News from the Country.**Oakville.**

Farmers are busily engaged in harvesting now, and the crop will be good.

Rev Spencer Crisp is to fill the Methodist pulpit for the coming year. He comes highly recommended, and to judge from his sermons thus far he is a young man of ability and one who understands human nature.

Miss Williams our popular teacher is with us again and we are glad to see her looking so much improved after her well earned rest.

Every one here has been attending the Aroostook Camp Meeting. We hope they have been christianized as a result.

ITEMS FROM DIFFERENT SECTIONS.

BY CALVIN GREEN.

Mrs Joseph Merrithew, McKenzie Corner, has one of the best flower gardens in Richmond or elsewhere. The flowers are beautiful and consist of 20 different shades of color; the garden is finely situated between the two walks that lead to the house.

Joseph Merrithew has purchased a splendid carriage with rubber tires which guarantees comfort. He has a grist mill which gives satisfaction. His farm consists of 15 acres. He realizes more from his farm than some who have 60 acres. The reason is the farm is well worked for Mr Merrithew knows how to farm.

John Henderson, Union Corner, has a three year old thoroughbred Durham heifer that dropped a thoroughbred bull calf March 10th, consequently he is now five months old, and measures from head to tail five feet, while the girth is four feet. The prospect is the animals will be at the exhibition in September, which will doubtless be the best one ever held in Carleton county. The county is pretty well sprinkled with good stock of all grades. If you don't believe it, please come to the exhibition on Sept 26, 27, 28, and see for yourself.

Samuel Potter, Union Corner, is quite poorly with neuralgia of the stomach.

Gilbert Brown, Lower Woodstock, from one quarter of an acre raised 48 bushels of peas which brought \$19.20 cents. It pays to raise peas. He has a splendid orchard from which he realizes annually \$40.

Oscar Dugan, Lower Woodstock, is in very poor health from heart trouble and nervousness.

Milton Green, Greenville, has dug up three old apple trees and the remainder are now bearing fruit. He has a splendid garden of vegetables of all kinds. Mrs Green has 80 chickens—a good flock.

Havelock Grant drove his Morgan from Greenville to Scott siding in three hours, the distance being 34 miles. He left Martin Settlement and travelled to Greenville, some 26 miles, in two hours.

At Houlton the C 2 R company has put in a turn table. It is well done with cement foundation.

John McLean, Plymouth, has a two-horse farm wagon in use 40 years which never had the tires set. If any one can beat this we would like to hear from him.

Johnville.

The picnic held at Bath last week was very successful. The proceeds to go towards the building of the hall, which is now in course of construction, on the church property.

Grain is ripening very fast. It is hoped that the weather will be a little more favorable for harvesting than it has been through the haying season.

Richard Gory of Portland, Me, has been visiting relatives in Johnville during the past two weeks.

Schools have re-opened with a fair attendance. The school in Kilfoil district is closed this term.

Mr and Mrs John McGinley of Houlton have been visiting relatives here.

Kirkland.

Last Saturday afternoon and evening the rain was heavy in this section.

The wheat crop is looking well, and some of it is ready for harvesting.

On Saturday Mrs Charles Edgar went on a short visit to Knowlsville.

The S S Convention for the Parish of Richmond is announced for August 29th, at Kirkland. Afternoon session, 2.30. Evening session, 7.30. It is expected that Rev Mr Ganong, Field Secretary, will be present.

On last Sabbath evening a large congregation assembled in the Presbyterian church to hear the Rev S A Fraser missionary from San Fernando in the island of Trinidad. He gave a very interesting and instructive address.

Bath.

Theodore Currie was visiting friends in Florenceville Sunday.

Misses Clara and Carrie Wheeler of Florenceville are visiting relatives at this place.

Mrs T H Barker and son are on a visit to Quebec.

Stanley Barker will soon start to school.

Mrs Elier Carney, who has been very ill for this past week, is some better.

Clara Jones has taken charge of the Mineral school. ROSES.

Campbell Settlement.

Bertrum Dunham's son, Roy, aged four years, met with a serious accident, by which he lost one foot. While mowing in the field Mr Dunham went to unhook the horses to go to dinner; he held the boy on his lap, put him off on the left side, went and unhooked the team all but the neck-yoke. In the meantime the little fellow stepped over the cutter bar, one horse jumped and the boy's foot was cut off just above the ankle joint. His father carried him to the house, a distance of three quarters of a mile. When he got him there the wounded lad asked his father to go back and get the horses. Mr Dunham said he had never before stopped the mower without throwing it out of cut. Dr W E Saunders of Lower Southampton was sent for, who was on the spot in 25 minutes from the time he got the word, a distance of seven miles. Dr W D Rankin of Woodstock was telephoned for, who arrived in two hours from the time he got the message, a distance of 24 miles. In two hours they performed the necessary surgical operation. The boy is doing fine, his leg is nearly all healed. Much credit is given Mrs R J Bragdon by the doctors and parents of the child for assisting as nurse while they were performing the operation.

Rankin Bragdon has two heifer calves four months and a half old, which girth four feet on the back; from head to tail length five feet.

C. G.

Four Falls.

The crop prospects in this section are splendid. Potatoes, buckwheat, oats and wheat are exceptionally good.

The portage road will compare favorably with any road in N. B., while the farms and buildings are comfortable and in many instances handsome structures.

The parish of Grand Falls has made very material progress in the last decade. D E Edward's grist mills here now approaches completion under the supervision of Mr Es-tabrooks of Bristol, Carleton county. It will be one of the best in N. B. The machinery is the very best American manufacture.

J K Flemming, M P P, stopped over Sunday at Four Falls. He is very successful as a life insurance agent. He is a good fellow in the best sense of the word and is highly esteemed by his friends.

The product of the Normal School is played out apparently in this county. B.

Grand View.

We have been having considerable dark weather with quite a little rain, which has made it tedious winding up the haying, but the farmers are about through for this season and some grain has been cut and some threshed.

Messrs Price of Hartfield, passed through here on Saturday, enroute from Woodstock with a Little Giant Thresher. We wish them success in their new venture.

Dunham Bros. are installing a shingle machine in their mill at Campell Settlement, which they expect to have in operation in a few days.

Our school is in full blast again, under the supervision of Miss Palmer of Jacksonville, Car. Co.

Miss Daisy Fornham returned in due time to Deer Island to continue her services with the school she taught last term.

As we write the milk cart is going past which reminds us that the cheese factory is doing a very good business so far as making cheese is concerned, the only trouble seems to be they cannot get the price of cheese up to where they would like it to be.

Winnot Grant has returned from the corporation drive and reports a successful run, the drive having reached its destination, he also reports a good time.

Mr Dunphy of Douglas, made a several days visit to his daughters, Mrs Brooks and Mrs Akerly recently.

Business—mercantile, mechanical and agricultural—progressing favorably as usual.

Matters religious are running about in the usual groove, not too fast.

Your correspondent has had the pleasure of reading the SENTINEL for over forty years and enjoys it, the old boy's letters and all.

Proud Mother—"You will be five years old to-morrow, Willie, and I want to give you a real birthday treat. Tell me what you would like better than anything else?" Willie—"Bring me a whole box of chocolate creams, mother, and ask Tommy Smith to come in and watch me eat them."
