FRIDAY, FEBRUARY 12, 1904.

## The Dam Question.

Mayor Lindsay and the town solicitor went to Fredericton this week, a self constituted delegation, to "safeguard" the interests of the citizens. Four of the councillors got wind of the little excursion and wired to the executive that the delegates were not authorized by the council to appear. It seems strange that the board was not consulted in the matter, as the council was in session the evening previous to the departure of the delegation. Somebody will be brought to book for this neglect.

The chief tory organizer for town, B B Manzer Esq., is stating publicly that there will be no carnival next summer, as hotel men will not raise the necessary funds on account of the Council's recent action in appointing Mr. Colpitts Scott Act Inspector. We did not suppose the hotel men of Woodstock subscribed to a fund simply for the purpose of getting a chance to sell liquor illegally. We had, and still have a much better opinion of them, notwithstanding the statements made by Mr. Manzer, and confidently predict a carnival just the same.

## ROYAL ARCANUM.

T. H. Belyea of St. John, Deputy Grand Regt. of the Royal Arcanum, paid a visit to Woodstock Council last Monday for the purpose of installing the new officers. The function was ably carried out, after which the members adjourned to Troy's Restaurant and partook of an oyster supper. Abie addresses were delivered by T. H. Belyea, W. W. Hay, T. C. L. Ketchum, Wm. McDonald, Major John J. Troy and others. The next meeting of the Society will be held in the K. of P. hall on Monday evening, 22 inst.

## RECENT DEATHS.

MRS. JOHANNAH MALCOLM. An aged and highly respected woman, Mrs. Johannah Malcolm, who has resided in Woodstock for some years, died after several weeks illness at the residence of her daughter, Mrs. James Brown, on Tuesday morning, in the 79th year of her age. The deceased was the widow of the late Robert Malcolm of Grand Falls, Victoria county. She leaves three sons Robert and William of Grand Falls, John T of Minneapolis, Minn., and two daughters Mrs. Michael Harley of Grand Falls and Mrs. James Brown of Woodstock. The remains were taken to Grand Falls on Wednesday afternoon for interment.

## JOSEPH M. BAKER.

Dr I W N and Mrs Baker mourn the loss of their bright little daughter Josie, who passed away last Saturday after a trying illness from spinal meningitis of some months duration. This bright and talented little girl, who was only in her twelfth year, was a particular favorite of all who knew her, especially as she popular with her schoolmates. Her happy smile and cheerful disposition always endeared her to her friends. The funeral services, held on Monday afternoon, were conducted by Rev F Allison Currier. Revs W B Wiggins and Z L Fash were also in attendance. The heartfelt sympathy of the community is extended to the family in their great bereavement.

## BERT K. JONES.

At the home of his aunt, Mrs Chas Colwell, Simonds, Bert K Jones departed this life, Feb 4th, aged 20 years. For two years he had been in the employ of the Elevated R R Co, Boston. In October he was stricken down with typhoid fever which finally developed into lung trouble from which he died.

Bert was one of those young men who had many friends and no enemies. He was genial, tender and true. The funeral service was held Saturday, 6th, conducted by Eld J A Woodworth, assisted by Rev S Baker, Reformed Baptist, and Rev Frank Rideout. A large company was present to express their high esteem and affection for the deceased.

On the evening of the ninth inst a number of the members of the church and congregation of the Free Baptist church of Bath gathered in surprise on Mr and Mrs J R H Simms, at their residence, and through their pastor, Rev L A Fenwick, B A, presented Mrs Simms, on behalf of the church and congregation, with a large hanging parlor lamp and fancy rocker, as an appreciation of her services during the past two years as organist in the church. Mrs Simms wishes to heartily thank the donors for their kind remembrance.

## JOTTINGS.

G W Vanwart will have a fifteen days cheap sale of linens beginning Feb 12th.

A choice program and refreshments at the Valentine Social next Monday evening.

Home made candy in Valentine boxes at the social next Monday night in the Parish Hall.

During the next fifteen days G W Vanwart will offer his entire stock of table linen, napkins and towels at prices far below cost.

Won't you be my Valentine? Come to the Parish Hall next Monday evening and see. Admission only 10c.

J M Fripp has purchased from J W Astle the fine property on Park street occupied by D W Matheson, and will reside there himself after May 1st.

Carleton County Scarlet Chapter meets in Orange Hall, Woodstock, at 8 o'clock, Feb 16th, for the purpose of electing officers and the consideration of other business.

Dr A Pierce Crockett, Eye, Ear, Nose and Throat specialist, of St John, will be at the Carlisle Hotel, Woodstock, Friday Feb 19th, where he may be consulted professionally.

The bean supper held on Wednesday evening, in the A O H hall, under the auspices of the Altar Society of St Gertrude's church, was successful in every particular, and about \$80 were realized.

Probably nothing can be more convincing than an actual experience of Dr Manzer's pleasant and satisfactory method of performing Painless Dentistry. Our reliability is many times proven by increasing patronage.

