WOODSTOCK, N. B., FRIDAY, JUNE 10, 1904.

WHOLE No. 2994

## Fisherman's Luck. ::

Much of the luck of most anglers depends upon having the proper tackle to meet conditions as they find them.

We have a great many things in our stock of Anglers' Goods that help to turn failure into success. We carry everything that you will ever need to insure bringing back a good catch, if there are fish to be had. If you want sport you need these things—they make fishing "worth while".

**OUR PRICES ARE ALWAYS REASONABLE.**

**RODS**—Greenheart and Lancewood  
Rods—25c. to \$7.00.

**REELS**—A variety of all weights and materials—from 15c to \$2.50

Hooks, Flies, Leaders, Sinkers, Bobbers, and everything the most critical angler could desire.

## GARDEN BROS.

DRUGGISTS,

Main Street, Opposite Queen,  
Woodstock, N. B.

### BOARD OF TRADE.

On Friday evening of last week the annual meeting of the Board of Trade was held in the town council chamber. The report of the secretary showed the board to be in good financial standing. The address of the retiring president, Mr. H. Paxton Baird, was a careful review of the year's work. He took occasion to point out the many advantages accruing to the town on account of the actions of the board, and also gave a brief report of the Chamber of Commerce gathering in Montreal last summer.

The resolution passed by the Halifax board, calling for equal rights to both express companies on the I. C. R., was endorsed unanimously.

The election of officers passed off harmoniously. President Baird was nominated for a second term, but declined the honor. R. E. Holyoke was made president, I. E. Sheasgreen, vice-president, and T. C. L. Ketchum, secretary. Messrs W. Fisher, A. Wilnot Hay, Wm. Balmain, T. V. Mohohan, and H. P. Baird were elected member of the council.

A show, said to be the Bros Royer, but doubted by many to be genuine, struck these diggings on Monday. A fair house greeted the artists, but came away not terribly pleased with the ability of the company. Early next day the manager hit the trail for a more promising field of action, leaving his company at the mercy of a cruel world. They got out on Tuesday evening.

### JUNE WEDDINGS.

CRAIG-DELONG.

Mr. Hanford Craig and Miss Ethel DeLong were married on Wednesday afternoon, June 1st. The ceremony was performed at the Rectory, Centreville, by the Rector Rev. E. W. Simonson. Mr. Craig is an industrious and successful farmer of Bath, Carleton Co., and his bride one of Carleton's fairest, and their many friends unite in wishing them a long life of happiness. Mr. and Mrs. Craig will reside at Bath.

CARR-AITON.

An interesting event took place on Wednesday at Hartland, the contracting parties being Alfred C. Carr and Miss Bessie Aiton. The ceremony was performed by Rev. Harry C. Rice, who came from Sunny Brae on purpose for the occasion. Numerous costly and beautiful gifts were received. After the ceremony the newly married couple took the express for a tour of the Maritime provinces.

### A Woodstock Author.

It may not be generally known that this town contains some excellent story writers. Such is the case, however, and in this issue we give the first instalment of a rather interesting article from the pen of Mr. John McCormac. We are sure our readers will eagerly await the conclusion of the tale, which will appear next week. Mr. McCormac's numerous friends will no doubt welcome further articles in his ready and graceful style.

### TOWN COUNCIL.

The regular monthly meeting of the city fathers on Monday evening was presided over by Mayor Lindsay, a full board being present.

The mayor read a letter from the Union Canadian Municipalities Association, asking the town to become a member of the Union. The membership fee was \$10.

In answer to Coun. Dibblee, the mayor said the Association wished all towns to be united on a common platform in defence of municipal rights and to prevent any legislation passing the dominion or provincial governments infringing on these rights.

On motion Coun. Dibblee, seconded Coun. Gallagher, the mayor was authorized to acknowledge the receipt of letter and ask for further information.

A petition and affidavit were read from G. W. Vanwart stating that he was born in 1832, that he was sixty years of age in 1892, that from the latter date until 1904 he had paid the school tax although exempted from doing so, and he wished to be refunded the amount paid. Referred to finance committee.

The mayor said that Fred Pond of Gibson was in town; he was one of a committee appointed to buy a steam fire engine for the village, and wished to purchase the town's Amoskeag engine, which was bought in 1872 for \$4200.

