General News Items.

Minard's Liniment Cures Colds, etc.

The suicide rate in the United States has increased from 10 to 17 per 100,000 population.

Pains in the Chest.

MR. JOHN CLARK, Port Hope, Ont., states: "Last winter I was so bad with a cold that I could not speak above a whisper, and had great pains in the chest. A friend advised me to try Dr. Chase's Syrup of Linseed and Turpentine and one bottle cured my cold which I believe would have proven very serious if I had not used this medicine."

It is estimated that 6,000,000 persons have visited Coney Island during the past season.

For plastering, hair, lime, brick, cement, nails, dry and tinned paper and other building materials, go to Carr's, Hartland.—10-11.

Who aims at perfection will be above mediocrity; who aims at mediocrity will be far short of it.

You cannot be happy while you have corns. Then do not delay in getting a bottle of Holloway's Corn Cure. It removes all kinds of corns without pain. Failure with it is unknown.

The Santa Fe elevator in Chicago, containing 845,000 barrels of grain, was destroyed by fire on Sunday.

Minard's Liniment Cures Distemper.

Frankfort, Ky., has decided to kill off all the cats in the city as a means of preventing the ravages of diptheria.

WE PAY SALARY—Two to six dollars per day—either sex—introducing our "NEW IDEA"; free training; rapid advancement; opportunity sure; NICHOLS COMPANY, Limited, Toronto. (Mention this paper.)—51-11

The late Rev Peter MacFarlane, second curate of St. Edward the Martyr Church, New York, was a Glasgow man.

Help your children to grow strong and robust by counteracting anything that causes ill-health. One great cause of disease in children is worms. Remove them with Mother Graves' Worm Expeller. It never fails.

William B Smith, probably the best known boat builder in New England, is dead. He was born in St. John, N. B., 75 years ago.

C. M. Sherwood, Centerville, wishes to say—a great many farmers have a wrong impression regarding the unusually large yield of flour from a given amount of wheat in his new roller mill. The quality of the flour next the Bran is more valuable than that located in the centre of the "berry", and the reason I give more flour than it is possible for the ordinary roller mill to do is that I have more roll surface—120 square feet of steel surface, and more perfect machinery for extracting and separating the flour from the bran and shorts, and not the mistaken idea that I give too large a yield by grinding too closely. Appealing to the intelligent observer, we will allow the flour to take the witness stand and speak for itself, for it is decidedly whiter than any Ontario or Manitoba flour that comes to Carleton County and if ground too closely, it would be utterly impossible to retain its snowy whiteness.—10-11.

Robert Smeaton, 23 years old, and a son of a well-known shirt manufacturer of Manhattan and Brooklyn, has been missing for a week past.

Mr Rockefeller continues to warn young men against the perils of drink, but so far he has not directed their attention to the grave dangers arising from burning the midnight oil.

THEY NEVER KNEW FAILURE.

Careful observation of the effects of Parmelee's Vegetable Pills has shown that they act immediately on the diseased organs of the system and stimulate them to healthy action. There may be cases in which the disease has been long seated and does not easily yield to medicine, but even in such cases these Pills have been known to bring relief when all other so-called remedies have failed. These assertions can be substantiated by many who have used the Pills, and medical men speak highly of their qualities.

Boston, Philadelphia and Paris are already planning to commemorate the 200th anniversary of Benjamin Franklin's birth on Jan. 17th next.

Tired all the Time.

MRS. GEORGE BEATTIE, Carr's Brook, Colchester Co., N. S., writes:—"Last spring I was very much run down, felt tired all the time, and did not seem to have life or energy enough to do my work. Three boxes of Dr. Chase's Nerve Food did me a world of good, and made work a pleasure to me. I have not had occasion to use any medicine since, and have recommended Dr. Chase's Nerve Food to all my friends."

Oysters are coming in from Long Island waters in great abundance, and are in much better condition than they were last year at this time.

Minard's Liniment Cures Garget in Cows.

The Baldwin Locomotive Works, in Philadelphia, turned out 220 completed locomotives during August. This was at the rate of eight locomotives per day.

Cholera and all summer complaints are so quick in their action that the cold hand of death is upon the victims before they are aware that danger is near. If attacked do not delay in getting the proper medicine. Try a dose of Dr. J. D. Kellogg's Dysentery Cordial, and you will get immediate relief. It acts with wonderful rapidity and never fails to effect a cure.

A new definition of "friend" was given by an English schoolboy the other day in an essay: "A friend is a person who knows all about you, and likes you just the same."

