

Some Good People

still follow antiquated methods of raising cake, biscuit, bread and pastry with home-made mixtures of what they suppose to be cream of tartar and soda.

They do not know that these articles as now sold in the groceries are almost anything else but cream of tartar and soda.

The best housekeepers use the Royal Baking Powder instead. Its scientific composition insures uniform results. Only by its use can the finest flavored, most wholesome cake, biscuit and pastry be produced. To any housekeeper who has not used the Royal Baking Powder we would like to send our Cook Book, free. Mark your request "For instruction."

ROYAL BAKING POWDER CO., NEW YORK.

The Moncton Transcript is doing its best to prevent the St John Valley from getting the G T P. We should think the Transcript could afford to let the road be located down the Valley, since this would in no way prejudice Moncton's position. The Transcript is generally regarded as being pretty well informed. We certainly hope it may be mistaken with reference to the route to be selected.

Don't You Think

That the reason McLaren's Pure Cream Tartar Baking Powder does not cost as much as that American make which you are using, is due to the fact that the composition used in McLaren's is poor quality, for the Dominion Chemist says it's the purest on the market.

Electric Light Oil is the highest grade American Oil, and is sold in Woodstock by Holyoke & Brown and H. R. Moxon, and at Waterville by Shaw & Clarke. A street parade of more than usual attractiveness, will be given at noon.

Abram Cox, formerly a resident of Lower Wakefield, but now living with his daughter, Mrs Shaw, in Brookline, Mass., is back in the county visiting his old friends. The addition this season of many high class specialties of a novel and interesting character insure a performance satisfactory and pleasing in all details.

As a comedian and end-man Mr Welby has gained an enviable reputation, and is pre-eminent among the foremost of his profession. Possessed of a keen sense of humor, his natural wit and brilliant style have made him a pronounced favorite wherever he has appeared. Tickets 25, 50 and 50.

On Tuesday evening the town council ordered the principal assessor paid at the rate of \$275, and his assistants \$125 each. When these gentlemen undertook the work last spring they claim there was an understanding that Mr Comben was to receive \$300 and the associates \$225 each. While we cannot claim that anything like a perfect assessment was made we do not understand on just what principle this cheese-paring was conducted or why Messrs Fields and Donnelly were docked so heavily.
