 In Wyoming recently ranchmen
 have completed the stupendous task
 of digging a road by hand for fifteen
 miles through snowdrifts several
 feet deep.

Languor and weakness, due to the
 depleted condition of the blood, are

The revenue of the Suez Canal for
 1903 amounted to 102,957,752 francs,
 a reduction on the total of 1902. The
 total tonnage which passed through
 the canal during 1903 was 11,906,288,
 of which 7,403,653 tons were British.
 These figures show an increase on
 those of 1902, and a very large part
 of the increase is due to British ship-
 ping.

For a Stiff Neck

Or any soreness in the muscles of
 the back or sides you can't get any-
 thing half so good as Nerviline, the
 most powerful liniment made. "My
 neck was so stiff I couldn't turn it a
 quarter of an inch," writes Fred T.
 Baldwin of Portsmouth. "I had it
 rubbed with Nerviline a few times
 and all the soreness and stiffness dis-
 appeared. I don't know another
 liniment you can depend on like
 Nerviline; it's splendid for colds,
 lameness, and can't be beaten for
 cramps and internal pain." Try
 Nerviline yourself. Price 25c.

The Fires of Eczema.

So keen is the suffering of many
 people who endure the stinging,
 itching sensation of Eczema that
 they speak of the skin as being on
 fire. By its soothing healing anti-
 septic influence Dr. Chase's Ointment
 positively cures Eczema, Salt
 Rheum, and every form of itching
 skin disease. It is of inestimable
 value in every home and when once
 introduced becomes at household
 necessity. Dr. Chase's Ointment is
 the standard the world over, and
 has no worthy rival.

It is said that in the years from

WIFE POISONING.

Not long since I was walking in the
 city with a celebrated physician. As
 we passed a house surrounded with
 every evidence of wealth and redne-
 ment, he spoke: "I have a patient
 in there, an idolized wife, who is
 dying, and beyond all help, and none
 of them know what is the matter
 with her, and still her husband has
 killed her."

"Why, Doctor," says I, "what do
 you mean?"
 "I mean just this, her husband is
 just literally steeped in tobacco until
 the insensible perspiration from his
 body has become a deadly poison,
 and his wife has absorbed enough of
 this and had before I was called in,
 so that she will die."

At an establishment where they
 treat patients for the cure of the
 tobacco habit; a man just brought in
 was washed as cleaned as soap and
 water could make him, and then
 some flies were allowed to alight on
 him. In five minutes by the watch
 they were dead. There was poison
 enough in the perspiration that came
 out of a man washed as clean as pos-
 sible, to kill them. You can imagine
 what it would be when he wasn't
 washed, perhaps, to spend hours
 each day in a warm bed with him.—

Why a Fortune Was Renounced.

It may not be generally known
 what led Mr. Charrington, the great
 philanthropist of England, to take
 such an interest in all charitable en-
 terprises, especially those of tem-
 perance. The story as told by him-
 self is as follows:

"When first engaged in mission
 work over thirty years ago, I was
 passing a public house one night
 when I saw a poor woman with two
 children push open the swing door
 and say to her husband: "Oh, Jack,
 come home and give me some money;
 the children are crying for bread." The
 brute came out, and with one
 blow felled her to the ground. I
 looked up, and over the public house
 I read: "Charrington, Head & Com-
 pany's Entire," and I thought, "If
 one house of my father's has caused
 this, for what are the hundreds own-
 ed by him responsible? I will never
 enter the brewery again, nor touch
 any of the money made by it."
 "And you stuck to your resolve?"
 "I did. I was the eldest son, and my
 youngest brother succeeded to my
 position." "You were disinherited?"
 "My father allowed me simply
 enough to live upon in comfort, and
 only when in his last illness did he
 admit that I had done the right
 thing." "And the fortune you reli-
 quished was a large one?" "Ac-
 cording to my lawyer, who investi-
 gated the matter for me, the precise
 sum was £1,250,000."

STRONG DRINK.

Christian purpose continues to
 have as a principal adversary the
 drink usage of society. There is
 practically no questioning as to the
 extent of our nation's devastation
 through strong drink. But on this
 stupendous issue, so well under-
 stood, there is only very scantily
 heard the question, "Lord, what
 wouldst Thou have me do?" The
 call to duty should ring out from
 every Christian pulpit. The call is
 not for intellectual assent, but to
 action. The battle is between God's
 people and the forces of iniquity, and
 there can be no neutral ground.

