Last Sunday (Nov. 27th) was World's Temperance Sunday in our Sunday schools. Wherever the International lessons are used throughout the world a temperance lesson was taught. After the lesson in the Free Baptist church the following programme was carried out:

Chorus by boys—"Onward we are marching Alcohol to fight."  
Recitation—Willie Oliver.  
Solo—"Some Glad Day," Leonard Slipp.  
Recitation—May Stevenson.  
Recitation—Ray Moore.  
Chorus of girls—"Dare to stand for Temperance."  
do —Clayton Steeves.  
do —George Sharpe.  
Temperance Quotations—School.  
Quartet—Pearl McKinney, Elva and Cora Moore, May Grant.  
Pledge Signing.  
On to Victory—By the school.

The church should take the lead in the temperance movement. The church is in the world for righteousness—to stand for it, to promote it. Christ came to establish a kingdom of righteousness. His plan included the destruction of "the works of the devil." Against all the schemes of the devil He set Himself in His words and works. His church, to be true to Him, must do the same. Of all "the works of the devil" which hinder Christ's kingdom, the liquor traffic is the greatest and the most brazenly defiant. There is none more widespread, more deadly to every good in human life, more surely damning. There is none, therefore, upon which the church should more determinedly make war.

The overthrow of the monstrous evil cannot be accomplished by spasmodic efforts. There must be constant, patient teaching to enlarge the assailing forces, and steady, sturdy assaults upon the strongholds of the enemy. Every church should be a centre of temperance interest and activity. Every Christian should be an every day active opponent of the drink traffic. "There is no discharge in this war." No compromise. No quarter.

## PROTECTING FRUIT TREES FROM MICE.

The Fruit Division, Ottawa, issues the following warning: Last winter thousands of fruit trees were girdled and killed by mice, and the same thing will doubtless happen again the coming winter unless orchardists take precautions to prevent it. Mice are not usually very troublesome in orchards where clean cultivation is practised and rubbish is not allowed to accumulate as a shelter for them, but the orchardist will find it necessary to provide some sort of protection, if he wishes to be fairly sure of bringing his young trees safely through the winter.

The mice burrow along the ground under the snow in search of food, and as soon as they come to a young tree start to gnaw it. Wooden veneer is probably the most satisfactory protection against them, and it has the additional merit of being a good preventive of sunscald. The veneer is wrapped loosely about the trunk and tied; and an air space is left between it and the tree. These veneers cost from \$3.75 to \$5.00 per thousand. Ordinary building paper, which costs a mere trifle, is also a first rate protection, but it is not of much value as a preventive of sunscald. Tar paper is also effective, but as trees have been injured by its use, it is better to be on the safe side and use something else. In any case the lower end of the paper should be banked with earth, so that the mice cannot readily get under it to the tree. A mound of earth about a foot high around the base of the tree will often turn them, and even snow tramped about the tree has proved effectual, but these are not so trustworthy as the veneers or the building paper.

The Fruit Division also points out that this plague of mice is largely due to the common practice of destroying every owl and hawk that can possibly be shot or trapped. It is a great mistake to do this. All varieties of owls and hawks are great mousers, indeed mice constitute the chief item in the bill-of-fare of most species. At least ten varieties of owls are classed as residents of Canada, and of these only the

Great-horned Owl is a menace to the farmer's poultry yard. Of a dozen species of hawks commonly found in Canada, only three are classed as chicken hawks, viz., the Sharp-shinned Hawk, the Goshawk and Cooper's Hawk. The four varieties usually known as "hen hawks" scarcely ever visit poultry yards, and an occasional depredation is far more than counterbalanced by their services as destroyers of mice rats, squirrels and other enemies of the farmers.

## THE DANGER OF ANAEMIA.

Its Victims are Defenceless When Disease Strikes—The Blood Should Be Kept Rich and Pure.

