Wife—The Swintons are going to move out of this neighbourhood after being hear a year.

Husband—That's strange. All the people are just getting to know them.

She—You never see my husband laugh at his own jokes.  
He—No; but you can't blame him for that.

Some men will growl whenever the wind blows, and yet spend most of their time trying to put on airs.

If a man practises purity of life and temperance in all things he will be of vast use as an example to his fellow men.

**Life Guards.**

The Life Guards are two regiments of cavalry forming parts of the British household troops. They are gallant soldiers, and every loyal British heart is proud of them. Not only the King's household, but yours, ours, everybody's should have its life guards. The need of them is especially great when the greatest foes of life, disease, and allies in the very elements, as colds, influenza, catarrh, the grip and pneumonia do in the stormy month of March. The best way that we know of to guard against these diseases is to strengthen the system with Hood's Sarsaparilla—the greatest of all life guards. It removes the conditions in which these diseases make their most successful attack, gives vigor and tone to all the vital organs and functions, and imparts a genial warmth to the blood. Remember the weaker the system the greater the exposure to disease. Hood's Sarsaparilla makes the system strong.

The trouble, says Peter, with some folk is that they allow themselves to be discouraged by criticism, and the trouble with others is that they don't.

**For a Disordered Stomach.**

"I have been troubled for some time with indigestion and sour stomach," says Mrs. Sarah W. Curtis, of Lee, Mass., "and have been taking Chamberlain's Stomach and Liver Tablets which have helped me very much so that now I can eat many things that before I could not." If you have any trouble with your stomach why not take these Tablets and get well? For sale by all druggists.

Husband—That new bonnet of yours just makes me tired.

Wife—I feared that it would. You never did like cheap things, you know.

**Enormous Growth.**

Ever since Dr. Chase's Kidney-Liver Pills were first introduced to the public the sales have steadily increased, each year being larger than the year preceding. This is probably the best evidence of their remarkable efficiency, as a treatment for derangements of the kidneys, liver and bowels. They are invaluable as a family medicine.

Mrs. Henpeck (in the middle of the night)—John, John, get up. I believe there's a burglar in the room.  
Mr. Henpeck—Well, what of it. You've been through all my pockets already.

Sunday School Teacher—We should never do in private what we would not do in public.

Tommy—How about a bath?

Keep Minard's Liniment in the House.

"I am told the Stimlers but have but \$5,000 a year."

"What are they going to with it?"

"Going abroad."

"Why?"

"They can't afford to stay at home and keep up with their set."

**If Women Only Knew**

That half their ills are due to impoverished blood, they would use Ferrozone and be saved lots of pain and suffering. Ferrozone is a perfect food for the blood and supplies the strengthening elements needed to maintain health and vigor. Ferrozone is a splendid tonic for weak nervous women and drives away those depressed feelings of dead weariness. You'll have strength, lots of it—your complexion will improve, you will feel ten years younger after a course of Ferrozone which builds up the whole human organism; try it. Price 50c.

Peter wonders why it is so many people of his acquaintance insist on proclaiming ever and again how honest they are.

**COLDS ARE DANGEROUS.**

How often you hear it remarked: "It's only a cold," and in a few days later learn that the man is on his back with pneumonia. This is of such common occurrence that a cold, however slight, should not be disregarded. Chamberlain's Cough Remedy counteracts any tendency toward pneumonia. It always cures and is pleasant to take. For sale by all druggists.

"I think it is so silly to see a baby biting its toes," remarked the young mother.

"Well, I don't," spoke up the young father; "it shows that he is already learning to be thrifty."

"Thrifty?"

"Yes, isn't he making both ends meet?"

Some men remain poor because they haven't enough friends, and some because they have too many.

Father—Why, really, Florrie, I believe you are lacing tighter than ever.

Florrie—But, surely, pa, you wouldn't have me adopt loose habit!

Ask for Minard's and take no other.

Women seldom deceive their husbands. The men are egotistical enough to deceive themselves.

Lifebuoy Soap—disinfectant—is strongly recommended by the medical profession as a safeguard against infectious diseases.

Miss Johnson—Oh, you needn't talk! You're not quite perfection yourself, I would have you know.

Mr. Smithers—No, my dear; but when you're about I'm very near perfection.

Miss Johnson (coming closer)—Oh, Henry!

Mrs. Ascum—But why didn't you buy the material if you liked it?

Mrs. Nurich—The salesman said it was domestic dress goods.

Mrs. Ascum—Well?

Mrs. Nurich—You don't suppose I'd wear anything meant for domestics, do you?

"Say, pa, is says here in 'Lady Clare.' 'I trow they did not part in scorn.' What does 'I trow' mean?"

"That's the poetic way of saying 'you bet'."