Coun. Gallagher, chairman of the fire committee, did not think it was safe to dispose of the engine, for the sale would necessitate the purchasing of a new one, as it was necessary to have an engine in town in case of accident to the water works.

Coun. Dibblee said the engine was kept in reserve in case of accident and was proved to be necessary on a couple of occasions recently. The engine was old and probably needed a new boiler, but it was better to keep it than sell it at present.

Supt. Munro was heard before the board. He said as an official and ratepayer he would not advise selling the engine, unless the pumps in the water works were duplicated, and that could not be done this year. The engine was absolutely necessary. It was a better engine than those now manufactured. The boiler had not refused to do its duty as yet, but it was only a question of a short time before it would; a new boiler would cost about \$1200.

The board unanimously decided not to dispose of the engine at present.

Treasurer Bourne reported that up to the first of June there was a credit bank balance of \$5975.98, to which should be added \$300 collected by Marshal Kelly during May which amount has not been placed in the bank at present time. Report referred to finance committee.

The mayor reported that since last meeting a seizure of goods for taxes had been made on the woolen mill, that injunctions had been served on himself and the marshal forbidding the sale, that the case would be tried in Fredericton on Tuesday and that J. C. Hartley and D. McLeod Vince would look after the interests of the town.

Murray Saunders, George King and Robert White were appointed pound keepers, and their barns constituted legal pounds.

C. F. Rogers was heard before the board asking for a reduction of his taxes on the ground that his property owing to its situation received no benefit from the town. Referred to finance committee.

On motion Coun. Dibblee, seconded Coun. Gallagher, Supt. Munro was authorized to purchase the necessary supplies for laying water pipe on Charles street and the Houlton road.

On motion the clerk will be asked his opinion as to the enforcement of the by-law dealing with taxes on dogs.

On motion the \$300 assessed as a grant to the Carleton County Hospital was ordered paid.

On motion the lowest tender, that of Fewer Bros., was accepted for installing a closet in the rooms of the fire department.

Coun. Fisher reported that the extension of the sewer on Richmond and Queen streets cost \$46.53.

On motion Coun. Fisher, seconded Coun. Gallagher, the sewer committee was authorized to extend the sewer on Richmond street, the cost not to exceed \$325.

Mayor Lindsay pointed out that in March last the board ordered the clerk and superintendent to prepare a contract with the engineer of the pumping station and for six weeks they failed to perform their duty. The officials should be sharply rebuked by the board for their negligence.

In reply to a question by Coun

Dibblee, Supt. Munro said he had received no notice from the clerk of the action of the board, at a meeting in April, instructing him to stop the water from all water takers in arrears up to May.

The original motion, passed in April, was changed by inserting the month of August, in place of May. Couns. Burt and Gallagher voted nay.

Coun. Jones advocated strong efforts for the collection of sewer rates overdue.

On motion Coun. Dibblee, seconded Coun. Jones, leave of absence was granted to George Phillips to visit his old home in England until August 1st, provided a competent engineer is placed in the pumping station, satisfactory to the water committee and superintendent.

An effort was made by Coun. Burt to vote \$25 for a flag, but the chairman of the finance committee, Coun. Stevens, opposed it, not because he was not as anxious to have a flag thrown to the breeze as was Coun. Burt, but because this year was to be one of economy, and there was no appropriation for the purpose. The motion was not seconded.

Coun. Dibblee said he was told that the Creamery Company was competing with the local merchants for the butter trade, and he wished to know if the company was exempt from taxes.

On motion Coun. Dibblee, seconded Coun. Gallagher, the clerk will be asked if the Creamery Co. is exempt from taxes and, if so, what are the terms of exemption.

Adjourned until Friday evening.

