## SINNING AGAINST CHILDREN

THEODORE L. CUYLER, D. D.

One of the most needed, and one of the most useful of modern benevolent organizations, is the Society for the Prevention of Cruelty to Children. Its object is to protect the victims of parental brutalities, or of cruel neglect. Its sphere of action is chiefly among the degraded classes; but there is many a well-fed child in a well-furnished home that is suffering badly from bad management or parental ignorance or false views of parental duty. An immense number of fathers and mothers need to have the solemn caution which Reuben gave to his churlish brother, "Do not sin against the child."

There is no trust in this world more tremendous than the trust of parentage; and none which many persons seem to treat more lightly. Food, clothing, shelter, and schooling they provide, but they utterly ignore the fact that the Creator has intrusted to them the most susceptible and receptive creature on earth when he commits to their charge a young immortal. A parent stamps character and shapes destiny for this world—often for the next. In geological museums you may see some slabs which show the prints of birds' feet, or of leaves, which were made in the stone when it was once only a liquid pumice. In like manner we can detect the fingermarks and footprints of parental influence upon the character of children when grown to manhood and womanhood; and they are not very ornamental, either.

Children are imitative creatures; and we all know how tendencies to good or evil character spring from parental influence, and the chief element in moral heredity is the force of example. There is a monotonous uniformity in the history of certain Jewish kings. Each one of them "walked in the ways of his father who caused Israel to sin." That word "ways" is very significant. The father made the path and the son walked in it. Just as true is this now as in those olden times. The most difficult cases to reform in inebriate asylums are the victims of hereditary drunkenness. Often when I see a young man bringing disgrace on himself, I think, "That youth was as much sinned against as sinning." He is walking in the path in which his parents placed him. Thorn bushes never yield grapes, and figs do not grow from thistles. The word "iniquity" signifies something twisted; and the ugly twist is too often given by a father's or a mother's hand. The wrong which the child does is the natural sequence of the wrong done to him by an evil example. By and by comes the retribution, when the child once sinned against wrings the parental heart with agony. When you sin against your child you may be pretty sure that your sin will find you out."

What a piece of open soil to sow teachings in is a young mind! Words uttered by parents sprout. A sneer against the Bible spoken at the table or by the fireside lodges in a boy's memory and helps to make him skeptic. A great deal of foolish and caviling criticism of sermons, in which parents willfully or carelessly indulge when they come home from church, kills the influence of God's message. This may amount to a sin against the Holy Spirit who inspired the message, and who may be silently working on the mind of some child in that family. The question of how much actual good the best sermon may do is commonly settled on the day of its delivery. Parents often help to settle it. In most cases religious errors are hereditary. Dishonest practices also descend from father to son. Bad books in a parent's hand are very apt to be read by the younger members of the family; and when a father takes his son and daughter to the average theatre, the lad is in danger of having passion inflamed by the indecencies of the stage, and the daughter's purity is soiled by the lewd displays or the immoral innuendoes. It is bad enough to smutch your own soul. I entreat you, don't sin against your child!

It does not require that we be willfully cruel in order to sin against our children. The foolish petting and pampering of pride, and gratifying of every selfish whim may be as mischievous as harsh brutality. No worse sin can be committed against that son than to let him always have his own way. Pride will grow fast enough in that daughter's heart without your adding fuel to the flame with extravagant flatteries and silly adulation. It is a curious fact that praise bestowed on noble conduct has a sweetening and strengthening influence, but praise lavished on mere externals—like physical beauty or fine dress—is only apt to inflame selfishness.

Many a father studies his account books, and many a mother studies her magazines or her receipt books or her visiting lists more than they study the peculiarities of their own children. That boy is scolded into sullenness; that other one is ridiculed until he gets desperate; harsh treatment often hardens the heart, and then Pharisaism prays that God will soften it! There is a steady decline in the percentage of conversions reported in the annual statistics of several denominations. How much of this is to be attributed to a decline in home religion, God only knoweth. The family underlies both commonwealth and church. All the preaching power of the pulpit will avail but little as long as parents are sinning against their own children.

## A HINT TO MOTHERS.

If you have a child that is sickly, fretful, nervous, restless at night, or suffers from any stomach or bowel troubles of any sort, give it Baby's Own Tablets. Don't be afraid of this medicine—it is guaranteed to contain no opiate or harmful drug. Give the Tablets to the sick child and watch the quick relief and rapid restoration to health and strength. Thousands of mothers are using this medicine for their little ones, and they all praise it. What stronger evidence can you want? Mrs. D. A. McElmird, Sandringham, Ont., says: "Baby's Own Tablets certainly fill all the claim you make for them so far as my experience goes. I consider them a perfect medicine for children and always keep them in the house." You can get the Tablets from any dealer in medicine, or if you write The Dr. Williams Medicine Co., Brockville, Ont., they will send you a box by mail post paid for 25 cents.

## THE POULTRY MARKETS.

It would seem to be the part of wisdom for our poultry raisers to hatch all the chickens and turkeys possible this spring, as not only is there an excellent outlook for a local demand, but there are also inquiries from exporters.

Last year a small trade was started with South Africa in this line, and already inquiries are being made as to birds for that market. One dealer has told the writer that he wants 2,000 turkeys from New Brunswick in an October shipment, and that if the quality is right he will require many more. Chickens properly fattened and packed, and in considerable quantities will also be required.

Every possible effort should, therefore, be made to hatch as many birds as possible this Spring, if advantage is to be taken of the very evident demand that has opened up.

Gravel and Bladder Disease Cured by Dodd's Kidney Pills.

Toronto Bricklayer Relieved of those Terrible Troubles.—Medical Science Makes Another Move Forward.

Toronto, Ont., May 30 (Special).—Medical science has at length awakened to the fact that Gravel and other bladder troubles are caused by disordered kidneys and that the modern method of curing them is to cure the kidneys with Dodd's Kidney Pills. This does away with those terrible operations that in past years have been all too common.

The case of Wm. Thomas, bricklayer, 158 Mill street, this city, is one of the recent proofs of the efficiency of the treatment. Mr. Thomas says: "I had been troubled with Gravel and Bladder Disease for seven years. I had to go to the hospital and have water taken from me. I tried medicines of different kinds but they failed to remove the trouble. "Hearing of cures by them prompted me to try Dodd's Kidney Pills, and after taking them for a time I passed a stone the size of a large bean. Four boxes of Dodd's Kidney Pills made a complete cure in my case."

Toothache caused by a cold in the facial nerves may often be relieved by wringing a soft towel out of cold water and sprinkling it with strong vinegar. This should be laid on the face like a poultice, and will often be followed by a refreshing sleep.

## THE BEST LINIMENT.

"I have derived great benefit from the use of Chamberlain's Pain Balm for rheumatism and lumbago," says Mrs. Anna Hagelans, of "Luckahoe, N. J. "My husband used it for a sprained back and was also quickly relieved. In fact it is the best family liniment I have ever used. I would not think of being without it. I have recommended it to many and they always speak very highly of it and declare its merits are wonderful." For sale by all druggists.

There are very few cleansing operations in which Sunlight Soap cannot be used to advantage. It makes the home bright and clean.
