

We Shall Buy a Million Bottles of Ligozone and Give Them to the Sick.

We have purchased for \$500,000 the American rights to Ligozone. We thus control the only way to kill germs in the body and end a germ disease. We want the sick to know this product, and at once. So we make this remarkable offer. We will buy a million 50c bottles and give them to a million sick ones. Will you—if you need it—let us buy one for you?

Costs \$500,000

We publish this offer in every great newspaper in America. The cost of the offer, we expect, will reach \$500,000. We pay that price because it seems the only way to quickly let the sick know what Ligozone does.

The greatest value of Ligozone lies in the fact that it kills germs in the body without killing the tissues, too. And no man knows another way to do it. Any drug that kills germs is a poison, and it cannot be taken internally. Every physician knows that medicine is almost helpless in any germ disease. Ligozone does in germ troubles what all the drugs, all the skill in the world, cannot do without it. It cures diseases which medicine never cures.

Acts Like Oxygen

Ligozone is the result of a process which men have spent over 20 years in perfecting. Its virtues are derived solely from gas, made in large part from the

best oxygen producers. By a process requiring immense apparatus and 14 days' time, these gases are made part of the liquid product.

The result is a product that does what oxygen does. Oxygen gas, as you know, is the very source of vitality. Ligozone is a vitalizing tonic with which no other known product can compare. But germs are vegetables; and Ligozone—like an excess of oxygen—is deadly to vegetable matter. Yet this wonderful product which no germ can resist, is, to the human body the most essential element of life.

Germ Diseases

These are the known germ diseases. All that medicine can do for these troubles is to help Nature overcome the germs, wherever they are, and the results are indirect and uncertain. Ligozone kills the germs, wherever they are, and the results are inevitable. By destroying the cause of the trouble, it invariably ends the disease, and forever.

Asthma
Abscess—Anemia
Bronchitis
Blood Poison
Bright's Disease
Bowel Troubles
Cough—Colds
Consumption
Colic—Croup
Constipation
Catarrh—Cancer
Dysentery—Diarrhea
Dandruff—Droopy
Dyspepsia

Hemera—Erysipelas
Fever—Gall Stones
Gout—Gout
Gonorrhea—Gleet

Tuberculosis
Tumors—Ulcers
Varicose
Venous Diseases
Woman's Diseases

All diseases that begin with fever—all inflammation—all catarrh—all contagious diseases—all the results of impure or poisonous blood.

In nervous debility Ligozone acts as a vitalizer, accomplishing what no drugs can do.

50c Bottle Free

If you need Ligozone, and have never tried it, please send us this coupon. We will then mail you an order on your local druggist for a full size bottle, and we will pay your druggist ourselves for it. This is our free gift, made to convince you; to show you what Ligozone is, and what it can do. In justice to yourself, please accept it to-day, for it places you under no obligation whatever.

Ligozone costs 50c. and \$1.

CUT OUT THIS COUPON

SCOVIL BROS. & Co.

News from the Country.

Wilmot.

Moses Delong sent to the experimental farm and got three pounds of oats by the name of Tartar King. The first year he raised one half bushel; the next year he sowed them and raised eleven bushels, and this year from the eleven bushels sown, James Delong and Harry Scovil threshed 225 bushels of fine white oats. Now, Carleton county farmers, beat this if you can.

Upper Brighton.

As I have not seen any news from this place, I thought a few lines would not come amiss.

The young people of this place spent a pleasant evening at the home of the Misses Annie and Ida Robinson of Newburg, on Friday, Feb. 26. Those who attended were Messrs Charlie Bubar, Willie Hallett, Bertam Rideout, Glenn Colwell, Willie Stevens, John Nevers, Gurston Day, Blair Shaw, and George Stevens. Misses Ella Smalley, Minnie Hallett, Belle Campbell, Jessie Hallett, Lizzie Bubar, Ethel and Margaret Hallett. Refreshments of cake and

Sick Headache

and Indigestion

Nervous System out of order—Health restored by Dr. Chase's Nerve Food.

Indigestion and dyspepsia, nervous, sick headache and sleeplessness are among the marked symptoms of nervous exhaustion, and on this account are thoroughly and permanently cured by a course of treatment with Dr. Chase's Nerve Food.

Mrs. F. Brown, 19 Queen St., St. Thomas, Ont., and whose husband is a shoemaker, states:—

"I suffered a lot with nervous, sick headache, my digestion was not good, and my nervous system generally was quite out of order. I am pleased to say that I found Dr. Chase's Nerve Food the most satisfactory restorer that I have ever tried. I can fully recommend this preparation, knowing it to be very beneficial in my case."

