

THE CHANGE OF LIFE

INTELLIGENT WOMEN PREPARE
Dangers and Pain of This Critical Period
Avoided by the Use of Lydia E. Pinkham's Vegetable Compound.

How many women realize that the most critical period in a woman's existence is the change of life, and that the anxiety felt by women at this time draws near is not without reason?

If her system is in a deranged condition, or she is predisposed to apoplexy or congestion of any organ, it is at this time likely to become active and, with a host of nervous irritations, make life a burden.

At this time, also, cancers and tumors are more liable to begin their destructive work. Such warning symptoms as a sense of suffocation, hot flashes, dizziness, headache, dread of impending evil, sounds in the ears, timidity, palpitation of the heart, sparks before the eyes, irregularities, constipation, variable appetite, weakness and incontinence are promptly heeded by intelligent women who are approaching the period of life when woman's great change may be expected.

Lydia E. Pinkham's Vegetable Compound is the world's greatest remedy for women at this trying period, and may be relied upon to overcome all distressing symptoms and carry them safely through to a healthy and happy old age.

Lydia E. Pinkham's Vegetable Compound invigorates and strengthens the female organism, and builds up the weaker nervous system as no other medicine can.

Madame Louis Belleau, of 17 Ramsay St., Quebec, Que., writes:

"Dear Mrs. Pinkham:—
"Lydia E. Pinkham's Vegetable Compound assisted me to pass the change of life with but very little sickness and pain, and I am pleased to give it my endorsement, for I feel that it is the medicine which every woman should take. I am the mother of three children, and when I reached the age of fifty naturally my health was none too good, and I feel sure that if I had not taken your Vegetable Compound I should not have passed the climax safely. I took it off and on for two years and now find that I am in splendid health and strength and feel younger and better than I did ten years ago. Much praise to your medicine, and may all suffering women learn of its value."

For special advice regarding this important period women are invited to write to Mrs. Pinkham, Lynn, Mass. It is free and always helpful.

Painless Death.

The suggestion that the physician be given some right to end suffering by killing—to bring painless death with the same mercifulness that man shows to dumb brutes—seems to be growing in favor. A difficulty mentioned is that of deciding when restoration to health or comfort has become impossible. Signor Agresti, an Italian, urges that this question be left entirely to the physician, that the medical attendant be given full power to put the hopeless patient into eternal sleep without notice to anybody. So summary an ending of life, however, is sure to arouse doubt and suspicion, even in cases of mutilation where death is certain. Still more unsatisfactory would it be in cases of helpless old age or chronic suffering, as in that of a woman who recently died after being bed-ridden and in constant, often excruciating—pain for more than thirty years, and where practicable it should be essential to have the request or consent of the patient to end a miserable and hopeless existence. As a safeguard, it should be necessary to have such acquiescence made in the presence of at least the physician and a notary, the sworn report of these witnesses to be filed with the town records.

A QUEER MUSEUM.

(From the Philadelphia Bulletin.)

The sanatorium for women only—women dipsomaniacs. A luxurious place, the rate was \$125 a week.

"This" said the superintendent, "is our museum. Odd, grotesque, eh?" The museum was a collection of instruments for secret drinking that had been taken from female dipsomaniacs.

Here was a carriage clock with a false back that would hold half a pint of whiskey.

Here was a muff with a receptacle of india rubber in its hollow inside. A mouthpiece like that on a baby's bottle was hidden under a rose. The owner of the muff would press it to her face—a natural and common movement—and at the same time take a stiff drink.

Here were a dozen sorts of bonbons, candies of all shapes and hues, each containing two or three fingers of brandy.

A fan—it would not open—had room for a half-pint in it.
A number of purses were nothing but whiskey flasks covered with bead-work or leather or silver or gold.

There was even a prayer-book with a flask inside.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

BLOOD DISEASES.

CAN ALL BE CURED BY THE USE OF
DR. WILLIAMS' PINK PILLS.

