Golf Match on the First.

Dominion Day dawned dark and threatening, and the prospects for a good day's sport looked rather meagre, but by ten o'clock the wind had veered around to the west, and blue sky once again betokened happiness in the minds of the local devotees of the game and their St. John visitors. The pairing was as follows:—

Clarence Sprague vs. E. F. Jones. Dr. Sprague vs. George McAvity. Rev. G. D. Ireland vs. Paul Longley.

B. M. Macleod vs. E. A. Smith. J. S. Creighton vs. A. Jack. George Mitchell vs. W. Greig. H. Paxton Baird vs. J. D. Hazen. D. W. Newcomb vs. J. Twining Hart.

R. Norman Loane vs. R. R. Ritchie. J. N. Jones vs. D. J. M. Magee. N. Foster Thorne vs. J. U. Thomas. Dr. R. E. Guy Smith vs. H. B. Schofield.

A. B. Connell vs. H. Fairweather. H. B. Logie vs. J. L. McAvity. Three rounds were played by each pair and at the finish the statistics were in favor of the home team by the close margin of 15 holes. The visitors left on the evening train, feeling well pleased with the manner in which they had been entertained.

In the report of the County Council last week, Conn. Bell was mentioned as seconding and supporting Coun. Phillips (Peel) motion to re-impose the dog-tax. It should have read Coun. "Bull".

At four o'clock Wednesday afternoon, June 29th, the Union church, Newburg, was the scene of a quiet wedding when David McLaughlin, second son of Mr and Mrs John McLaughlin, was joined in wedlock to Idella Sparrow, youngest daughter of Mr and Mrs Joseph Sparrow. The happy event was witnessed by many friends of the bride and groom. Miss Mary McLaughlin, sister of the groom, and Miss Maud McCarron were bridesmaids, John McLaughlin, brother of the groom, and Allan Cunningham were groomsmen. The bride looked nice in a costume of cream cashmere with lace and ribbon trimmings and wore a bridal veil. The bridesmaids wore white with blue trimmings. After the ceremony a sumptuous wedding tea was partaken of at the residence of the bride's parents, where congratulations were renewed and indulged in, and where many wedding presents were in evidence. A congratulatory Mr and Mrs McLaughlin upon the step they have taken, and welcome the former to the grand army of benedictines. May they both live long to enjoy the sweets of married life and never know an unhappy moment.

LAURIER AND THE MILITIA.

Sir Wilfrid Laurier expressed his views as to the militia of Canada in a speech made by him at a luncheon given recently by Sir Frederick Borden to the officers of the Ottawa military district, now in camp at Rockliffe, and members of both Houses of Parliament.

After a few personal compliments, Sir Wilfrid said: "If mankind at large were always to agree there would be no necessity for the militia. It is because nations will disagree that there is necessity for such a force. And let me say to you, gentlemen, you citizen soldiers of Canada, if you will take it from me, that those who do not belong to the force appreciate the efforts which you make for the defence of our common country, should the occasion ever arise. God grant it never may. You are sacrificing a good deal. You sacrifice a good deal of your time, of your leisure, of your money, and you do it not for any immediate reward, not because there is anything to be gained by it, on the contrary there is loss; you do it simply for the grand patriotic reason that if the country is ever in need she will find you standing between her and the foe. (Loud cheers.) Therefore it is a work of preparation which you are always doing. It is that your country may not be found wanting, may not be found defenceless, that you are preparing, and preparing all the time, for an emergency. A good deal might be said on that subject. At all events, for my part, I believe there is a good deal yet to be done for the militia of Canada.

VOLUNTEERS IN EVERY HAMLET.

"If I had my own way, and in this matter I express my own wish, there would be a corps of volunteers in every town, in every village, in every hamlet. The boys should learn early how to shoot. (Applause.) The art of war, like every other art, is always changing. The battles of to-day are not fought as they were fought sixty years ago; they were not fought sixty years ago as they were three score years before that; but there is one thing which we shall always need, and that is men ready and courageous to face any emergency. How is that emergency to be faced is a problem that always changes. The modern rifle is one of the most complicated and most delicate of instruments. Unfortunately there is not enough of our population who know how to use the rifle and understand its delicate mechanism. We should develop this knowledge as much as we can, and it is one of the ideas to which my friend Sir Frederick Borden is giving constant attention.

"DEFEND HOMES AND COUNTRY."