By noting your increase in weight while using this great food cure, you can prove that new, firm flesh and tissue is being added to the body. To protect you against imitations the portrait and signature of Dr. A. W. Chase, the famous receipt book author, are on every box.

coffee were served and at a late hour they left for home, sweet home. Ida Robinson of Newburg was the guest of her cousin Ethel Hallett a few days of last week.

Meductic.

(Too late for last issue.)

The road to Canterbury still remains impassable. On Friday, two business men wishing to go to Canterbury, were obliged to go halfway to Hawshaw to reach the road over which Mr. Palmer hauls hides and leather. The blockaded district lies midway between this place and the station.

Rev. C. N. Barton filled the Baptist pulpit Sunday evening. One of the marked features of the service was the excellent singing rendered by the choir.

Weekly parties are "the order of the day." On Saturday evening, a goodly number of young people gathered at the home of Mr. and Mrs. George Simms to enjoy the pleasure of a social gathering. The party was a case of "where youth and pleasure meet."

Mr. Gunn, tailor, of Hawshaw, was here on Saturday soliciting orders. All well. Thank you!

Upper Kent.

"Dr. Chase's Nerve Food is progressing." There is hay, straw and oats in very large quantities being hauled to the depot for Gallagher, Bohan, Smith and McCain. The river crossings above and below here cannot hold out long after a thaw so the men have been hustling to get their produce over.

We understand Street Miller is ready to sell his farm.

Oliver Miller of Florenceville was at this place to-day.

Wm. Squiers takes charge of McCain's hay and straw this year.

Reuben Bloodworth takes charge of Bohan's, Smith's and Gallagher's hay and straw under the direction of his brother, Manzer Bloodworth. Who.

C. M. Sherwood, Centreville, has been receiving large shipments of general dry goods of late from wholesale houses, while his large importation of British and foreign dry goods, both staple and fancy, ex-steamship "Alcides" will be landed in a few days. Lace curtains, carpets, window shades, oil cloth, etc., etc.

Rockland.

The funeral of the late Israel Nevers of Hartland (the last of a number of brothers) on Friday last, was attended by a large concourse of friends from surrounding country as well as home friends and relatives. The deceased was a Primitive Baptist and by the clergy of that church funeral services were conducted.

The roads between Hartland and Rockland for some time past have been in very bad condition owing to light snow and heavy winds making drifts, in many places this could be avoided by laying down the fences in the fall.

Jarvis Shaw and sons are doing good work cutting and hauling logs to Shaw mill, south end of Hartland; when all the logs are delivered, they propose cutting two hundred cords of stove wood and when the season arrives there will be as estimated one hundred and fifty cords of bark to sell. Mr. Shaw purchased all the lumber standing from Mr. Birmingham and although at a seemingly large figure by careful management there will be a good margin of profit.

Parish of Brighton largely deficient in funds has the prospect of replenishing its treasury. Active councillors and judicious appointments will accomplish it. The new collector out here is just forcing the money out of delinquents and is doing well.

Although there is from three to four feet of solid ice in the Baie de la Guine, lots of snow and very cold, still stream driving is talked of, and preparations making as if near at hand.

Rev. Mr. Bonnell at F. B. chapel here on Sunday a. m. last; no preaching service; Baptist house—pastor's day at the depot.

The ice will be more lumber to drive out of Coldstream than for many years past.

A large quantity of hay passing through here daily for shipment at Hartland, also bark, grain and cattle. Our popular school teacher, Miss Belyea, notwithstanding inclement weather, has an excellent average attendance but not the same number of scholars owing to removals from the District.

Conveyancing and ordinary instruments of writing performed at the Rockland Com. Office on reasonable terms, and general variety as usual. Don't forget Spavin Cure.

Certain goods consigned to E. C. Agency, slow in transit, will be here in a few days; garden and flower seeds have arrived from best raisers in Dominion—nothing like being on hand early.

We hope the Hartland Advertiser will soon again appear—we miss it.

Lorne.

Again I pay a visit to your columns. We have had a very cold winter and as Candelmas was bright and clear we have promise of more winter weather.

Last week one of our oldest residents passed away in the person of Mrs. Edward Knowlton. She leaves a husband, two sons and five daughters to mourn their loss. She was a great sufferer and was tenderly cared for by her daughter Amy Knowlton, who came from Montana to care for her mother in her declining years. The deceased was formerly a resident of Carleton Co.