More than half the disease in the world is caused by bad blood—weak blood, blood poisoned by impurities. Bad blood is the one cause of all the headaches and backaches, the lumbago and rheumatism, the neuritis and sciatica, the debility and biliousness and indigestion, the paleness and pimples and all the disgusting skin diseases like eczema, that show how impure the blood actually is. It is no use trying a different medicine for each disease, because they all spring from the one cause—bad blood. To cure disease you must get right down to the root of the trouble in the blood. That is what Dr. Williams' Pink Pills do. They make new rich, blood. Common medicines only touch the symptoms of disease. Dr. Williams' Pink Pills root out the cause. That is why these pills cure when doctors and common medicines fail. Here is positive proof: "I suffered agony from indigestion," says Mr. Fred. Phillips, of Grand Desert, N. B. "I had no appetite for my meals and no energy for my work; my stomach caused me constant distress, and everything I ate lay like lead on my chest. At times I felt my life a burden. I was always doctoring, but it did me no good. Then a little book came into my hands, and I read that Dr. Williams' Pink Pills would cure indigestion. I got them and began taking them, and I soon found they were helping me. My appetite began to improve, and my food to digest better. I used the pills for a couple of months and I was well. Now I am always ready for my meals and I can eat anything, and all the credit is due to Dr. Williams' Pink Pills. I keep the pills in the house all the time, and I occasionally take a few as a precaution. I can honestly advise all dyspeptics to use this medicine, as I am sure it will cure them as it did me."

Give Dr Williams' Pink Pills a fair trial and they will cure you, simply because they make that rich, strong blood that disease cannot resist. See that you get the genuine pills, with the full name "Dr. Williams' Pink Pills for Pale People" on the wrapper around every box. You can get them from your medicine dealer or by mail at 50 cents a box or six boxes for \$2.50 by writing the Dr. Williams Medicine Co., Brockville, Ont.

Rev. Mr. Bonnell's Report.

Rev H A Bonnell was pastor of the Rockland, Mount Pleasant, Gordonsville, Knowlesville and Windsor churches. He held six weeks' special meetings at Rockland and in a nearby school house, resulting in the conversion of seven persons, who were baptized and united with the Rockland church. Held four weeks' special meetings at Windsor and the church was much encouraged and some were converted. Held three weeks' meetings at Gordonsville and the church was much helped. He reports that he also spent a month at Tracey Mills in special work and baptized twenty six converts. Brother Henry Hart was with me part of the time and rendered good assistance. I was to Waterville when Evangelist Beatty was there and baptized seven converts. I was at Connell in special work with Licentiate Steeves one week and baptized two. This is my second year on this field. I find a good people, thoughtful and kind. I will leave at the end of Conference year, and (D. V.) go to Tracey Mills. I hope some brother will come and take up the work. There is much to be done, really more than one man can do.—Intelligencer.

WATERS—WHITE.

A quiet wedding took place at the Methodist Parsonage, Centerville, on Wednesday, Oct 4th, when Rev E C Turner united Miss Leslie, youngest daughter of Mr George Watters, Lakeville and Mr George M White of Millinocket, Maine, in the holy bonds of matrimony. The bride was beautifully attired in white cashmere trimmed with all-over lace and ribbon with white hat to match. She was attended by her friend Miss Estabrooks and Mr Allen Watters, brother of the bride supported the groom. After the ceremony the bridal party drove to the bride's home where a dainty supper was served. The happy couple then drove to Woodstock taking the train for St. John and thence to New York where they will in the future reside.

HOMESTEAD REGULATIONS.

Any even numbered section of Dominion Lands in Manitoba or the North-west Territories, excepting 2 and 26, which has not been homesteaded, or reserved to provide wood lots for settlers, or for other purposes, may be homesteaded upon by any person who is the sole head of a family, or any male over 18 years of age, to the extent of one-quarter section of 160 acres, more or less.