"If the church were united, do you
 think we would have our nation
 blighted as they are to-day by the
 drink traffic? What is the church
 doing? She is guilty silent and
 guiltily inactive. Individuals are at
 work, but the church has never yet
 risen in the majesty of her possibili-
 ties and gripped the question. It is
 her duty to do it."—Rev. G. Camp-
 bell Morgan.

A brewer, yet a member of a
 Christian church, who, with mistaken
 kindness, persuaded a fellow mem-
 ber, a widow, to take charge of a
 saloon for a living. At the end of a
 year she returned the key, saying:
 "Well, sir, you may be able to be a
 Christian and have a brewery, but I
 cannot be a Christian and keep a
 saloon."

In Switzerland the police are re-
 quired to arrest every person show-
 ing the slightest signs of intoxica-
 tion. Alcohol is sold by a govern-
 ment monopoly, and each canton is
 required to spend ten per cent of the
 receipts from this source on hospitals
 and other agencies for combating
 the evil.

Rheumatism Conquered!

Driven from the System by
 Eliminating Poisonous
 Urates in the
 Blood.

Stubborn Cases Quickly Relieved,
 Chronic Sufferers Absolutely Cured
 by an Internal Remedy.

This disease originates in the
 blood. Its poisons in the blood
 that cause the pain. Get rid of these
 poisons and you cure the pain.
 Doesn't that seem logical?

These poisons are composed largely
 of uric acid which dissolves and
 quickly passes out of the system if
 Ferrozone is employed, it being a
 complete and perfect solvent for all
 the poisons that give rise to rheu-
 matic pain. No case is too chronic,
 no person too old to be forever re-
 leased from the agonies of rheuma-
 tism if Ferrozone is used; it cures
 after all other treatments prove use-
 less. You may have been disap-
 pointed with other remedies.
 But don't let this deter you from using Fer-
 rozone. Its not like the ordinary
 "cure"—it possesses peculiar quali-
 ties not found in any other remedy.

Mr. Edgar F. Richmond, an old and
 well known resident of Winchester
 says: "My endorsement for Ferrozone
 is cheerfully given for I know that I
 am speaking for a sure cure for rheu-
 matism. Ferrozone cured me so
 the pain didn't come back again. I
 honestly believe that no medicine
 on the face of the globe can do as
 much for rheumatism as Ferrozone."

Mrs. D. J. Thurston of Burton P. O.,
 writes: "As a long sufferer from
 rheumatism I can say that Ferro-
 zone is the most satisfactory remedy
 that I used. Quite frequently I
 would get a bad attack and be laid
 up in bed. Ferrozone removed every
 trace of the disease and I have been
 well ever since."

Ferrozone is beyond all question
 the proper remedy to use in rheu-
 matism. There is none better. Be-
 ware of substitutes and don't allow a
 druggist to palm off something he
 may say is just as good. Insist on
 having Ferrozone, use it as directed
 and you will be cured. Price 50c per
 box or six boxes for \$2.50, at all
 druggists or by mail from N. C. Pol-
 son & Co., Kingston, Ont., and Hart-
 ford, Conn., U. S. A.

It stands to reason that you can't

How to Ward off an Attack of
 Rheumatism.

"For years when spring time came
 on and I went into gardening, I was
 sure to have an attack of rheu-
 matism and every attack was more
 severe than the preceding one," says
 Josie McDonald, of Mah, Logan Co.,
 West Va. "I tried everything with
 no relief whatever, until I procured
 a bottle of Chamberlain's Pain Balm
 and the first application gave me
 ease, and before the first bottle was
 used I felt like a new person. Now
 I feel that I am cured but I always
 keep a bottle of Chamberlain's Pain
 Balm in the house and when I feel
 any symptoms of a return I soon
 drive it away with one or two applica-
 tions of this liniment. For sale by
 all druggists.

Ninety-nine hearts out of a hundred
 are failing to do their work. There
 may be no pain there, but it is felt
 somewhere for some organ is robbed of its
 proper need of blood by this insidious heart
 failure, and distress follows. Common
 sense says, cure where the trouble and pain
 begin. Use

DR. AGNEW'S HEART CURE,
 because it begins at the blood's distributing
 organ, healing that rapidly and making it
 strong and able, quickly sends strength and
 health to every other organ. It is the only
 way that combines science and sense and
 relieves and cures.

HENRY AKER, of Farnboro, Ont., writes: "I
 suffered with my heart, nerves and general de-
 bility. The best doctors said I must die within
 a month. On my wife's advice I tried DR.
 AGNEW'S HEART CURE. Relief from the first
 dose. I am fully cured. Weighted 125 pounds
 —now 180 pounds."