"Gentlemen, although we have a militia force, we may never have a war. The only people with which we can have a war is a race of the same kith and kin as the Mother Country, and I would look upon war between Great Britain and the United States as almost as great a crime as the civil war which convulsed the United States forty years ago. The two nations are too far advanced in civilization, they are too much advanced in all that goes to make manhood what it should be, to ever foresee the day that such a contingency can arise. But whilst we hope that it shall never take place, we must always be prepared, not only against trouble with our neighbors, but against war with anybody, and we must be ready to defend our homes and country whenever King and country require our services." (Great applause.)

Mr R. L. Borden, Conservative leader, corroborated what Sir Wilfrid had said of the militia, and said he was aware that they made great sacrifices for what they believed to be their duty. This fact he trusted Parliament and the country would not fail to recognize. "We do not want and militarism in Canada," said Mr Borden, "but we do want an army of citizen soldiery capable of protecting the soil whenever occasion demands." (Applause.)

TOWN COUNCIL.

At the meeting of the town council on Monday evening there were present Mayor Lindsay and Couns. Burt, Dibble, Fisher and Stevens.

Coun. Stevens reported a credit balance at the Bank of Nova Scotia of \$3347.58.

The clerk was authorized to issue a bond in duplicate of one for \$500, which was lost in the bank robbery at St. Andrews, first taking a bond of indemnity against payment of the original.

On motion Chief Tattersall was authorized to trim all trees that interfere with fire alarm wires. Receipts from Canada Temperance Act for six months was reported at \$100, and expenditure \$110.

BISHOP CASEY'S VISIT.

His Lordship Bishop Casey, St. John, arrived in Woodstock on Saturday last, and was the guest of Rev. F. J. McMurray. On Sunday St. Gertrude's church was tastefully adorned, the sanctuary being beautified with plants and flowers and the altars resplendent with many colored lights, to do honor to His Lordship, and to the class of forty who were to receive the sacrament of confirmation from his hands. After high mass, which was celebrated by the pastor, his lordship addressed the confirmation class and at the conclusion of his remarks administered the sacrament, assisted by the pastor. In the evening, at 7 o'clock, vespers was sung by Rev. Fr. Murphy of Debec, Rev. Fr. McMurray recited the rosary and litany, Bishop Casey delivered an eloquent sermon, and Rev. Fr. Murphy closed the services with benediction. Large congregations were present during the day, and special music was delightfully rendered by the choir. Accompanied by Fr. McMurray, His Lordship will confirm classes in other sections of the county this week.

News from the Country.

Newburg.

Well, school is done for this term and teachers and pupils are not sorry to have a six week vacation picnicing, strawberrying, fishing etc. Thursday, June 30 was an eventful day in our vicinity by an examination and flag raising in Dist. No 6, in the forenoon in Mrs F. L. Ryan's school, and an examination and flag raising in Miss Eva Gallagher's school in the afternoon. In Mrs Ryan's school the pupils were examined in the different grades and little prizes given to the one who reached the head of the class on the last question. The winner in grade I. was little Jennie Cummins, aged 5 years; in grade II., Marion Sparrow, aged 7 years, and in grade III., Leota Lawrence, aged 7 years. The prize for highest general standing for the term was won by Gertie C. McGuire, grade VI. After this a short program was recited by the pupils, then the flag floated to the top of the 38 foot pole, by Miss Alice Gallagher and James McGuire, amid cheers, and the singing of "The red, white and blue" followed by a treat of candy, nuts, cake and lemonade. Then school closed for the day after one o'clock and most of the party drove in to the Corner school, as we call it, where there was a large gathering of visitors who listened with great pleasure to the reciting and singing of Miss Gallagher's little pupils, which reflected great credit on teacher and pupils. The prize given for highest general standing for the term was won by little Johnnie Hourihan aged 7 years, grade IV., and Otis Culbert, grade II. Then school was dismissed and the flag floated upward in the gentle breeze to the summit of the 34 foot pole, by Miss Carrie E. McGuire and Johnnie L. Gallagher, and as the flag ascended in the air teacher and pupils sang "Land of the Maple." Then followed a treat of candy, nuts, cake, tea and coffee. These flags were procured by the teachers by means of pie sales held in the school houses some six weeks ago, and for which they deserve much credit as it required no small effort on their part, and shows a wake awake and up-to-date nature on the part of those living in these communities, and now the Canadian Ensign floats on our schools on appropriate days, notwithstanding the fact that are in remote parts of the county, and the children will learn to honor and love the flag of their country, the flag for which our forefathers fought so bravely, and which decided the question of Mastery between the French and English in Canada when it was floated from the citadel of Quebec, one hundred and forty five years ago. DOLLY.