### The Press and Its Pets.

Our contemporary accuses us of being unfair to the council of last year. The Press bases its argument upon an item that appeared in our last issue to the effect that whereas the town was in debt two thousand dollars at the bank in August last, there is now a surplus of over two thousand. This plain statement was made without comment of any kind. The information came from a conservative member of the board, who is not greatly loved by the coterie that control the Press, and we presume the figures are approximately correct. We cannot possibly conceive how this can be taken as a slur upon the old board, unless the truth hits too hard. As for the bond issue made mention of by the Press, we would like to have our contemporary tell the public what made it necessary to float the debentures. Was it any expenditure of the present council? Any one who takes any interest in the town finances knows that the big deficit left by the old council made it necessary to issue the debentures. We have never been unfair towards any member of this or last year's board. Any statement we have made has been absolutely correct and we have always shown a willingness to prove the truth of what we print. We were of the opinion that the Press had been the means of giving the old council enough publicity. If it really wishes to re-open the deeds of the old board, let it say the word. The Press graciously admits that the present board does "very good work." Wait until the end of the year. Then there will be a chance for comparison. We are not posing as the champion of the present council, for we think they are very well capable of taking care of themselves. The Press has great nerve to mention town politics after the manner in which it so unsuccessfully tried to fool the people last January. Let us hope that when the new management assume control of our neighbor there will be more fairness in its warfare.

### "Some Old Folks at Home."

As an evidence of the widespread interest taken in the coming of Mark Guy Pearse, we might mention the fact that three requests for the subject of his address, from different sections of the county have reached us in the past week. We are able to announce that he will give his world famous lecture, "Some Old Folks at Home," in Graham's Opera House on Wednesday evening, 22nd inst. All who wish to embrace this chance of a lifetime should not forget the time and place.

Maude Glen, the handsome three year old mare, formerly owned here by Harry Saunders, is now the property of Odor White of Fredericton, who purchased her last week at a big figure. This promising youngster is by Red Glen. Her dam is owned by T. J. Boyer of the Victoria Hotel. As Mr. White has captured a half sister to the famous Lady, Gertie and Doctor Glen, he should be able to keep well to the front.

### JOTTINGS.

All kinds of vegetable and flower and garden seeds at C.M. Sherwood's. Rev. Mr. Stebbings preached at the morning service in the Methodist church last Sunday.

Miss Alice McKinley who has been for some time in Bangor is visiting her friends in Woodstock.

Miss Wiggins will lecture in the Free Baptist church this (Friday) evening at 8 o'clock. Silver collection.

For a club of only five subscribers at our regular rates we will give any smart boy a watch warranted to keep good time for a year.

John Thibbadeau, jr., was injured quite badly by getting his fingers caught in the cogs of an ice cream freezer on Saturday last.

A ball game was played in Houlton last Saturday between a team from Woodstock and a Houlton team. The former were defeated by a score of 11 to 10.

Particulars of a valuable offer will be found in this issue. Those who wish to receive a weekly visit from the oldest provincial paper now in existence will do well to carefully consider our proposition.

Early Tuesday morning the old foundry owned by Dunbar & Sons was almost totally destroyed by fire. Since their new foundry was built the old one has been used as a moulding shop. Most of the firm's patterns were lost. The insurance was light.

E. K. Connell and Mark C. Gillin will take the examinations for attorney at law in November. E. Raban Vince will undergo the test for admission as a law student. E. B. Ross and John Barnett will also take the students' examination.

The High School Entrance examinations begin throughout the province on Monday, June 20th. Interest is intense this year on account of the competition for the handsome silver medal to be awarded in each county by His Honor Governor Snowball. The closing exercises will be held in Graham's Opera House on Friday evening, 24th June. So far there have been no appointments to the staff to fill the vacancies caused by the resignation of Mrs. Cupples and Mr. Logie.

In referring to the partnership recently formed between J. R. Murphy, K. C., of this town, and A. C. Calder, LL. B., of Saint Andrews, whose card appears in this issue of the SENTINEL, the Saint Croix Courier of Saint Stephen, in its issue of June 2, says: "Mr. Calder is son of Coun James A. Calder, of Campbellville, and has been in the office of Judge Cockburn at Saint Andrews for some time. He is one of Charlotte county's bright young men and is bound to succeed in his chosen profession."

There will be a missionary conference held in the Second Adventist church, Saturday and Sunday, 11th and 12th inst. The convention will be under the direction of Rev. A. C. Johnson of Boston, Mass., secretary of the American Adventist Mission Society. Mr. Johnson will be accompanied by Miss Bertha Cassidy of Westbrook, Me., who is soon to go to China as missionary. Miss Cassidy has spent many years of her girlhood days in China and can acquaint the people with many things concerning that land of the Orient. Saturday evening will begin the convention at 8 o'clock. Sunday services at 10 a. m., 3 and 7 p. m. All invited to these services.

In many parts of Australia the cultivation of cotton can be made a very large and profitable industry, and a movement in this direction has begun.

