Beyond All Description

Was the experience Mrs. E. V. Carter of Danville had with rheumatism which resisted everything till Nerviline was tried, and it cured. "The only relief I ever got was from rubbing on Nerviline" writes Mrs. Carter. "It penetrated to the very core of the pain and eased my suffering after a few applications. I have used many rheumatic remedies but none had the soothing, pain subduing power of Nerviline which I recommend highly." Try Nerviline yourself. Good for internal use and excellent to rub on. Price 25c.

A NOBLE EXAMPLE.

Elisha Kent Kane, the candidate for auditor general on the Pennsylvania Prohibition state ticket, and a merchant of prominence and wide influence, has set an example well worthy of imitation by other merchants.

He has excluded the sale of tobacco in all its varied forms from his numerous general stores throughout the state, he has spoken loudly and in a practical way, for the abolition of the tobacco traffic, an evil only second and a twin brother to the liquor traffic. Would that we had more men like Elisha Kent Kane. In an open letter to the W. C. T. U., he says, "I stop selling tobacco because I am unwilling to take people's honestly earned money, and give them worse than nothing in exchange for it. I have seen bare floors where the man of the house smoked away the price of a carpet twice a year. I have seen cotton clothes worn in winter by children whose fathers wasted on tobacco the price of warm woollens. A man is a poor companion for either sweetheart or wife if in her presence he plugs up his mouth with a quid or a cigar and dulle his brain with nicotine."

A METHODIST TEMPERANCE SOCIETY.

A movement is now on foot to organize a temperance society in connection with the Methodist Episcopal Church. The officers and board of managers to be appointed by the General Conference. Mr Ames of Williamsport, Pa., prominent in temperance work, is earnestly at work laying the foundation for such a movement. The plan as outlined by him is eminently reasonable and practical.

Total Abstinence Imperative.

Western railroads are insisting upon total abstinence among employees. If all of the large corporations are going to keep their employees out of saloons on or off duty thousands of rum shops will have to close.

The officials of the Rock Island road hope in this way to reduce the percentage of disasters and to secure a higher standard of efficiency. The use of whiskey on the Northwestern is the cause for immediate discharge. The Northern Pacific is very strict, while the Milwaukee delights to have prohibitionists in its employ. The Wabash has recently fallen into line. Men who drink even while not at work are not wanted.

A recent Peru, Ind., dispatch says that the temperance rule is being rigidly enforced on the Wabash lines. Superintendent S E Cotter and Trainmaster S Wells, at that point have thrown a bomb into the ranks of the engineers and trainmen on the eastern division of the system by discharging one of the most fearless and swiftest running engineers on the line for disobeying the rule of the company pertaining to the use of intoxicants. It is said that the one dismissed was a frequenter of saloons. Fifty or more other men have been summoned before the officials and there is much anxiety among the men, many of whom know that the officials are aware of their wrong doing.

The Wabash company has been striving for years to keep its employees away from the saloons but the determination among the officials here never was so earnest as at present, and it is likely that quite a number of men will be discharged within the next few days.

The engineer, with a bottle in his blouse and turmoil in his brain, is not trusted with the safety of a train. He is recognized as unfit for responsibility.

Public opinion backs up this decision. Men and women and children will not trust their lives to a drunken man at the throttle. It would be next to suicide.

Yet, how many a man, engineer of his own life, as each of us is, thinks that it matters nothing to him or his destiny that he drinks. Many a man deliberately puts a drunkard in charge of his own fortunes and never dreams of danger.

The life whose inspiration comes out of a bottle is never expected to be a success.

The constitutionality of the Sunday closing law passed by the Minnesota legislature of 1903 was upheld in a decision made on Sept 19 by Judge Hine of the St Paul Municipal Court. The case under consideration will be carried to the Supreme Court.

ONE THING DONE WELL.

THE TRUE SECRET OF A REMARKABLE SUCCESS.

Dr Williams' Pink Pills for Pale People do only one thing—but they do that one thing well. That is the secret of their success. They actually make new blood—just that and no more. But good blood is the best cure—the only cure—for most diseases. Most diseases are caused by bad blood. Anemia, paleness, pimples, eczema, indigestion, biliousness, kidney trouble, backache, sideaches, neuralgia, nervous troubles, rheumatism and the special secret ailments of growing girls and women—these are different diseases but they are all due to bad blood. Ignorant people sometimes laugh at the idea that one little medicine can cure all the different diseases, but they forget that they were all caused by one little trouble—bad blood. The foolish people are those who take a different medicine for every symptom without thinking of the one cause at the root of them all. Dr Williams' Pink Pills strike at the root, bad blood and nothing else. They fill the veins with new, strong, rich red blood, which races to every corner of the body, toning the nerves and bracing each organ to throw off weakness and disease. In a brief way here is some strong proof confirming the above statements:—

John Craig, Kells, Ont., says: "I was paralyzed and had no power over my right arm or leg. I had to be lifted like a child. Dr Williams' Pink Pills have cured me and to my neighbors the cure seems like a miracle."

Miss Blanche Durand, St Edmond, Que., says: "The doctor told me I was in consumption. I had alternate chills and fever, and severe cough, and was daily growing weaker. Then I began the use of Dr Williams' Pink Pills and my health and strength have fully returned."

Mrs John McKerr, Chickney, N. W. T., says: "For some years I was a great sufferer from the ailments that make the lives of so many women miserable. I never got anything to relieve me until I began using Dr Williams' Pink Pills and they have made me feel like a new person."

Mrs Albert Luddington, St Mary's River, N. S., says: "I was a cripple from rheumatism until I began using Dr Williams' Pink Pills. Now the aches and pains have left me and I am as well as ever."

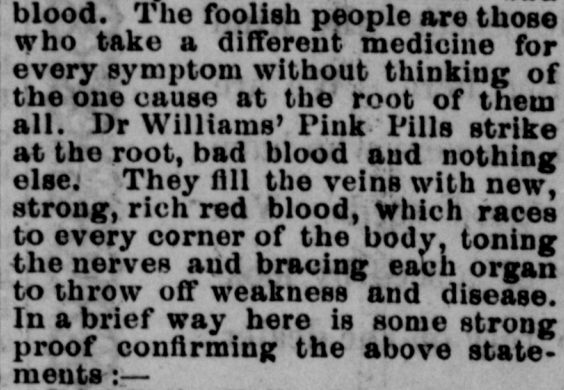

Mr M Cook, Lamerton, N. W. T., says: "Dr Williams' Pink Pills cured me of a severe attack of erysipelas."

Mr William Holland, Sarnia, Ont., says: "I suffered for two years from kidney trouble. I tried many medicines but got nothing to help me until I took Dr Williams' Pink Pills, and after using them about a month every bit of the trouble was gone."

What Dr Williams' Pink Pills have done for these people—and for thousands of others—they will do for you, if you will give them a reasonable trial. Sold by medicine dealers everywhere or by mail from the Dr Williams' Medicine Co., Brockville, Ont., at 50 cents a box or six boxes for \$2.50.
