## CLOVERDALE FATALITY.

John Hill occupied a dwelling at Cloverdale, a few miles below Carleton Place, Carleton county. Some 13 years in the past, he married Ann Palmer, daughter of David Palmer of Hawkinsville. There were six children, all girls, born to them, one of whom died about six years ago. Mrs Hill died June 25th, A. D. 1900, leaving a little girl a few days old, which was adopted by Miss Amy Palmer, sister to Ann, deceased. The mother of John Hill had lived with him since his wife's death supplying to the extent of her ability the place of the dead. Mrs Hill is now nearly 78 years old. There were four young girls—Jane, 11 years old, June 26th; Wealthy, 9 years; Myrtle, 7 years; Edna Bannison, named by the writer, 6 years; and the baby Amy 4 years. All these but the youngest Amy were at the home and under the care of the grandmother, June 24th, '04. Mr Hill was at Hartland at mill labor. Miss Mary Palmer, another sister, was with the grandmother and the four girls named.

A kettle of coals and chips covered with soda for the purpose of smoking away mosquitoes; a thick grove of trees adjoined the house on one side; a new frame building joined the old house leaving a hallway between; a door opened into each part from the hall, also an outside door. The stair was in the new part and against the wall that formed one side of the hall. The upper sleeping rooms were approached by this stair. A good square room and two apartments for nightly occupation were below in this new part; resting below in the room with old Mrs Hill was one girl; with Jane and Mary upstairs were the other two.

Before retiring for the night Mrs Hill attempted to extinguish the fire in the kettle. There were about 4 gallons of kerosene oil in a vessel or can in the hall named. Somehow the fire caught the outer wall of the house and burned through to the oil causing an explosion that awakened and alarmed both the grandmother and Mary, who sprang up and went out to ascertain the cause, not knowing it was necessary to take the children out with them. After getting out themselves, the flames had spread so rapidly to the stairway that it was impossible to get to the children upstairs or even to go into the new part from the hall. The flames and fumes from the exploded oil and burning wood had filled the hall, burned through to the stairway and with heat and smoke were rushing up with the ascending air into the apartments above to smother, suffocate and strangle the poor slumbering children, unconscious of danger, till waking in the agony of a burning death—helpless, alone, left to the ravages of the cruel, all-devouring flames; only God and themselves knew the extreme anguish of that dying space of time, bereft of all earthly help, burning in despair.

Either the call of Mary or the sight of the fire attracted the attention of Mr Samuel Hill's family, as some of them came. A young man attempted to reach the chamber by placing a board against the window; when nearly reaching the desired entrance the board gave way and a second effort had to be made and was successful as far as finding the body of Jane, which was partly fallen into a closet. The man stumbled on her feet; he immediately caught her up and handing her out of the window and down to friendly hands below—a portion of the cooked flesh below the elbow gave way. She was lain upon the grass in an unconscious, motionless and apparently dead condition. Shortly afterward the young man placed her carefully over his shoulder and made speed to take her to his father's house, perhaps 80 rods or more away. A sudden motion or jolt expanded her lungs, admitting the fresh cool air and allowing the choking gases and fumes to escape, so that she recovered consciousness and quiet respiration. We are informed that the physician expects her recovery.

Amid the heart breaking grief of the would-be deliverers and the consuming element, the other three were abandoned to be not only burned to death but likely devoured and consumed so that only a small quantity of the bones and some teeth were found amongst the remaining ashes of the consumed building and its entire contents.

I do most sincerely sympathize with the bereaved, not only as a common acquaintance, but as having on every occasion of being at Cloverdale but one made a resting place at Mr Hill's house. I attended Mrs Ann Hill's funeral and of the first child they lost, and named the fourth living daughter after my own child Edna, and intended according to my means to care for her. It was a pleasure to me to gratify her with some article not because of need but because she shared part of the affection I had for my own daughter. Having lost my only sister by the same grief inspiring means I could fully understand the crushing sorrow that came to the experience of

the bereaved kindred. No circumstance of death since the burning of my own sister was so appalling as this recent awe inspiring calamity.

Brother and Elder D. E. Brooks performed the funeral rites over the slight remains. I felt almost like being absent from the funeral of my own relatives.

