Forced to Suspend Business
Many business and working men neglect the first slight attacks of Rheumatism and Neuritis and let it gradually develop until they are forced to suspend business and lie home ill. The same case is found with neglectful women who are absorbed with their house duties and other matters and totally blind as to their own condition and needs. The great

South American Rheumatic Cure
can do more for such cases than costly physiotherapy. It gives immediate relief and cures completely after two or three days treatment. It has saved many men and women from years of agony and suffering.

Mrs. Bates, Toronto, writes: "I was a great sufferer from rheumatism, all remedies failed to cure me until I tried your South American Rheumatic Cure. It worked a great cure and I trust other sufferers may follow my example with satisfactory results."

If you have any form of Rheumatism, Neuritis, or any other ailment, please try this South American Rheumatic Cure. It will save you money and suffering.

Speaking of one of his books, "The Destiny of To-day," the Christian Guardian of Toronto has this to say: Dr Maclean has the happy art of putting the great facts that pertain to life and destiny in a striking light and drives home the lessons he gathers with unerring precision and commanding appeal. The author's style, while graceful and sometimes brilliant, is always clear, earnest and practical.

A Novel Suit.

At the equity court in Fredericton last week a novel case, in which the firm of Baird & Peters are plaintiffs, the Fredericton Agricultural Society, J J McGaffigan and the Blue Ribbon Tea Company of Toronto are defendants, was tried before Judge Barker, which resulted in a prohibitory injunction being issued in the same suit. It is understood that there is no case on record in this province in which the court has granted both of these injunctions—in fact a mandatory injunction is very rarely granted.

In addition to this suit itself is without precedent so far as can be ascertained. The case arose out of a competition instituted by the Fredericton Agricultural Society at an exhibition held by them in Fredericton in September, 1903, between three competitors of teas, namely, Baird & Peters, Vim tea, and McGaffigan Co. Tea Rose Blend, and the Blue Ribbon Tea Co. Blue Ribbon tea, the first and only prize in which was to be a gold medal. The judges to award this medal were Mrs Julia A Metcalfe of Port Hope, Ont, and Miss Kelsie E Ross and Miss Margaret Sharkey, both of Fredericton, who after thoroughly testing and tasting the various teas unanimously awarded the gold medal to the plaintiff. The society, owing to objections made by one of the competitors, declined to deliver the medal to the plaintiff, who having exhausted every effort to obtain it was finally obliged to resort to the equity court.

At the close of the whole case and after the judge had intimated that the plaintiff's case was established, the plaintiff's counsel stated that in view of the fact that the society was not a commercial body and was not a money making concern the plaintiff desired to waive his claim for damages and offered to bear a portion of his own costs which would otherwise be taxable against the defendant society.—St John Sun, March 13th.
