

EXPERIENCED MOTHERS.

Experienced mothers know that most of the troubles that afflict young children are due to some derangement of the stomach or bowels and that if the cause is removed the little one will be plump, rosy and happy. For such troubles as indigestion, colic, constipation, diarrhoea, simple fevers and teething troubles, there is no medicine in the world can equal Baby's Own Tablets. The action of the Tablets is speedy and above all things safe, as they contain not one particle of opiate or harmful drug. Ask any mother who has used the Tablets and she will say that they are the best medicine in the world.

Mrs. John Gill, Cranberry, Que., says: "After having thoroughly tested Baby's Own Tablets I can say they are the best remedy for the ailments of little ones I have ever used. No mother should be without them in the house. You can get the Tablets from any druggist or they will be sent by mail safe sealed in a box by writing the Dr. Williams' Medicine Co., Brockville, Ont."

INTERESTING CORRESPONDENCE.

Esdrælon, April 2, 1904.
To Wendell P. Jones, Esq., M. P.,
Fredericton, N. B.:—

Dear Mr. Jones:
I am writing to ask you whether you can see your way clear to use your influence on behalf of those farmers who in a section of country in the county, have, for the past two years, lost their crops by hailstorms. You probably know the section of country. I refer to Lansdown in Peel parish, Mount Pleasant, Coldstream and Windsor, in all about 50 families. To these families the loss of crops in this way is terrible; seed last year was procured and again lost in one instance a widow, with a large family to support, lost the entire crop she was dependent upon. These farmers though they try to bear their lot without complaining—it is in many instances more than they can do.

I want to ask you whether the provincial government could not give some aid, in the form of granting them seed, or part would be gratefully accepted and much appreciated; these families have been a source of wealth to the country, are hard working, industrious and deserve some help. In other parts of the Empire, the government always step in with aid when crops fail, or are destroyed, as instances I may mention our Indian Empire, Ire-

land, West Indies and many other places.

Yearly the local government send around lecturers to teach the farmers upon different subjects, at a cost of many hundreds of dollars. I would suggest that this be discontinued this year and the cost of same be given towards providing seed for those I have mentioned above.

Many in this stricken section are seriously thinking of leaving. This would be a pity, living as they have a lifetime here, working diligently, with large families, and then through stress of circumstances over which they have no control, to have to leave and commence life afresh in a foreign land, is hard, and tears the very heart strings. I earnestly hope you will lay this before the government. I am sure you will find ready support, and you will have done a friendly needful act, on behalf of the unfortunate ones I have mentioned. I will gladly give you any information needed if you so desire.

Yours very truly,
E. S. GILLMOR.

MR. JONES' REPLY.

Fredericton, April 11, 1904.
E. S. Gillmor, Esq., Esdrælon:—
Dear Sir—Your communication, dated 4th inst., duly received. It has been laid before the department of agriculture and I have the hope that something can be done.

Could you send me a list of the parties who suffered, with the number of acres destroyed?

Yours sincerely,
W. P. JONES.

AN APPEAL.

To the Editor of Carleton Sentinel:
April 20, 1904.

Dear Sir—In view of the widespread distress in certain sections of the county, could not the farmers in each district call a meeting with a view to helping with a few bushels of grain, those who, for the last two years, have had the whole of their crops destroyed by hailstorms; surely now that their attention is called to this matter, steps will at once be taken; and cannot the storekeepers, millers and other trades-people throw in their little mite, and confer with the committee in Peel and Brighton parishes?

Yours very truly,
E. S. GILLMOR.

All papers please copy and circulate.

Aching Joints

In the fingers, toes, arms, and other parts of the body, are joints that are inflamed and swollen by rheumatism—that acid condition of the blood which affects the muscles also.

Sufferers dread to move, especially after sitting or lying long, and their condition is commonly worse in wet weather.

