

## ADVICE TO MOTHER.

"Keep your little ones stomach and bowels right, and they will be healthy, happy and grow well." This is the deliberate opinion of a physician of world wide reputation. One mother who followed this advice—Mrs Albert Boisvert, St. Claude, Que., proves the truth of it. She says:—"I have the greatest faith in Baby's Own Tablets for young children, and I always keep them in the house. Both my little ones were troubled with constipation and sour stomach. I gave them the Tablets and they are now perfectly well. Once in a while I still give them a dose to prevent the trouble coming back." If all sensible mothers follow this advice there will be fewer cross, peevish, sickly babies in the land. There Tablets are guaranteed to contain no opiate or harmful drug. Sold by medicine dealers everywhere, or sent by mail at 25 cents a box by writing The Dr. Williams Medicine Co., Brockville, Ont.

## News from the Country.

## Central Northampton.

Correspondents and news alike in this section seem to be scarce, and we would like to see our community awake from its slumber and resume its social activity of years ago.

Clara Kidney is home again after spending a few weeks with Mrs N S Dow of Woodstock.

Zilla Stone spent Sunday in this place with her friend Annie Dibblee. Mrs Charles Brackett of Farmington, Me, is visiting her parents Mr and Mrs Miller.

Isabine McDonald of Lancaster, N H, is home on a vacation.

Our local wood sawers, Bulmer & Moores, are doing a rushing business being unable to attend to all demands for their services.

A most pleasant and enjoyable event was the candy party and musical entertainment on Saturday afternoon at 'Connell's falls,' where about fifty young people assembled to enjoy the beautiful, picturesque scenery of the Niagara of Northampton and to listen to eloquent addresses from local orators, songs and music, from fair ladies and birds alike, filled the air, till the sun had settled in the west when all were liberally treated to maple candy by Capt J J Bull and Harry Rogers, to whom much credit is due for the success of so pleasant an outing.

C W Connell will erect a hand-

some new residence this summer which will greatly add to the appearance of his farm.

Annie Dibblee is attending the Woodstock grammar school.

Our school is progressing finely under the able tuition of Hattie Shea of Grafton.

Although the Dominion election as yet seems only as a distant speck on the horizon, it is the opinion of many that the candidate nominated by the late liberal convention, should be elected, unopposed, regardless of party. No more fitting or worthy representative could be found in either political party than Mr Carvell to represent the County of Carleton in the House of Commons, and your correspondent, although a life long conservative, is of the opinion that the liberal candidate should be our next M. P.

## Bath.

The young men are preparing for driving. John Kinney and Alex Hall have been here hiring men for the head waters of the Tobique.

Bath is booming in building this spring. Two new buildings are being put up now and there are five more to go up this summer—this is a hustling town.

A large crowd went down to hear the big trial last week.

Zekiel Secord has sold out to the Crain Bros. Roger McElroy has sold his valuable farm to John Kinney, a well-known lumberman and farmer of Holmsville. John is a hustler.

Some of the young men of these parts are selling out and going to Manitoba. If they only knew when they are well to do, they will stay home, for there is no place like good old Carleton county.

There is rumor in the air that we are to have a paper published here. Frank Smith, one of our popular young men, has gone to fill a good position with the Tobique Lumber Company.

We are glad to see that Charles E Gallagher is getting smart again.

KRUGER.

## Newburg.

We are having fine weather—will soon be sowing the seed and planting.

Glad to see Joseph Sparrow, who was in town eight days under the

care of Dr Prescott, at home again. Rosie Burke is sick in Bangor with typhoid fever.

Peter Ryan remains quite low with fever.

Louis McGuire is attending the college school in town.

Hugh Johnson and son and John J McGuire have gone on the drive for J J Hale.

John and Jas McGuire have been around sawing wood and did fine work.

ONLY ME.

## Upper Kent.

Good day people; we feel summer stalking towards us and are glad.

There are still a few spots of snow on the roads but they are getting scarce.

Rafts are beginning to run already. J Curtis has been loading bark here for a few days, also Dickinson.

Ernest Hillman has returned home from Mars Hill, Maine.

The Bloodworth boys are hauling wood to the siding preparatory to loading it on car for Bath.

Sugar making is about over. Reuben Bloodworth took a flying trip to Bath, April 29th.

Michael Crain is putting up a new house.

GLARE.

## Rockland.

The Beckaguimac drives are coming in fast; excellent water and willing hands forward the work. Coldstream drive of 250,000 spft. feet sacked into Main stream on Friday last.

The entire cut on Beckaguimac waters is estimated at five millions which with a million in the stream hung up from last year will keep the Sawyer mill, at the mouth of stream, supplied with stock until fall.

Excellent system in management of said mill. No lumber wasted of the 600 logs sawed daily; orders of many kinds are filled, as also deal for shipment, and the best laths neatly prepared for the American market. Mr Sawyer is a practical man and fully understands his business; he has excellent assistance in Mr Campbell who has charge in Mr Sawyer's absence, which is about all the time, as he visits once a week, up one day and down the next; his home is in Calais, Me., and he has a wharf on which to handle lumber at St Stephen. The mill employs forty men on an average during the season—a good smart mill.

## Itching Skin

Distress by day and night—

That's the complaint of those who are so unfortunate as to be afflicted with Eczema or Salt Rheum—and outward applications do not cure. They can't.

The source of the trouble is in the blood—make that pure and this scaling, burning, itching skin disease will disappear.

"I was taken with an itching on my arms which proved very disagreeable. I concluded it was salt rheum and bought a bottle of Hood's Sarsaparilla. In two days after I began taking it I felt better and it was not long before I was cured. Have never had any skin disease since." MRS. IDA E. WARD, Cove Point, Md.