At the Maritime Auction Sale of pure bred stock held at Amherst three Shorthorn calves, 9 and 10 months old, sold for an average of \$86 each. These were bred and contributed by N F Phillips of Pembroke, Carleton county.

It costs you nothing to call at Dr Manzer's office and have your teeth examined, and get our estimate before going elsewhere. We give a written contract to do your work satisfactorily. We employ experienced workmen.

A great fire at Baltimore early this week destroyed nearly \$250,000,000 worth of property. All the big wholesale houses were burned. The calamity exceeds the Chicago fire of 1871 in area covered and amount of damage resulting therefrom.

A Full Set of Teeth at Dr Manzer's office for \$5. We have been here for years—not a day. Our growth is the result of superior work, and minding our own business. Our prices less than half what others charge, and our methods original.

Monday evening the Young Union Club gave a concert in the A M E church. This was a very successful affair. The children taking part were carefully drilled by Miss Nellie Winslow. The proceeds were given to Mrs Coffin, wife of the pastor.

Remember next Monday night the Valentine Social is to be held in the Parish Hall. There will be a program, and refreshments will be served, and besides you will have the fun of finding the mate to your valentine. Program commences at 8 o'clock. Admission 10 cents.

The newest thing on the market is the wood sandwich. This article is not found on a bill of fare. It is seen almost every day on the street, and retails at about four dollars. The genuine variety consists of a few sticks of wood, probably measuring about half a cord, piled between the board sides of a sled.

C M Sherwood, Centreville, has an energetic crew of six men and a pair of horses graveling the mill dam. They deposit from sixty to eighty tons of gravel per day, besides placing a heavy coat of fir brush on which the gravel is to rest. The new wheat miller, William Maunders from Ontario, has put the mill in excellent condition, and the work turned out is said to be entirely satisfactory.

One of the workmen at Connell's Electric Light Station made a curious discovery in the woodpile the other day. A letter addressed to a prominent local grocery house was found hidden away. The envelope had been torn open, and the contents, including a cheque for a fair sum, were left "on deposit" to the credit of the culprit who must have abstracted the letter from the post office. The letter was mailed at St John in the year 1901. Evidently the party who hid the documents either forgot to remove the same, or was cute enough to know the cheque was of no value to him.

## Bristol.

The ladies of the Presbyterian sewing circle had a bean supper and fancy sale in the hall on Friday night and realized over \$100 which goes toward the building fund of the new church.

Mrs John Simpson, formerly of Glassville, died at the home of her son, William Simpson on Monday night, aged 83 years. The funeral

was held at Glassville on Wednesday. Archibald Scott, E R Squiers and Ambers Giberson went to St John on Wednesday to attend the Liberal Convention.

## Greenville.

Murray Rush and son took to Houlton market 75 cords of wood and realized a good price; then with pluck and endurance they brought the big trees to the ground and yarded wood enough to make 150 cords. Mr Dickenson sawed the wood in six days. Mr Dickenson has been very busy since last fall and still orders are ahead, that will keep him busy till May 1st.

Milton Green has made a good snow plow which is very much needed. Every district should have one. We need good roads and the snow plow will make them.

## An Eye Opener.

Do you know that the Sickness and Accident Policy of the Ry. Passengers, is a model of simplicity and liberality?

That it has a fully subscribed capital stock of \$5,000,000.

That it returns you a bonus of 10 per cent. at five years.

That it insures against death or disability by accident.

That it insures against lost time caused by sickness.

That it pays for paralysis or blindness from any cause.

That it pays the largest amount for loss of either hand, foot or eye.

Before renewing your Accident Policy, examine this contract, you can only afford the best.

J. W. Astle will cheerfully explain other good features of this generous contract. Queen street. (tf-5).

## Subscribe for the SENTINEL.

The Provincial Convention in St. John was attended by many liberals from this section. F. B. Carvell was elected one of the provincial vice-presidents. F. R. Shaw is the representative from Carleton on the executive committee.

## TENDENCY OF THE TIMES.

The tendency of medical science is toward preventive measures. The best thought of the world is being given to the subject. It is easier and better to prevent than to cure. It has been fully demonstrated that pneumonia, one of the most dangerous diseases that medical men have to contend with, can be prevented by the use of Chamberlain's Cough Remedy. Pneumonia always results from a cold or from an attack of influenza (grip), and it has been observed that this remedy counteracts any tendency of these diseases toward pneumonia. This has been fully proven in many thousands of cases in which this remedy has been used during the great prevalence of colds and grip in recent years, and can be relied upon with implicit confidence. Pneumonia often results from a slight cold when no danger is apprehended until it is suddenly discovered that there is fever and difficulty in breathing and pains in the chest, then it is announced that the patient has pneumonia. Be on the safe side and take Chamberlain's Cough Remedy as soon as the cold is contracted. It always cures. For sale by all druggists.