"I suffered dreadfully from rheumatism, but have been completely cured by Hood's Sarsaparilla, for which I am deeply grateful." Miss FRANCES SMITH, Prescott, Ont.

"I had an attack of the grip which left me weak and helpless and suffering from rheumatism. I began taking Hood's Sarsaparilla and this medicine has entirely cured me. I have no hesitation in saying it saved my life." M. J. McDONALD, Trenton, Ont.

Hood's Sarsaparilla

Removes the cause of rheumatism—no outward application can. Take it.

INTERESTING MEETING AT WINDSOR CORNER.

At Windsor Corner, on April 16th, a meeting for the purpose of procuring aid for the farmers who were struck by the hailstorms of the past two seasons, was held in the hall. Thomas Forrest was called to the chair after the meeting opened, and Jesse E. Tedford was appointed secretary.

E. S. Gillmor was then called on to explain the reason for calling the meeting, and he stated that he had been requested by Wendell P. Jones, M. P., to ascertain what damage had taken place owing to the severe hailstorms of last year and the year before. The letter was then read by the secretary, also the letter to Mr. Jones calling attention to the needs of the farmers in this stricken section of country, which was forwarded by E. S. Gillmor.

Mr. Gillmor then spoke as follows: He thought it would better meet the needs of the case if the people at this meeting would appoint a committee of three men to go through the district and carefully investigate the losses and report to the minister of agriculture direct.

A committee was formed of the following gentlemen which was approved by the meeting: Armond Henderson, H. L. Dickenson and Geo. Britton.

Mr. Gillmor also asked that all business concerning the needs of the people, on whose behalf the meeting was called, between them and the government be transacted through the committee appointed for the parish of Brighton.

Robert Henderson was then called upon and spoke of the great need for help, dwelling upon the want and misery that the loss of their crops had caused to many. He had lost heavily himself by the storm of the last two seasons, but many of his neighbors had suffered more severely and he felt he was better able to bear the loss than they were and 'would grind his axe again.' He mentioned several cases, among others that of a widow with a family of small children, who was now teaching school to earn bread for her family, and many other cases that needed help more than he did, and he would give his share to them and would help them in any way he could. He was very much pleased with the course the government had taken in this matter. Over forty years ago he helped to clear away the wilderness and formed a home-stead, had lived there ever since, and often been surrounded by many hardships, but did not remember in all the years intervening such a time of calamity as that of the last two years, but he was yet willing to divide his loss with his less fortunate neighbors.

Frederick and Henry Smith, who are lumbermen and large farmers in this district, then briefly addressed the meeting. They warned the committee to be careful in doing its work when ascertaining losses; their own loss was heavy but they were able to bear the burden; they were greatly pleased with the way the government had taken the matter up for the object of benefitting the sufferers, and they called for a vote of thanks to Wendell P. Jones, E. S. Gillmor and to all those who had taken the very great interest which had culminated in the present meeting being called.

The chairman then spoke, praising the government for the course taken by them. He was followed by H. L. Dickenson in the same strain. It was then moved that the meeting dissolve which was carried.

JESSE E. TEDFORD,
Sec. pro tem.

Esdrælon, April 26.

ANOTHER IMPORTANT MEETING.

A meeting of the public at Mount Pleasant, April 18th, was called to order, George Lund appointed chairman and S. W. Smith secretary.

The meeting was called for the purpose of seeking aid of the local

government for the hail stricken farmers of Mount Pleasant, Lansdown, Coldstream and Windsor in Carleton county.

A letter was read from E. S. Gillmor to W. P. Jones, M. P., to lay the plea of aid before the government, also Mr. Jones' reply.

A similar meeting had been held in Windsor on the 10th inst.

It was suggested that a committee of three be appointed to give Mr. Jones the information asked for in regard to the amount of loss sustained. Delancy Foster was appointed for Lansdown; H. E. Rideout for Mt. Pleasant; R. K. Irving as the third committeeman. Adjournment followed.