**Hood's Sarsaparilla** rides the blood of all impurities and cures all eruptions.

The trial of the unfortunate Gee caused many curious ones to attend court; the verdict is regarded as righteous and the penalty in accordance with the law of the land.

Wellington Craig has taken a third wife, this time Miss Mary Lunn. Her farm and residence is in Windsor. Many congratulations tendered the happy couple.

Business quiet, place abandoned, about every person who can use a peevy is away driving.

Handford Belyea, after selling his farm to Coley Craig, left for New Westminster, B. C., where he has a brother and children.

Farming backward; the plow has started in a very few places.

Ersel Belyea and family arrived here last week from New Bedford, Mass., where he for some years held a lucrative position in a cotton mill; the overstocked market and high price of wool has caused a depression in cotton manufacturing industries.

The seven Carleton county boys, who are located in Denver, Col., are doing well and some of them it is understood have made that beautiful and fine climatic city their permanent adopted home; four of the number belong to Rockland.

Rockland Com. Agency has a good variety of staple and fancy goods, fruit, etc.; a few Teachers' Bibles cheap.

ADDON.

## Greenville.

Alfred Merrithew is one of the shrewdest men we have at Greenville. He is very ingenious; he has

made a land roller; it is well done and answers the same purpose as would a roller costing from \$20 to \$40. It is well painted. If our farmers would take more pains in painting farming utensils it would be better. One set of harness well oiled is better than 3 sets that never see oil.

Mr and Mrs Arthur Kennedy started for California the 29th of April. We wish them a pleasant voyage to the end of their journey, and that success may attend them while there.

We are pleased to congratulate Mr and Mrs Alfred Merrithew on the arrival of a son, the 26th of April.

Ernest Turney has bought a farm in Hodgdon from George Neal. A good farm, good buildings and pleasantly situated some 3 miles from Houlton, one of the best markets in Aroostook county. We wish Mr Turney success in farming.

Your correspondent enjoyed a pleasant trip to Hodgdon, Linneus, Limerick and Houlton.

## Meductic.

The Eel River bridge has been repaired, but owing to the decayed state of the timbers, it was impossible to make the bridge safe.

S C Wiggins has begun driving operations on Eel River. During

## When The Bowels Are Constipated

The whole digestive system is deranged and the system poisoned.

By their direct and combined action on kidneys, liver and bowels Dr. Chase's Kidney-Liver Pills overcome disorders of these organs, cleanse the system, purify the blood and prevent and cure serious disease.

MR. B. H. BARNABY, painter in the D.A.R. shops, Kentville, N.S., states:—"I have used Dr. Chase's Kidney-Liver Pills for a number of years whenever I would get constipated and suffer from kidney pains and derangements of the digestive system and know of many others who have also used them for similar troubles. I can join with others in pronouncing them a n excellent medicine. When constipated I find one pill sufficient to set me right, and am never without a box of these pills in the house. I consider them the best medicine I ever used."

Dr. Chase's Kidney-Liver Pills, one pill a dose, 25 cents a box, all dealers. The portrait and signature of Dr. A. W. Chase, the famous receipt book author, are on every box. Dr. Chase's Backache Plaster conquers pains and aches, lumbago and rheumatism.

the first run of ice in Eel River he lost several hundred spruce and hemlock logs.

The young people are getting up a concert to be held on the evening of May 24th.

The sugar makers have stopped trying to make sugar. This season has been a failure as far as the maple product is concerned.

Mr Osborne, travelling evangelist, spent Sunday in the village.

Rev. Mr Fiske of Florenceville, addressed the Baptist Sunday school last Sunday morning.

D W Olts of Benton, and Jacob Lounsbury of Lower Queensbury, were the guests of G P Olts last Sunday.

Last Friday, while moving a heavy sled, Jacob C Porter gave his back a severe wrench, and at present is confined to the house.

Wm Durling of Dow Settlement cut his foot about a week ago. He caught cold in it and erysipelas has set in. Dr. Turner is in attendance.

## OBITUARY.

At the home of her son, Warden F R Brooks, York Co, N. B., Mary, widow of the late Dow Brooks, peacefully passed away in her 83rd year. She was a member of the 1st Canterbury Baptist church, a kind mother and a faithful friend. Two sons and three daughters mourn the loss of a loving mother: F R Brooks, Southampton, York Co; Asa Brooks, Minneapolis, U S A; Mrs Emma Brown, Southampton; Mrs John W Akerley, Southampton; Mrs John N Harper, Jacksonville. Pastor C N Barton assisted by Mr B T Gaskin preached from Psalms 39-7. The remains were interred in the Canterbury cemetery.

The institution of labour colonies has now been tried in Belgium for ten years, and is found a useful means of coping with the difficulties of employing the idle and the inefficient, as well as the professional beggar and the bad character. There are some 8,000 persons employed in the Government colonies.

"Old Maid Insurance" is carried out in Denmark. Women who think they may become old maids pay so much a year, and at 40 receive pensions for life. If they marry before 40 what they have paid in premiums goes to swell the amount available for the benefit of their less fortunate sisters.

# THE 2 BIG STORES

## Skirts! Skirts!

### SKIRTS.

Notwithstanding the very large sale we have had in Man Tailored Skirts, we find still on hand 95 Misses and Ladies' Skirts, which we must close out at once, as we are crowded for room. In order that you may help us to bring about the desired result, we will, as long as the LOT LASTS, give you a discount of 25 per cent. on each Skirt. Just think, a beautiful Skirt for three-quarters its value. These Skirts run from \$3 to \$12 each—all new. The discount we allow you means a saving of from 75c. to \$3 on each skirt. Call and see that we are dollar savers for you. Less work to save a dollar by trading with us than to earn it.
