is absolutely imperative if you are to get any comfort from life or nourishment from food. A torpid liver can be a very dangerous

condition and should not be neglected. Few medicines act as thoroughly, promptly and safely as Beecham's Pills. They are vigorous but mild, and cause no inconvenience or nausea.

There is no remedy quite as good as Beecham's Pills, not only to

loosen the bowels but in the after effects. There is no binding up afterwards, as these Pills aid Nature in a natural way. Persons chronically constipated can become regular and be rid of the con-sequent discomforts formerly theirs by use of BEECHAM'S PILLS.

Farmers' and Dairymen's Association Meeting.

The meeting of the Farmers' and Dairymen's Association of New Brunswick at Fredericton, on the 25th, 26th and 27th inst, promises to

ROGRESS

be an event of more than usual interest to the farmers of New Brunswick. The different discussions that will be taken up include, 'The Improvement of Seeds,' 'The Preparation of the Soil for Crop Growing' and 'How the Fertility of the Soil may be Economically Increased.' The fact that at over \$200,000 per year is sent out of the Province for beef should create a general inter st in the discussion upon 'How shall New Brunswick Farmers Produce More and

Better Beef.' The great value of the Dairy Industry to the Province is recognized in the discussions which will be introduced upon the 'Essentials to Success in Dairy Farming,' and the Manufacturing and Marketing of Dairy Products.'

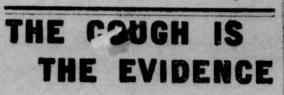

Our apple growing interests will receive special attention and the newly organized Provincial Fruit Growers Association will put on a special evening program.

The important subject of 'Agricultural Education' will be reported up-

on by special committee, the whole question considered and the opinion of the Association crystallized in the form of resolutions. The value of Nature Study in our Rural Schools will be demonstrated by Prof. John Brittain, and the chairman of the Board of Trustees of the Kingston Consolidated School will address the meeting upon the 'Practical Advantages or Disadvantages of the Consolidated School System as now in operation at Kingston."

There will be single fares on all Railways on the Standard Certificate plan.

The depot was tastefully decorated for the occasion with evergreens and bright colored paper which lent a charm to the surroundings. The menu was hard to equal and would do credit to Delmomicos-fowl of all kinds, a half dozen kinds of cake and other good things too numerous to mention. The cooking was the envy of all the ladies present, and the sixty or seventy guests who sat down to the tables did ample justice to the delicious things set before them. It was difficult to decide which some of the female guests took the most interest in the cookor the cooking but your scribe thinks the odds were all on Dannie. After tea the younger members of the company indulged in games and other minute amusements, while the elder ones congregated in groups and discussed the fate of Port Arthur, or how much a team ought to haul to Crawford's camp. One and all regretted the absence of Mr McCollum and Mr Murchie, however they were ably represented by Davie.