A chance for smart boys. Any boy sending us a club of five yearly subscribers to this paper at One Dollar per year will receive free by return post a good watch, guaranteed to keep time for one year.

### An Evil Perpetuated.

The act of incorporation expressly stipulates that any person making a contract with, or receiving pecuniary benefit from the town, is not eligible to sit at the town council. We know this clause has been persistently violated in the past. This year the council is supposed to be in favor of reform. His worship the mayor is known to be opposed to the sale of goods to the town by members of the board. He has in his hands the cure for the evil. Let him refuse to sign checks in favor of any member of the board. The responsibility for the evil clearly settled upon the chief magistrate.

When you want Job Printing of any kind, call at the SENTINEL office.

### News from the Country.

Rockland.

Occasional showers, high wind, some thunder and lightning. Commercial travellers of late in abundance.

Trout fishing indulged in, some large catches.

A large number of young people from Hartland visited Baptist parsonage one evening last week.

Charles Wright will sell his farm of 200 acres or parts thereof, Main stream.

Men for bark peeling in demand; some are going to Island Falls, Me., and its vicinity; 7000 cords there in one lot.

Mrs. Joel Ellis is having protracted illness.

The Adams house and lot reported to have changed ownership.

Ziba Orser, livery man, and Albert Orser, J. P. of Hartland, in Rockland and Carlisle one day last week, and G. R. Burt, Esq., on Saturday.

Vegetable and flower gardens are receiving more attention than in ordinary years; grass is away up and large crops may be looked for.

Potato bugs coming sure this year. Rockland Agency has a stock of paris green waiting for them, also fly paper sure to kill.

Main stream school, near Man-grams, will be vacated by present teacher at close of term, who is going west; a good second class female teacher wanted for next term. New school house, good locality.

Sheep shearing nearly completed, and wool passing through daily to market. Buyers are engaging lambs.

Rockland teacher, Miss Belyea, will not teach next term; rumor says she will study for medical profession.

Four of Hartland's fairest young ladies paid Rockland Commission Agency a friendly call a few evenings since; much appreciated.

Mrs. Fred Boyer will spend part of the summer season with her mother Mrs. Samuel M. Nevers at Rockland.

The notice on Rockland covered bridge: "Five dollars fine for faster travel than a walk," is almost entirely disregarded.

Mail for Coldstream from Hartland and Peel, alternate days, coming in of late on time; trains are doing better.

Still sufficient water to supply the Coldstream mill, whose saws are kept in motion during all reasonable hours.

We hear with regret of the burning of Shaw's mill, Hartland.

Will not some one come and build a roller process grist mill at Rockland, which could not fail to prove an excellent investment.

Carleton County North L. O. L. holds its next session on the 14th June with the lodge at Windsor. Scarlet chapter in the evening.

Patronize the R. C. Agency and get values.

Representative Jones visited our village on Thursday last in company with his brother Thane and Coun Bradley of Hartland; the writer was much pleased with an interview.

Sheriff Hayward spent Friday and Saturday last here and in vicinity; did some angling as well as business—at home with the rod.

A number of young men from the River St. John drive passed through here a few days ago to their homes.

Dr. Colter, P. O. Inspector, and Frank Carvell, Esq., were in our village on Friday last.

Baptist sewing circle met at John Sewell's on Friday last.

Many flavored syrups, 12, 15 and 25c bottles, soda and sugar biscuit, at R. C. Agency.

Heavy rain here yesterday, Sunday.

Wedding bells will ring in Hartland before this is in print. Congratulations extended. ADDON.

Newburg.

Farming is nearly done now; grass looks fine, and vegetation in general looks luxuriant.

The new steel roller, owned by Messrs. Hugh Johnston, Frank L. Ryan, and Allen McGuire, is the right thing to level the fields of grain. The old wooden roller isn't in it so they say.

The pie sale in Eva Gallagher's school, Central Newburg, passed off successfully on June 3rd. Proceeds \$15.90, to purchase a Canadian flag for their school; thus there will be two flag raisings in this section at school closing.

We are sorry to hear that Mrs. Jas. Brown and two children intend moving to Millinocket, where her husband is working. She will be much missed from our community.

DOLLY.

Last year 28,863,983 sheep were raised in New South Wales, as against 28,648,424 in the preceding year.