Wash greasy dishes, pots or pans with Lever's Dry Soap a powder. It will remove the grease with the greatest ease. 36

Official figures show that the daily traffic over the Brooklyn Bridge has grown since the subway was opened. The number of persons crossing daily is 1,000,000. Minard's Liniment Cures Diptheria.

"Did the father give the bride away?"

"I should say he did. He got rattled, and what do you think he said as he handed her over to the bridegroom? 'It is more blessed to give than to receive.'"

A PURELY VEGETABLE PILL.—Parmelee's Vegetable Pills are compounded from roots, herbs and solid extracts of known virtue in the treatment of liver and kidney complaints and in giving tone to the system whether enfeebled by overwork or deranged through excesses in living. They require no testimonial. Their excellent qualities are well known to all those who have used them and they commend themselves to dyspeptics and those subject to biliousness who are in quest of a beneficial medicine.

The total value of the farm product of the United States for the year 1905 will equal approximately the total value of all the gold produced in the world for the last thirty years.

Reasons Why You Should Carry A Sickness and Accident Policy.

1. Because you cannot count on your health, you may be stricken down to-morrow.
2. Because it protects you against all kinds of accidents as well as sickness.
3. Because you get honest treatment. This Company has no unpaid claims.
4. Because the Ry. Passengers Assurance Co of London, Eng., is the oldest and strongest accident Company in the world.
5. Because the Company pays you from the very moment you are laid up and the claim is settled immediately on recovery.
6. Because it gives more for less money, than any other Company doing business.

J. W. Astle, Agent, Queen Street, Woodstock, N. B.

A correspondent asks us why it was that the Press was the only town paper to give the date of the Centennial Exhibition. We presume the reason is because the Secretary of the Exhibition did not notify either the SENTINEL or Dispatch. All the town papers are glad to boom country gatherings but cannot do so unless they are notified of the same.

The Hartland Department Store, J. T. G. Carr, Proprietor, is filling up again with Fall and Winter Goods. Underwear for men and women, skirts, dress suits and coats for Misses and Ladies. Heavy winter suits and overcoats for men and boys. Fur goods for men, women and children, &c., &c.—10-11.

The Grand Army of the Republic reports a diminution of membership of 14,886 during the last year. But the order is still vigorous and flourishing, and will long remain so. It has now 232,455 names on its muster rolls.

A SENSIBLE MERCHANT.

Bear Island, Aug. 26, 1903.

C. C. RICHARDS & CO.

Dear Sirs—Your traveller is here to-day and we are getting a large quantity of your MINARD'S LINIMENT. We find it the best Liniment in the market making no exception. We have been in business 13 years and have handled all kinds, but have dropped them all but yours; that, sells itself; the others have to be pushed to get rid of.

M. A. HAGERMAN.

Rev S. A. Bender, late President of the E. M. C. Seminary, Bucksport, has severed his connection with the East Maine M. E. Conference and joined the Western Michigan Conference and will be assigned a charge on his arrival there. He carries with him the good wishes of all who have known him in his pastoral and educational work in this state.

WHERE WEAKNESS IS, DISEASE WILL SETTLE.—If one suffers from any organic weakness, inherited or contracted, there disease will settle when it attacks the body. Therefore drive out the pains that beset you, do not let a cold or a cough harass you, and keep the respiratory organs in a good healthy condition. This you can do by using Dr. Thomas' Electric Oil. Prevention is the wisest course.

The Half Cents and Loyalty.

At the session of the National Transcontinental Railway Commission, which was held at St. John, N. B., two weeks ago, Mr. Young, the western member of the Commission, made a curious admission—curious, that is, for a member of the Commission to make, although an unavoidable conclusion in the case of informed and disinterested opinion. Mr. Young's admission came after a statement made by Hon. H. A. McKeown, formerly member for St. John in the Local House, who said there had been much talk of the routing of the line through that town. St. John was principally interested in was in having the road built so that Portland would be out of it. Having impressed this ambition of St. John upon the Commissioners, he especially requested Mr. Young, as the western member, to impart what he thought about the routing of western freight eastward. Mr. Young replied that the west would provide the bulk of the freight carried by the road, but reminded the St. John people that there is a general principle which underlies the handling of freight, that is, cost. Shortness of route and promptness of handling are also factors. When the National Transcontinental is built, there will be two routes, one having an outlet at Port William and one on the Atlantic. Mr. Young is in accord with all practical railway men in stating that the Port William terminal will be used generally for grain purposes. "Once," he said, "the grain is carried to the lakes, the question of the cost of handling on the waterways as compared with the railway will be a big factor. I am loyal to Canada," he concluded, "as are all the people of the west, but it is questionable if our loyalty would be equal to half a cent a bushel." Talking as a business man to business men, he stated that in his opinion the bulk of the summer grain traffic will continue to go to Buffalo. However, he offered the consolation that not all the all-rail route would justify itself in a variety of ways.—Montreal Witness.

