

H.B.K. BRAND

BIG SHIRT

Made big enough for a big man to work in with comfort. Has more material in it than any other brand of shirt in Canada. Made on the H.B.K. scale it requires 39 1/2 to 42 yards per dozen, whereas common shirts have only 32 to 33 yards.

That's the reason why the H.B.K. "Big" Shirt never chafes the armpits, is never tight at the neck or wristbands, is always loose, full and comfortable and wears well.

Each shirt bears a tiny book that tells the whole history of the "Big" Shirt, and also contains a notarial declaration that the H.B.K. "Big" Shirt contains 39 1/2 to 42 yards of material per dozen.

Sold at all dealers but only with this brand:—

COUNTY COUNCIL.

(Continued from second page.) the attorney-general asking Mr Foster to be there.

Coun McDonald—The people acted pretty bad around the gaol. If Foster was not there I don't know but we would have had another murder. It was a terrible hard thing to get anyone to work on the scaffold, and the crowd did succeed in driving one man away from the work.

Coun Tompkins—We ask the questions for information. When I saw that bill of \$10, I thought it was exorbitant, but when we get the information I find Mr Foster was there while they erected the gallows, and I do not consider it out of the way.

Mr Foster—These warrants are put in our hands I charge so much a mile and so much for service. I can get that bill certified to by the attorney-general or the judge and it must be paid. There is no item charged that you should not pay me.

Coun Phillips (Peel)—There are a good many finding fault and saying we pay everything that comes here, I want to ask the sheriff this, when you serve these King's summons, when you serve a number, is there any reduction, do you charge for one trip or separate trips.

Mr Foster—Separate trips. In case I have 3 or 4 warrants I probably charge you \$2.50 a day and expenses, when I would have 5 and am sometimes gone to the upper end of the county, I charge 10 cents a mile, and 30 cents for service.

Coun Bradley—In regard to a bill for taking Mrs Richardson to the asylum, her husband told me he was able and would pay that bill, he said I am able to pay and have property to pay. I claim the county should not pay that. This man's wife was at the asylum before. He got her brought back, he takes her over the line where he is working, when she becomes troublesome to him and he tires of her, he has her brought over the line and shipped to St John at the expense of the ratepayers. I claim this bill should be collected from Mr Richardson.

Mr Foster—I receive a warrant from the J. Ps. and the doctor having signed the certificate that the woman was insane, it was the third time I have taken that woman to the Asylum. For the law I refer to the sec-treasurer.

Coun Bradley—I am told the woman will be sent home from the asylum; mother made inquiries if there was any necessity of keeping her there and it was replied to her that there was no necessity at all. He moved that that matter lie over to the June session.

Coun Fewer—I cannot see what the benefit is in that.

Mr Hartley—I have to say that when Mr Foster receives a warrant to take a person as a lunatic to the asylum he is not to judge whether the person is crazy or not. If he does not execute the warrant some other constable will do it. They have to advance the money to take them, they usually come to me to get an advance of money, and then put in the bill.

Coun Bradley—Would there be any way to collect the money from the party I speak of.

Mr Hartley—I don't think there is. We have sent 15 persons to the asylum since I have been secretary-treasurer, and we are only supporting one, but the constable who takes the person to the asylum has a right to reasonable pay for his service in so doing.

Coun Raymond—The charge of taking every lunatic no matter from what parish falls upon the whole county?

Mr Hartley—Yes, and the fee of \$20 for admission. (Bill ordered paid. Press Printing Co \$2.00 paid. W N Hand, M D, 19.00 paid.)

Grand Jurors' attendance at December Court, \$11.00.

Coun Connolly—What is that bill?

Chairman—A list of Grand Jurors.

Coun Connolly—I thought the grand jurors did not get any pay. I believe that they should get pay as well as other jurors, but there is now no provision in the law.

Coun Raymond moved, seconded by Coun Carvell, that the matter lay over till June.

Coun Gallagher—I never got any pay as a grand juror, and I don't see why we should pay in this case. I move in amendment that the bill be rejected.

Coun Williams seconded the motion. Coun Connolly—I would like to find out who made up that bill.

Chairman—I should judge it was William Connell.

Coun Carvell—I should like to know what he has to do with it.

Coun Bradley—This was caused by two adjournments causing much extra expense to jurors. There was something wrong with the judge; we were dismissed on Tuesday and then again on

Wednesday till the following Monday. Monday we came and got through the business. My name is on the list but I shall vote against payment.

Coun Fewer—I shall vote against it.

Coun Connolly—I think it should be laid over till we know more about it. It is my opinion that the grand jury should have a right to something for being called here. I think they should be given enough to pay for their dinners.

Chairman—I think the grand jury came here and the court was adjourned; they were put to extra expense, for the reason, we do not know.

Coun Raymond—I think if these men were called here three times it was a burning shame for them to be taken from their work, the blame should rest where it belongs.

