Pink Pills. After taking two boxes we could see an improvement; she could sleep better and the spasms were less severe. From that time on she grew steadily better and after using eight or ten boxes she was as strong and healthy a girl as you will find anywhere, and she has not had the least symptom of the trouble since."

Dr. Williams' Pink Pills are the surest cure for St Vitus dance, hysteria, neuralgia, nervous exhaustion, paralysis, and all the nervous troubles of men, women and children. But you must get the genuine with the full name, "Dr. Williams' Pink Pills for Pale People," on the wrapper around every box. Sold by all medicine dealers or sent post paid at 50 cents a box or six boxes for \$2.50 by writing to Dr. Williams' Medicine Co., Brockville, Ont.

Rockland.

Again in our agency after two weeks or more very pleasantly spent in the enterprising and business like village of Hartland.

The late two feet rise of water in the St John materially assisted the drivers, and logs are running so thick that the spaces between piers of bridge quickly block and require constant attention.

Any person in search of a farm can hear of one of 195 acres in a splendid location by calling upon J C Everett at the agency, Rockland; well fenced, watered, cedar and other lumber on the 100 acres unimproved, and good buildings—the property of a widow lady who cares not to farm any more. Other farms listed at reasonable rates.

During my absence a picnic was held near the mouth of Coldstream, under auspices of Baptist sewing circle, and \$42 raised for church purposes.

Visiting Hartland these hot days you will find refreshing temperance drinks at A D Baird's and W Christie's, as also fruit, cocoanuts, etc.; in the village of Rockland; for same call at the Agency, Hayward building.

Page Rideout sends out many mowing machines, horse rakes, etc., on easy terms of payment.

The heavy stocks of goods on hand in the leading houses of Hartland, and the immense variety makes it unnecessary for buyers to go or send elsewhere—people generally are tired and disgusted with the department stores far away. Buy at home and you know what you are getting and quality considered prices are less.

Rev S A Baker will be home to fill his appointments next Sunday.

The residence of Dr Curtis is receiving extensive and expensive improvements.

Hotel 'American,' Hartland, and Ziba Orser, Main street, furnish accommodation for man and beast.

HIS LAST HOPE REALIZED.

(From the Sentinel, Gosh, Mont.)

In the first opening of Oklahoma to settlers, in 1889, the editor of this paper was among the many seekers after fortune who made the big race one fine day in April. During his traveling about and afterwards his camping upon his claim, he encountered much bad water, which, together with the severe heat, gave him a very severe diarrhoea which seemed almost impossible to check and along in June the case became so bad he expected to die. One day one of his neighbors brought him one small bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy as a last hope. A big dose was given him while he was rolling about on the ground in great agony, and in a few minutes the dose was repeated. The good effect of the medicine was soon noticed and within an hour the patient was taking his first sound sleep for a fortnight. That one little bottle was a complete cure and he cannot help but feel grateful. The season for bowel disorders being at hand suggests this item. For sale by all druggists.