George Berryman of Sisson Ridge had his house quite badly burned last week; luckily neighbors were handy and succeeded in extinguishing the flames. Mrs. Berryman and

babe of nine days were safely removed to another house.

The little lumber parties are all out of the woods and the big ones are sending a great many men home. Mrs. Wilson Johnson who has been quite ill is mending slowly.

TOBIQUE.

Bath.

The weather continues very cold. Master Harry Kinney received a very severe fall while at school. He was unconscious for 15 minutes.

William Giberson, while going out to the lumber woods, was unfortunately enough to lose one of his horses. It died with heart disease.

John Brown has returned from the woods on the Miramichi. We are all glad to see his smiling face again.

Edward and Jos. Drost are longing for spring to come so they can get back on American soil again. Fred O. Drost is employed as engineer in the Florenceville steam mill. Jos. Drost is taking a course of sign painting with the International Correspondence School of Scranton, Pa. We all hope he will succeed.

Misses Martha and Hannah Riley were the guests of Mrs. Albert Kinney, Sunday.

Miss Hattie Hayes of Fort Fairfield, is attending Bath High School.

On Saturday evening last, a pound party was given at the Harris Hotel. The amount of \$27.00 was raised.

Misses Josephine and Mary Drost were the guests of Mrs. Eber Kearney.

Daniel Giberson is working for M. Craig.

READ IT THROUGH.

IT WOULD SPOIL THIS STORY TO TELL IT IN THE HEADLINES.

To use an eighteenth century phrase, this is an "o'er true tale." Having happened in a small Virginia town in the winter of 1902, it is a story very much of the present. Up to a short time ago Mrs. John E. Harmon, of Melfa Station, Va., had no personal knowledge of the rare curative properties of Chamberlain's Cough Remedy. "Last January," she says, "my baby took a dreadful cold and at one time I feared she would have pneumonia, but one of my neighbors told me how this remedy had cured her little boy and I began giving it to my baby at once and it soon cured her. I heartily thank the manufacturers of Chamberlain's Cough Remedy for placing so great a cure within my reach. I cannot recommend it too highly or say too much in its favor. I hope all who read this will try it and be convinced as I was." For sale by all druggists.

Riley Brook.

J. J. Hale and Mr. Hilyard passed here the other day en route for Plaster Rock.

Thomas Everett's crowd broke camp on the 26th ult. at Two Brooks; some of his crew belonged to Riley and Rocky Brook.

S. R. Hayden is not able to be out yet.

Neil McAskel is on the sick list since the 26th ult.

Mrs. McDougall of this place has

Loss of Flesh

When you can't eat breakfast, take Scott's Emulsion. When you can't eat bread and butter, take Scott's Emulsion. When you have been living on a milk diet and want something a little more nourishing, take Scott's Emulsion.

To get fat you must eat fat. Scott's Emulsion is a great fattener, a great strength giver.

Those who have lost flesh want to increase all body tissues, not only fat. Scott's Emulsion increases them all, bone, flesh, blood and nerve.

For invalids, for convalescents, for consumptives, for weak children, for all who need flesh, Scott's Emulsion is a rich and comfortable food, and a natural tonic.

Scott's Emulsion for bone, flesh, blood and nerve.

We will send you a free sample.

Be sure that this picture in the form of a label is on the wrapper of every bottle of Scott's Emulsion you buy.

SCOTT & BOWNE, CHEMISTS,

Toronto, Ontario. 50c. and \$1; all druggists.

gone to visit friends at Moose Mountain.

Cold wave continued until recently—now some warmer and signs of rain.

The men are leaving the woods daily and they'll all be out soon.

Winter is about over. Poker has commenced again quite lively.

ONE INTERESTED.

HELP YOUR CHILD.

When your child—whether it is a big child or a little baby—suffers from any of the minor ailments which come to children, or is nervous or fidgety and doesn't sleep well, give it Baby's Own Tablets. This medicine is the quickest and surest cure, and the safest, because it is absolutely harmless. It will help the feeble new born babe as surely as the well grown child. Mrs. F. D. Kirk, The Barony, N. B., says: "I have used Baby's Own Tablets with most satisfactory results, and do not feel safe without them in the house. I find that one dose is usually sufficient to cure the small ailments of the stomach or bowels." If you do not find the Tablets at your medicine dealers write direct to the Dr. Williams' Medicine Co., Brockville, Ont., and they will be sent post paid at 25 cents a box.

Greenville.

March 5th.