Coun Tompkins—I have long felt the grand jury should be paid, but that is out of my jurisdiction; my curiosity is aroused why was this adjournment.

Amendment put and carried.

J W Woolverton \$74.65.

Coun Connolly—It seems to me it took a good lot of men to get this prisoner, Cammack. I don't know whether the people are getting more faint hearted or not, but they look for are getting more desperate.

Coun Fewer moved, seconded, that the bill be paid.

Coun Williams—Is Woolverton a deputy sheriff or not, he charges \$2 for his day's work.

Coun Gallagher—I think there was one item of \$5 charged in that account.

Coun McDonald—You can't get a man to do a day's work without paying him \$1.25 or \$1.50 per day. You can't expect the officers to go out and enforce the law at one dollar per day. I think \$2 a day little enough; you won't get a man to execute a paper unless there is something in it for him; he ought to get as much as a man gets for sawing wood.

Deputy Foster asked to explain said when he went out to get Cammack it was almost impossible to get men to go with him. He got Woolverton, who did capital work, and he was entitled to his pay.

Coun Williams—We are here as custodians of the people and it is our place, if we believe it right, to pay or not pay bills, and we are not sent to be influenced by constables as to what bills we are to pay. Last year I was charged with being the meanest man in the county of Carleton. If the law does not allow this man two dollars he should not be paid it. I do not believe in our coming here with our mouths closed as to what bills we should pay. There are poor people in this county who have sold their last turkey to pay their taxes, and it is the duty of the representatives of the county to stand by the people who send them here. It has been too much the case that we have been blamed for defending our constituents; for myself I am not afraid to stand up for the rights of my constituents while I am here. I will go conscientiously for what I believe is right.

Coun Bradley—Mr Woolverton may have had some hard ones, and he has had some easy ones, he must take them as they come and go. But we must be careful how we pay out the money raised by the hard work of our people.

Items read:

Assisting Foster arrest Cammack \$55.00

3 days watching prisoner at Cammack's residence 8.00

Attending examination Cammack 2.00

Attending execution Geo Gee 5.00

Coun Tompkins—I would like to hear Woolverton on this matter.

Coun Gallagher spoke about the item for watching prisoner Cammack; he was taken to his home and left there; the supposition was he would die. He was told while these men were left there they did not watch him; they did not stay in the house and the man, for all of them, might have shot himself; the charge of \$8 was exorbitant.

Bill laid over until tomorrow morning.

Coun Raymond—I see in these bills, bills for meals. I supposed the mileage covered the expense of meals.

Mr Hartley—Where a constable takes a lunatic to the asylum, the county is supposed to allow him what is fair; usually the pay is \$2.50 per day and their expenses.

Coun Carvell—I notice there is an item for searching for a thief to arrest without a warrant, or the thief stole without a warrant. (Laughter.)

Coun McDonald—A man was robbed of \$30 and a watch; they employed Woolverton to try and get him, the thief.

Coun Bailey—Who employed Woolverton?

Coun McDonald—The man who made the complaint.

John S Leighton \$40.50 pd

Winslow M Dyer 5.00

Abel Demerchant 5.40

E H Kearney 5.40

Ed E Kearney 5.40

Martha A Kearney 5.40

Frank Grant 7.70

John Pickard 5.70

Edward Gee 5.50

Dr Connolly 29.85

On motion of Coun Gallagher, seconded by Coun Raymond, the bill was ordered paid at \$9.85.

Carleton Sentinel Co, \$2; W D Rankin, \$34; John Farley, \$4.70; W M Connell, \$34; all ordered paid but last one which was left over for further considerations. T C L Ketchum, \$20.30; John Barnett, \$4; Dispatch, \$52; A Henderson Co, \$40.

Coun Connolly criticized this bill which was for expense in connection with burial of Gee.

Coun Wiley—I saw Mr Henderson and he said there was a mistake, the price of the casket should have been \$30 instead of \$35, and the charge for attendance \$10 instead of \$5.

Coun Connolly—Who gave him authority to make such a charge? Chairman—It was ordered by the coroner.

Coun Fewer moved that the bills be paid.

Coun Gallagher—I don't know whether the council is right—whether it is a proper pauper's charge.

Coun McDonald—It is a county charge as far as Gee is concerned, but, as I understand the law, if a man commits such a crime and dies, his property is confiscated to the Crown.

Mr Hartley—That is not the law now, although it used to be.

Coun Lamont—We should give some instruction in cases of this kind to save repetition of such a charge.

Coun Williams—I think it is too high. A casket could have been got quite good enough for \$20. I understood the coroner requested the undertaker to get a good casket, all that was necessary was a good decent casket.

Coun Phillips (Peel) I think in the future there should be a limit set to such expenses.

Coun Williams moved the bill be paid at \$30.

Coun McDonald—The undertaker was ordered by the coroner to produce the goods; he can collect it from the county and we might as well pay this bill, now