ENTRY.

Entry may be made personally at the local land office for the District in which the land to be taken is situated, or if the homesteader desires he may, on application to the Minister of the Interior, Ottawa, the Commissioner of Immigration, Winnipeg, or the Local Agent for the District in which the land is situated, receive authority for some to make entry for him. A fee of \$10 is charged for a homesteaded entry.

HOMESTEAD DUTIES.

A settler who has been granted an entry for a homestead is required by the provisions of the Dominion Lands Act, and the amendments thereto, to perform the conditions connected therewith, under one of the following plans:—

(1) At least six months' residence upon and cultivation of the land in each year during the term of three years. It is the practice of the Department to require a settler to bring 15 acres under cultivation, but if he prefers he may substitute stock; and 20 head of cattle, to be actually his own property, with buildings for their accommodation, will be accepted instead of the cultivation.

(2) If the father (or mother, if the father is deceased), of any person who is eligible to make a homestead entry under the provisions of this Act, resided upon a farm in the vicinity of the land entered for by such person as a homestead, the requirements of this Act as to residence prior to obtaining patent may be satisfied by such person residing with the father or mother.

(3) If a settler was entitled to and has obtained entry for a second homestead, the requirements of this Act as to residence prior to obtaining patent may be satisfied by residence upon the first homestead, if the second homestead is in the vicinity of the first homestead.

(4) If the settler has permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements of this Act as to residence may be satisfied by residence upon the said land.

The term "vicinity" used above is meant to indicate the same township, or an adjoining or cornering township.

A settler who avails himself of the provisions of Clauses (2), (3) or (4) must cultivate 30 acres of his homestead, or substitute 20 head of stock, with buildings for their accommodation, and have besides 80 acres substantially fenced.

The privilege of a second entry is restricted by law to those settlers only who completed the duties upon their first homesteads to entitle them to patent on or before the 2nd June, 1899.

Every homesteader who fails to comply with the requirements of the homestead law is liable to have his entry cancelled, and the land may be again thrown open for entry.

APPLICATION FOR PATENT Should be made at the end of three years, before the Local Agent, Sub-Agent or the Homestead Inspector. Before making application for patent, the settler must give six months' notice in writing to the Commissioner of Dominion Lands at Ottawa of his intention to do so.

INFORMATION. Newly arrived immigrants will receive, at the Immigration Office in Winnipeg, or at any Dominion Lands Office in Manitoba or the North-west Territories, information as to the lands that are open for entry, and from the officers in charge free of expense, advice and assistance in securing lands to suit them. Full information respecting the land, timber, coal and mineral laws, as well as respecting Dominion Lands in the Railway Belt in British Columbia, may be obtained upon application to the Secretary of the Department of the Interior, Ottawa; the Commissioner of Immigration, Winnipeg; Manitoba; or to any of the Dominion Lands Agents in Manitoba or the North-west Territories.

W. W. CORY, Deputy Minister of the Interior. N. B.—In addition to Free Grant Lands, to which the Regulations above stated refer, thousands of acres of most desirable lands are available for lease or purchase from Railroad and other corporations and private firms in Western Canada.—Gmo-23.

"Women's Headaches"

—Late hours and anxious pursuits, with immoderate eating, weakness, nervousness, and overwork or worry, is responsible for the alarming increase of headache. Women are more subject to this ailment than men. Their delicate constitution and nervous temperament induces a condition of the system that sooner or later brings on the periodical attacks of headache. "PSYCHINE" is the remedy of all others for the complete cure of headache. It builds up the nervous system—restores vitality, cleanses the stomach from all bile, settles the nerves, starts the blood into the proper channels, and in most cases the attacks can be warded off by careful attention in following directions. Don't destroy the system by frequent use of dangerous powders, that give only temporary relief. Begin the "PSYCHINE" treatment now, and fortify the system against attacks. This is the only way to permanently dispose of periodical headaches.