My prayer is for the consolation of those that feel soul-stricken that they sorrow not as others that have no hope for the dead in Jesus will God bring with him. It is my consolation that these three were not of age to be responsible to the law of regeneration. Whatever preparation they needed, in their extremity, would be applied by the interposition of the Lamb of God that taketh away the sins of the world. As a nurse applied ablution at their birth so would the cleansing Spirit, Christ's agent, apply all needful purification to their departing souls. Rest, dear children, till I shall meet you all with mine, in that sacred communion and fellowship of saints, when Christ makes up His jewels, and gives back "Beauty for ashes—the garment of praise for the spirit of heaviness." "Thy dead \* \* \* shall live together, my dead body shall rise. Awake and sing ye that dwell in dust \* \* \* and the earth shall cast out the dead. Bright will the moon of eternity dawn death shall be vanquished, its sceptre be gone. On the cold cheek of death smiles and roses are blended and beauty immortal awakes from the tomb."

## LIKE A MIRACLE.

The Wonderful Recovery of a Nipissing Man.

Stricken with Partial Paralysis He was Unable to Use Either Right Arm or Right Leg.

Mr John Craig, a well known farmer living near Kells, Nipissing district, Ont., is another of the many paralytics who owes his present good health and ability to go about—if not life itself—to the use of Dr Williams' Pink Pills. Mr Craig gives his experience as follows:—"But for the blessing of God and the use of Dr Williams' Pink Pills, I do not believe that I would be alive to-day. I was stricken with that terrible affliction, partial paralysis, and I had absolutely no power in my right arm or leg. I was not able to sit up—in fact I tried to do so I would fall over. I had to be lifted like a child, and my family and friends believed death was very near. The doctor told me that he could do nothing for me, and that I was liable at any moment to have a second stroke which would carry me off. I was in this deplorable condition when I was advised to use Dr Williams' Pink Pills. I sent for three boxes and before they were all used I could move the fingers on my hand which had hitherto been absolutely numb and powerless. You can readily imagine my joy at this convincing proof that the pills were helping me. From this on I kept getting stronger and the control of my paralyzed limbs gradually came back until I was again able to walk about and eventually to work. To my neighbors my cure seems like a miracle, as not one of them ever expected to see me out of bed again. I gladly give permission to publish the story of my cure with the wish that it may bring life and hope and activity to some other sufferer."

The cure of Mr Craig gives additional evidence that Dr Williams' Pink Pills are not an ordinary medicine, and that their power to cure in all troubles of the blood or nerves places them beyond all other medicines. You can get these pills from any medicine dealer or direct by mail at 50c a box or six boxes for \$2.50, by writing the Dr Williams' Pink Pills Co., Brockville, Ont. See that the full name, "Dr Williams' Pink Pills for Pale People" is printed on the wrapper around every box.

Kerosene or gasoline blazes can readily be extinguished by the milk which is convenient in almost every kitchen. While water only quickens the flame of petroleum or gasoline, milk immediately extinguishes it and prevents all danger.

## IS YOUR BACK LAME?

You are Doubtless Suffering from Diseased Kidneys—Surest Cure is FERROZONE.

Unless you want to be stricken with incurable Bright's Disease, don't let your kidneys go without attention. Ferrozone is a special remedy for this trouble, and never fails to give prompt relief and bring about a perfect cure.

Mr Gordon J. Macfarlane of Bradford was cured by Ferrozone, after being treated unsuccessfully by three doctors for kidney complaint. "My kidneys were in a very bad shape," he writes, "and I had dreadful pains in the back and sides, and was never free from a dull, heavy feeling, that made life miserable. I spent a lot of money on local doctors, but was not benefited to any extent. Then I tried Ferrozone; one box helped me so much that I got six more, and before they were used I was quite well. I never used anything giving such prompt and lasting relief as Ferrozone. It beats all other kidney cures."

People suffering from kidney disorders quickly lose strength and often die young. Therefore it is important to get Ferrozone at once, and be released from every symptom of this baneful disease. Price 50c a box or six boxes for \$2.50, at all druggists or by mail from the Ferrozone Company, Kingston, Ont.