American Sailors Eaten by Cannibals.

Oakland, Cal., Oct. 17.—Advice just received here from St. Michael, Alaska, dated Aug. 30, tell of the murder of fourteen American sailors by Aleutian island cannibals. The letter says:

"Seven days ago a vessel bearing the name of Sea Lady, and sailing from New York, went ashore in a fog and was completely wrecked. Out of twelve sailors who left the ship, only nine survived. On arriving on land they were met by the Aleuts, who showed hostile tendencies. The sailors made several attempts to make peace with the natives, but failed. The Americans were all thrown into caves and robbed."

"The schooner Fairland of Oakland, Cal., appeared three days later. This time the natives appeared friendly to the newcomers, but they suddenly attacked the crew and burned the ship with its men. The number on board is supposed to have been five."

"The imprisoned sailors in the caves were roasted alive a few days later and their bodies were devoured."

A NATION OF SUICIDES.

A Russian correspondent was talking about Siberia.

"In that strange land," he said, "the strangest thing is the suicidal tendency of the Chukchees. Among the Chukchees, actually, suicide is one of the most common forms of death."

"The Chukchees live in northeastern Siberia. They are small and copper colored. They dress in skins and ride reindeer. Tallow and raw kidney are their chief delicacies. In every Chukchee house hangs a death coat."

"A Chukchee doesn't kill himself by his own hand. He appoints his nearest relatives—his wife, son or daughter—to do the deed. And the delegate never rebels, never declines this sad and horrible task."

"Innumerable are the causes of suicide—jealousy, unrequited love, an incurable disease, melancholy, poverty and so on."

"I knew a man who was prosperous and apparently happy. Suddenly a desire for death seized him. 'In the moon,' he said, 'I will go home to my fathers.' And he calmly settled his affairs, and at the appointed time bade his wife to knot a cord about his throat and his two sons to pull upon this cord till he should be strangled. He died, they told me, joking."

"The death coat, which hangs in every Chukchee house has a hood. It is for use in suicide. The hood hides the facial contortions of the dying."

"There are Chukchee families wherein suicide is hereditary, wherein it is a point of honor for the sons to kill themselves, a natural death being regarded in such families as disgraceful and scandalous, a sign of the most unpardonable cowardice."

**"What Are Piles?"
You May Ask.**

AND WHY ARE THEY ALWAYS RELIEVED AND CURED BY THE USE OF DR. CHASE'S OINTMENT.

The itching, burning sensations of piles or hemorrhoids, the feelings of uneasiness and discomfort, and the loss of blood, are familiar to many who may not know the name or nature of their ailment.

Piles are small tumors, which form at the opening of the rectum, and are described as itching, bleeding or protruding, according to the symptom that is most prominent.

The cause of greatest suffering is the intense itching, which is an almost constant symptom, while the greatest danger arises from loss of blood. You can scarcely imagine one in greater misery than the victim of a severe case of piles.

By reason of its remarkably soothing effect Dr. Chase's Ointment brings almost instant relief from the dreadful itching. It heals the ulcers, stops the loss of blood, and makes a thorough cure of this obstinate and loathsome disease.

The old idea of a surgical operation, with all the accompanying pain, expense and risk as the only cure for piles, has given way before the extraordinary success of Dr. Chase's Ointment, which has demonstrated its power in thousands of cases where operations had failed.

Mr. James Hurley, Fockshaw, Gloucester, Co., N. B., writes:—"I cannot find words of praise to express my opinion of Dr. Chase's Ointment. For thirty years I was troubled with itching piles and tried all sorts of remedies none of which gave me more than temporary relief. What other treatments have failed to do Dr. Chase's Ointment has done. It has positively cured me of itching piles."

Do not make the mistake of dropping this treatment as soon as the itching stops. Make the cure lasting by persistent use. Dr. Chase's Ointment, 60 cents a box, at all dealers, or Edmondson, Bates & Co., Toronto.

W. J. Byran and family have started on a tour of the world, to be gone about one year. Mr. Byran will be back in season to say who the next Democratic nominee for the Presidency shall be; meantime he is going to enjoy himself.

Ayer's Pills Act directly on the liver. They cure constipation, biliousness, sick-headache. Sold for 60 years. J. C. Ayer & Co., Lowell, Mass.