Anemic people—people with watery blood—are without defense when disease threatens. The strongest weapon against disease is a plentiful supply of rich, red blood. A robust person may catch cold, but quickly throws it off. But a cold lingers with the anemic one, goes to the chest and the first signs of consumption appear. It is the anemic one who suffers from headaches and dizziness, who cannot climb a stair without resting, whose heart flutters and palpitates wildly at the least exertion. Such people can only be saved by a new supply of rich, red blood, and Dr. Williams' Pink Pills is the only medicine that actually makes rich, red blood with every dose. Ordinary medicines only touch the symptoms of disease—Dr. Williams' Pink Pills go right straight to the root of the trouble and drive it out. That is why these pills have a larger sale than any other medicine in the world, and that is why thousands and thousands of people praise them so highly. Miss Florence G. Marryett, Chester, N. S., says:—"I have used Dr. Williams' Pink Pills for several months and I am happy to say they have restored me to health after all other means had failed. I was suffering from anemia in its most severe form. The least exertion would leave me breathless and worn out, I had no appetite and suffered greatly with nervous headaches. I was pale and seemed to be going into a decline. I had medical attendance but it did me no good. Then a friend advised me to try Dr. Williams' Pink Pills and in a few weeks I found they were helping me. I continued their use for several months, and am again enjoying good health. I think Dr. Williams' Pink Pills will make every weak and ailing girl strong and healthy."

You can get these pills from any dealer in medicine, but you should be careful to see that the full name "Dr. Williams' Pink Pills for Pale People" is on the wrapper around each box. If in doubt write the Dr. Williams Medicine Co., Brockville, Ont., and the pills will be sent at 50c a box or six boxes for \$2.50.

Those people who suffer from rheumatism or have gouty tendencies should take plenty of celery.

**A ROSY COMPLEXION** denotes a healthy heart. To many people use cosmetics to brighten their complexion, temporarily, when by making their hearts strong they could have health, strength and a rosy complexion permanently.

**Dr. Agnew's Heart Cure** removes the cause. It builds up the tissues and walls of the heart. A weak heart cannot distribute the blood properly and in consequence we see pale, sickly faces everywhere. Make your heart strong with this great cure and you will bless the day you saw this advertisement.

Miss Mary Huggill, Irvington, Cal., writes:—"What is the price for one-half dozen Dr. Agnew's Heart Cure? I used this remedy while in Canada and I think it the best medicine for the Heart and Stomach ever made."

**DR. AGNEW'S LIVER PILLS** (40 doses, 10 cts.) are a pure vegetable preparation. Their action on the liver and bowels is marvellous.

Ammonia rubbed with a piece of flannel on the outside of the throat is excellent in cases of sore throat from colds.

## Could only Walk From Bed to Chair

For years a sufferer from Kidney disease—Cured by Dr. Chase's Kidney-Liver Pills.

MR. SAMUEL SPARKLING, Ladysmith, Pontiac, Cal., writes:—"I have used Dr. Chase's Kidney-Liver Pills and believe there is no medicine to equal them. I was troubled for years with kidney disease and this treatment has cured me. When I began to use these pills I could only walk from my bed to a chair. Now I can go to the field and work like any man. They are an excellent medicine. Dr. Chase's Ointment is a perfect cure for itching piles. One box cured two members of my family who had suffered from this wretched ailment for four years."

**MR. SPARKLING** Because of their direct and combined action on kidneys, liver and bowels, Dr. Chase's Kidney-Liver Pills cure where ordinary medicines fail, one pill a dose, 25 cents a box. The portrait and signature of Dr. A. W. Chase, on every box. Dr. Chase's Kidney-Liver Pills promptly relieve pain and aches.

Indian coal fields cover 35,000 square miles, some of the seams being 70 feet to 100 feet thick, and of high quality. The supply of iron ore, too, is on a scale of unparalleled magnitude, whole hills and ranges of it being of the purest variety.

The Carleton Sentinel, the oldest provincial weekly, with its large circulation, is invaluable to advertisers.