Rockland.

July 4th, 1904.

Our schools closed on last Thursday. Several prizes were distributed by the teacher Miss Belyea, among which I am requested to report a very finely bound edition of Tennyson's poems to Hatfield, son of Mrs Herman Shaw, for general good standing during the term.

R. C. Agency will be closed until 15th inst. The proprietor is engaged in J. T. G. Carr's office until the return of his son Alfred, who is bookkeeper, from annual drill at Sussex.

The Primitive Baptists had an immense gathering at Hartland on Friday, Saturday and Sunday last. A large number of ministers were in attendance, and the meetings all

through the session were very interesting.

The improvements to be made on Dickinson Hill and Coldstream road were awarded to H. Noble by public competition on Saturday. The money appropriated ought to make the hills easier and safer in ascent and descent.

A. A. Belyea and father-in-law, Geo. Davis, returned from a fishing trip to the head waters of the Miramichi, where many sportsmen are spending weeks. They report coming in contact with moose, among them some very independent customers. Trout and salmon fishing were excellent.

Rev J. D. Wetmore was summoned to Glassville on Thursday to unite a happy pair in marriage.

Late showers prove a great benefit to the crops.

Reports from Glassville that a heavy hail storm visited that section on Saturday, breaking windows, damaging vegetables, crops and young trees.

We found on arrival at Hartland that Fred Stevens, editor of the late "Advertiser", was in the office engaged in doing job work. He constitutes the entire staff, and we bespeak for him the patronage his good work and ambition deserve.

Albert Orser Esq., has his card, Law Office, in the window of the room adjoining the bank.

Rev Joseph Noble, Holiness, son of the venerable Joseph Noble, F. B., who preached in the Reformed Baptist church, Hartland, on Sunday, is ill at Woodstock.

J. T. G. Carr, Hartland, spent Friday night and part of Saturday in Woodstock.

S. S. Miller, Hartland, spent Sunday in your town. Mrs Miller is visiting there.

The writer is domiciled at the Commercial Hotel, which house he has no hesitation in recommending to all transient who visit Hartland, while the Riverside also takes good care of its guests.

Rev Mr Ayer, Methodist, preached his farewell sermon to the Hartland congregation on Sunday evening.

Business is somewhat quiet, and no change of any account anticipated until after haying season closes. Eggs are scarce and worth 14 and 15 cents a dozen. Butter in tubs 15c a lb. Strawberries abundant at 10c a lb.

Rev Chas Shaw, Primitive Baptist, occupied the F. B. pulpit, Hartland, Sunday evening.

ADDON.

Kirkland.

July 4th, 1904.

The heat with occasional showers is causing rapid growth. The hay, grain and potato crops are looking well. Strawberries are said to be much more plentiful this year than last.

Mrs Alex McDougall has been ill for some time.

The Presbyterian church has met with a great loss in the death of Thomas Slater, Jr. He was superintendent of the Sabbath school at Eel River, president of the C. E. Society and chairman of the Board of Managers. He leaves a widow, two sons and three daughters, and a large circle of relatives and friends to mourn their loss.

On Saturday afternoon the 2nd inst., the mission band of Kirkland and Eel River held its monthly meeting in the Presbyterian church here.

Four Falls.

July 5th, 1904.

The insatiable greed of the office applicant in the upper part of the parish is proverbial. Representative Burgess has therefore had to succumb to the pressure and deprive this end of the parish of the revisor. Such an act on his part is a poor return for the support he got on Jas E. Porter's ticket in the last election.

The weather is favorable to all kinds of vegetation. Grain promises well from present indications.

The examination of the school in S. D. No 10, California, was held on the 30th ult. Quite a number were present, and the pupils acquitted themselves very creditably. The singing was particularly noticed, especially the time and expression. It is proposed to enlarge the school room, which is entirely inadequate for the attendance. Some fifty names were on the register this last term.

The fruit crop, if nothing happens, will be abundant, especially apples and wild fruits. The raspberry crop this year will be a material source of revenue to the picker's families.

The lumber for Mr Edwards' mill is on the ground and work will begin on the 11th inst.

Alaska cost the United States \$7,200,000. It is producing annually gold to the value of \$10,000,000.