On the first day of March I started on a visit to Hodgdon and at the same time to take orders for the Sentinel and the Ram's Horn for which I had success. I went by the way of Westford Hill, continuing until I reached the road called the Hamm settlement. Further on I reached the line between Hodgdon and plantation or town, so called Cary; when I got there it was near dark, and tired enough I was right among strangers, after traveling on foot some 12 miles. I went to a house to see if they could keep me all night. It was the home of Mr. and Mrs. Fairfield Day; the hospitality I received from them is much appreciated. The next morning Mr. Day directed me on the road that extends to the Calais road. At ten o'clock the next day I was surprised to see the business done at this place. There is a saw mill, a shingle mill, a lath mill and starch factory; a post office kept by Mrs. George Alexander; this business is done in Cary. Thad Furze is lumbering there this winter. The business done in Cary employs about 575 to six hundred men and about fifty to seventy five teams nearly the year through. Then I started for Houlton through Hodgdon on the Calais road until I came to Milton Haskill. Here I was right home among friends and acquaintances, from my youthful days, when I went to school there at 16 years, about 54 years ago. I went to church there for a number of years and lived in the town for a few years, so it seemed like home.

The mill at Union Corner is shut down for a few days to repair.

Mr. Nevers and Mr. Crain are driving lumber from the mill to Houlton; there is a large quantity to move yet. W. Henry Kirkpatrick is the scaler. He is a good millman.

Debec.

March came in like a lamb, so we may look out for what is to follow.

The Rev. Mr. Anderson of Florenceville preached here last Sunday evening.

Morley Flemming is attending the Houlton Business College.

Albert Bell of Red Bridge, spent a few days last week at Wm. Alexander's.

Miss Fannie Alexander who has been visiting her sister, Mrs. Robert Parks, has returned home.

Miss Ethel Dickinson left for Bangor, Monday morning, where she will spend a few weeks with her friends.

Mrs. Wm. Jewett of Burr's Corner is visiting her sister Mrs. H. L. Bailey.

A certain young lady in our village met with an accident with a horse in a snow drift, one day this week, which might have been serious but for the timely assistance of some men, who were near by.

Surprise parties are the order of the day and the question which we hear is "where is the next one to be?"

Florenceville.

The storm of Sunday blocked the roads about here more than any previous storm of the season.

The widow of the late John Danks, who since the death of her husband has been living with her son Henry of Fort Fairfield, is visiting friends here.

Wilber Taylor is hauling lumber with which to build a barn in the spring.

H. H. McCain was in Hartland on business Monday. He also made business calls at Simonds and Peel.

Miss Alvaretta Estabrooks is visiting friends at Hartland.

Rev. J. H. A. Anderson of Greenville Presbyterian congregation and Rev. Mr. Archibald of Richmond exchanged pulpits last Sunday.

The home of Rev. Havelock Gillespie has been made happy through the arrival of a son. Will they name him Kuropatkin Alexieff or Arthur Togo?

Butter paper, plain or printed, small for bricks or large for lining tubs, for sale cheap at this office.

OBITUARY.

MRS. SARAH MAUD CROZIER.

Sarah Maud, wife of James W. Crozier, died Wednesday evening, Feb. 3, at her home on Seavey street, Westbrook, Me., aged 27 years and 11 months. The cause of her death was consumption. Throughout her sickness, even as she lay in the days of health, she manifested a beautiful Christian faith. When hope of recovery was given up, and she knew that she must soon leave her husband to whom she had been married only a little more than sixteen months, and her beautiful baby five months old, though it was hard indeed to part from her loved ones, yet with strong faith she triumphed and committed them and herself to the care of her Heavenly Father.

Though she suffered much distress in her sickness, to the last she was ever kind and thoughtful of others.

When the final call came, she met it as a summons from her Saviour who had promised his disciples, "I go to prepare a place for you. And I will come again and receive you to myself; that where I am, there ye may be also."

She was a member of the Methodist church in Alma, N. B. The funeral services were conducted at the residence by Rev. C. F. Parsons, pastor of the Westbrook Methodist Episcopal church, who Oct. 1, 1902, had officiated at her marriage. The interment was at Woodlawn. (St. John papers please copy.)

The cellar in the Bank of France resembles a large warehouse. Silver coin is stored there in eight hundred barrels.

Reverend Mr. Anderson of Florenceville preached here last Sunday evening.

Morley Flemming is attending the Houlton Business College.

Albert Bell of Red Bridge, spent a few days last week at Wm. Alexander's.

Miss Fannie Alexander who has been visiting her sister, Mrs. Robert Parks, has returned home.
