News from the Country

Nackawick.

(Held Over.)

There was a grand concert on Sunday in the Nackawick Union Sunday School, of which Wm Trail is superintendent. Rev Allan Stairs was present and addressed the school. Recitations, singing and scriptural dialogues were given. A large number of visitors were present.

George A Cronkite of this place who is working on a large contract of house building in Houlton for Don Powers spent Sunday here.

Newburg.

Farming is about finished for the season and some of the boys are taking a recreation by fishing. Frank Ryan has cleared and put in twelve acres of a new fallow and Hugh Johnston has cleared and put in about eight acres.

Miss Aggie Culbert, Lewiston Me, is home to spend her summer vacation also Miss Rose A Owens from Lynn Mass. Miss Belle Gallagher was called home recently from Worcester Mass by the illness of her mother who is now slowly recovering from pneumonia.

The pie socials are booming up again this summer; the rule so far has been one a week. The last one was held by Miss Alice and Frank Hourihan at their home Friday the 16th. The sum realized was nearly \$20.00.

Rev Father Bradley celebrated Mass here on Sunday, 18th inst. The service was made more pleasing by the singing of the choir which was formed through the efforts of Miss Alice Hourihan who is home on her vacation from Winn, Me. Much credit is due her for her kindness in instructing the young folk in this first attempt at a choir in our country church.

Miss Ada Phillips, Pembroke, makes her weekly rounds here on Tuesday giving music lessons. She has a class of nine.

SICKLY CHILDREN.

More children die during the hot weather months than at any other season of the year. Their vitality is then at its lowest ebb, and an attack of diarrhoea, cholera infantum or stomach trouble may prove fatal in a few hours. For this reason no home in which there are young children should be without a box of Baby's Own Tablets, which promptly cure all stomach and bowel troubles. If the Tablets are given to a well child they will prevent these ailments and keep the little one all and strong. Mrs. Joseph T. Pigeon, Bryson, Que., says: "My little one was attacked with colic and diarrhoea, and I found Baby's Own Tablets so satisfactory that I would not now be without them in the house." These Tablets not only cure summer troubles, but all the minor ailments that afflict infants and young children. They contain no opiate or harmful drug, and may be given with equal safety to the new born baby or well grown child. There are imitations of this medicine and mothers should see that the words "Baby's Own Tablets" and four-leaf clover with child's head on each leaf is found on the wrapper around each box. As you value your child's life do not be persuaded to take a substitute for Baby's Own Tablets—the one medicine that makes children well and keeps them well. Sold by all druggists; you can get them by mail at 25 cents a box by writing the Dr. Williams' Medicine Co., Brockville, Ont.

Bloomfield.

The picnic held here on Friday afternoon, the 23rd, was a decided success. It was attended by a very large crowd and a delightful time was spent by all.

The weather was fine neither too hot nor too cold just right to make ball playing comfortable. The most interesting feature of the afternoon was the ball game between the Bloomfield and Lakeville teams. It was a very close and exciting struggle which ended in a victory for Bloomfield, the score being 14-13.

Neither team tallied during the first inning. In the second spasm Lakeville got one score, and Bloomfield got one in the next inning. The next time the Bloomfield boys got a chance they pounced out four score before the side was out. Then came four score for Lakeville and the remainder of the game was very close and exciting.

At the end of the ninth inning, neither team was ahead the score being 13-13 and it was agreed to play another inning. In the tenth Lakeville did not score while Bloomfield got one man across the plate and thus gained the victory.

J M Foster of Monticello was umpire and discharged his duties in a manner that was very satisfactory to both parties. At the end of the game he received three cheers for his impartial rulings.

As our team was organized only this summer, and the players have had but very little practice together we feel justly proud of their success.

Glassville.

On Monday last we had a gala day on the Mansie grounds for the purpose of raising funds to erect a

manse barn for our beloved minister, Rev Mr Gibson. There was a goodly attendance but the afternoon turned out rather wet.

As there is some talk of a tax being put on old bachelors they are getting afraid and some have made proposals to sweeten it but they are taking their time—that is sweet 18 is taking time to consider, but it is thought it will be nay as the proposer is over 60.

John Anderson, Highlands, is building a fine two storey house. The inhabitants of Highlands have erected a fine public hall and we say success to the work for it is a thing much needed. Lindsay Robinson is managing the business.

Crops are looking fine out this way and there are many indications of a beautiful year.

GREEPERURA.

Kirkland.

During the last two weeks we have had abundance of rain and there has been rapid growth. The hay and grain crops are looking well in general throughout the country for this season of the year.

During the last few weeks the superintendent of roads has been busy in South Richmond. Our back roads have received a good share of his time and attention. A fine job has been done on the Richmond end of the Ryan road extending through the Ryans. We hope the superintendent of roads in Woodstock Parish will be mindful of the part of the Ryan road that lies in his parish and run the road machine over it.

Glassville.

The 21st of June will long be remembered as a red letter day in the memories of the members the Ladies Guild of Christ Church, Glassville. On the morning of that day one might have seen a number of teams wending their way to Mr Murdoch McKenzie's Camp at Maramichi. After a delightful drive they were met by the boats and conveyed to the camp two miles distant. On arriving, they partook of dinner after which a very enjoyable afternoon was spent in sailing, boat racing, target shooting and fishing. At a late hour supper was served followed by a dance at Mr Grey's. To those who have partaken of Mr and Mrs McKenzie's hospitality, nothing need be said but to those who have not, there remains a great treat in store, should they be fortunate enough to spend a day at The Forks, Maramichi.

Middle Southampton.

(Crowded out last week.)

Dr Pugsley of Woodstock passed through this place one day last week.

Joseph Oldham, of the firm of Oldham Bros granite and marble workers, has returned from an extended trip to up river points.

Gordon Grant is getting out telephone poles to be delivered at Fredericton.

Rev A D Paul preached in the church last Sunday morning. A bouncing boy at the home of Mr and Mrs A A Wright.

The Orange County Lodge of York West met in the Orange Hall on the 19th of June and resuscitated No 75 with twelve members. The officers for the remainder of the year are:—F R Brooks, W M; I Patterson, D M; J F Freeman, Chap; F C Brown, R S; B W Akely, F S; Ezra Grant, Treas; Berry Ingraham, D of C; John H Fox, Lec; E A Farnham, J F Freeman, Milburn Patterson, Berry Patterson, John Fox, Com.

We are sorry to learn of the illness of Amos Ingraham now of Skiff Lake. Charles Freeman of Presque Isle is visiting his sister, Mrs J C Fox, who is an aged lady almost 90 years and still hale and smart.

The hats that adorn the heads of the ladies are largely the work of Miss Lily Grant.

Feminine Economy.

The following letter was received from his sister by a New Yorker, who was away from home on a visit:

"I am sending by mail a parcel containing the golf coat you wanted. As the brass buttons are heavy, I have cut them off to save postage. Your loving sister, J."

"P.S.—You will find the buttons in the right hand pocket of the coat."—Harpers Weekly.

SUPPORT

SCOTT'S EMULSION serves as a bridge to carry the weakened and starved system along until it can find firm support in ordinary food.