S. W. SMITH, Secretary.

Lieut. Gen. Sir Ian Hamilton has arrived at Tokio. He will accompany the Japanese army as a military observer.

An epidemic of typhoid fever has broken out in Paris. The municipal authorities very unwisely tried to prevent the fact from becoming public.

In Paris every chauffeur has to pass an examination and drive a government expert through certain districts before he is granted a license.

Women have Kidney Disease

And make the mistake of attributing the resulting backache to other causes.

Many women have kidney disease and do not know it. They confuse the symptoms with those of ailments of a feminine nature. Backache, loss of flesh, dry, harsh skin, deposits in the urine, swelling of the feet and legs, stiffness and soreness of the muscles, weariness and despondency are symptoms of kidney disease, and call for prompt treatment in order to prevent serious results.

Mrs. W. WILKINS, Henry St., Belleville, Ont., states:—"I suffered a great deal with pains in the small of the back caused by kidney trouble. Whenever I stooped I could scarcely rise again the pains were so great. The disease became so severe that it affected my general health, and I was becoming very much run down. Since using Dr. Chase's Kidney-Liver Pills, I can say that my trouble has entirely disappeared. I can speak in the highest terms of this medicine from the way it acted in my case."

To protect you against imitations the portrait and signature of Dr. A. W. Chase, the famous receipt book author, are on every box of his remedies.

Mrs. Wilkins

Reasons Why You Should Carry A Sickness and Accident Policy.

1. Because you cannot count on your health, you may be stricken down to-morrow.
2. Because it protects you against all kinds of accidents as well as sickness.
3. Because you get honest treatment. This Company has no unpaid claims.
4. Because the Ry. Passengers Assurance Co. of London, Eng., is the oldest and strongest accident Company in the world.
5. Because the Company pays you from the very moment you are laid up and the claim is settled immediately on recovery.
6. Because it gives more for less money, than any other Company doing business.

J. W. Astle, Agent, Queen Street, Woodstock, N. B.

April 12th was the 43d anniversary of the firing on Fort Sumter.

There are now 380,000 Italians in New York.

Servia and Greece each has a population of 2,500,000.

There are no poorhouses in Servia. Even the poorest people own property.

Louise Michel, the well known French socialist, is said to be dying from congestion of the lungs.

The Carleton Sentinel, the oldest provincial weekly, with its large circulation, is invaluable to advertisers.

A Shakespeare monument was unveiled at Weimar on April 23 when an address will be delivered by Prof. Brandt of the Berlin University.

It is estimated that the total appropriations of the present session of U. S. Congress will reach \$700,000,000.

May 1st, 1904, will be the sixtieth anniversary of the sending of the first dispatch over a telegraph wire by the Morse system. It was sent from Baltimore to Washington.

"In December, 1900, I had a severe cold and was so hoarse that I could not speak above a whisper," says Allen Davis, of Freestone, N. Y. "I tried several remedies but got no relief until I used Chamberlain's Cough Remedy, one bottle of which cured me. I will always speak a good word for that medicine." For sale by all druggists.

THE 2 BIG STORES

ARE WE PROSY!

Our printer says we are. Our object is to inform you where to buy your DRY GOODS. Sometimes our Talks may be tiresome, but, like long Sermons, they are intended for your good. To put you in the way of Money Saving is our desire. THIS WEEK we will be brief. We have in our 2 Big Stores:

FOR THE HOME.

**CARPETS
CURTAINS
ROLLER BLINDS
ART SQUARES
MATS
OIL CLOTHS
CARPETS SWEEPERS
HOUSE PAPER, &c
VAPOR BATHS
SCREENS
WINDOW POLES**

FOR THE LADIES.

**Costumes, Jackets,
Raglans,
Capes,
Dress Goods, all kinds,
Satins,
Silks,
Corsets,
Hosiery,
Gloves,
Belts,
Collars.**

FOR THE MEN FOLK.

**Suits, Pants and Vests,
