

Tumors Conquered Without Operations

Unqualified Success of Lydia E. Pinkham's Vegetable Compound in Cases of Mrs. Fox and Miss Adams.

Fannie Fox

Miss Luella Adams

One of the greatest triumphs of Lydia E. Pinkham's Vegetable Compound is the conquering of woman's dread enemy, Tumor.

So-called "wandering pains" may come from its early stages, or the presence of danger may be made manifest by excessive menstruation accompanied by unusual pain extending from the ovaries down the groin and thighs.

If you have mysterious pains, if there are indications of inflammation ulceration or displacement, don't wait for time to confirm your fears and go through the horrors of a hospital operation; secure Lydia E. Pinkham's Vegetable Compound right away and begin its use and write Mrs. Pinkham of Lynn, Mass., for advice.

Read these strong letters from grateful women who have been cured:

Dear Mrs. Pinkham:— (First Letter.)

"In looking over your book I see that your medicine cures Tumor of the Uterus. I have been to a doctor and he tells me I have a tumor. I will be more than grateful if you can help me, as I do so dread an operation."

—Fannie D. Fox, 7 Chestnut St., Bradford, Pa.

Dear Mrs. Pinkham:— (Second Letter.)

"I take the liberty to congratulate you on the success I have had with your wonderful medicine."

"Eighteen months ago my monthly stopped. Shortly after I felt so badly I submitted to a thorough examination by a physician, and was told that I had a tumor on the uterus and would have to undergo an operation."

"I soon after read one of your advertisements and decided to give Lydia E. Pinkham's Vegetable Compound a trial. After taking five bottles as directed, the tumor is entirely gone. I have again been examined."

by the physician and he says I have no signs of a tumor now. It has also brought my monthly around once more; and I am entirely well. I shall never be without a bottle of Lydia E. Pinkham's Vegetable Compound in the house."

—Miss Luella Adams, Colman Hotel, Seattle, Wash.

Another Case of Tumor Cured by Lydia E. Pinkham's Vegetable Compound.

Dear Mrs. Pinkham:—

"About three years ago I had intense pain in my stomach, with cramps and raging headaches. The doctor prescribed for me, but finding that I did not get any better he examined me and, to my surprise, declared I had a tumor in the uterus."

"I felt sure that it meant my death warrant, and was very disheartened. I spent hundreds of dollars in doctoring, but the tumor kept growing, till the doctor said that nothing but an operation would save me. Fortunately I corresponded with my aunt in the New England States, who advised me to try Lydia E. Pinkham's Vegetable Compound before submitting to an operation, and I at once started taking a regular treatment, finding to my great relief that my general health began to improve, and after three months I noticed that the tumor had reduced in size. I kept on taking the Compound, and in ten months it had entirely disappeared without an operation, and using no medicine but Lydia E. Pinkham's Vegetable Compound, and words fail to express how grateful I am for the good it has done me."

—Miss Luella Adams, Colman Hotel, Seattle, Wash.

Such unquestionable testimony proves the value of Lydia E. Pinkham's Vegetable Compound, and should give confidence and hope to every sick woman.

Mrs. Pinkham invites all ailing women to write to her at Lynn, Mass., for advice.

A Secret Treaty.

It is said that a secret treaty exists between Japan and Russia whereby the Czar himself is to pay a huge indemnity.

These facts concerning the treaty and its purposes can be stated on the highest authority. The Kaiser advised the Czar to make the secret treaty when they met on their yacht Hohenzollern and Polar Star, in the Baltic Sea.

It provides that the Czar of Russia, the Czar not the Empire, shall pay \$500,000,000 indemnity to Japan in five years, less the amount Russia will pay Japan for her care and maintenance of Russian prisoners of war, \$100,000,000, as provided in the treaty of Portsmouth.

It reported also that Russia agrees in the treaty to give Japan a free hand in China, though this point is not so certain as the other.

The compact was made without the knowledge even of Baron Komura and M. Witte. The Czar and the Emperor of Japan bound themselves solemnly to secrecy about the treaty.

Emperor William desired peace. He had his own reasons, but he desired peace. That the Kaiser was sincere and helpful, although President Roosevelt has assured the world in his letter acknowledging the Kaiser's congratulations.

When the Kaiser met the Czar, Nicholas told him he was for peace, but that the Russian people would have his throne if they had to pay an indemnity. William told him most plainly that Japan would never agree to peace without an indemnity. He finally advised the Czar to offer secretly to pay the indemnity out of his own pocket. The Emperor of Japan acquiesced in this proposal, making peace certain, and Japan gets the money.

THE NEW CABINET.

Edmonton N.W.T., Sept. 12.—Premier Rutherford has presented the names of his cabinet ministers to the Lieut. Governor, who has approved of them. The executive council will be: Hon. A. C. Rutherford, premier and minister of education, and provincial treasurer; C. W. Cross, attorney general; W. H. Cushing, minister of public works; W. T. Findlay, Medicine Hat, minister of agriculture, and Provincial Secretary; Dr. L. G. DeVeber, Lethbridge, minister without portfolio.

Dr. DeVeber is a New Brunswicker. He is about 55 years of age and commands a large practice at Lethbridge. No doubt he will receive a portfolio in due season. It is pretty clear that in every collection of clever men you will find at least one native of our province.

Millions of Postcards.

The German empire heads the list with no fewer than 1,161 millions posted there during that year. Even the United States, whose population is about one-half in excess of that of Germany, can boast of only 770 1-2 millions of these missives. Great Britain comes next, with 613 millions, Japan, which previously used next to Germany most postcards is now fourth on the list with 487 1-2 millions.

Bring much suffering to babies and young children. Certain cure in Dr. Chase's Ointment.

In the home where there are young children Dr. Chase's Ointment is found useful almost every day of the year. During the teething period, especially, there is almost sure to be an attack of eczema, scald head or some form of itching skin disease.

Besides the keen distress which such ailments bring to the little ones, there is always the danger of eczema becoming chronic and clinging to them through life.

There is no reason for any child to suffer in this way so long as Dr. Chase's Ointment is obtainable, for it is a prompt and thorough cure.

Only a few applications are required to bring relief from the itching, stinging sensations, and the skin is left clear, smooth and healthy condition. Dr. Chase's Ointment 60 cents a box, at all dealers, or Edmanston, Bates & Company, Toronto.

Baron Komura and Mr. Takahira, who last week attended a garden party at York, Maine, having subsequently ascertained that the party was organized partly for the benefit of the York Hospital, gave \$1,000 to the fund. The management of the hospital has requested to make public the fact of this "munificent and unexpected gift," and to announce that it has been decided to perpetuate it by endowing two beds in the hospital and placing over them tablets inscribed with the names of the donors.

To prove to you that Dr. Chase's Ointment is a certain and absolute cure for each and every form of itching, bleeding and protruding piles, the manufacturers have guaranteed it. Write them what they think of it. You can use it and get your money back if not cured. No box, at all dealers or Edmanston, Bates & Co., Toronto.

HOMESTEAD REGULATIONS.

Any even numbered section of Dominion Lands in Manitoba or the North-west Territories, excepting 8 and 26, which has not been homesteaded, or reserved to provide wood lots for settlers, or for other purposes, may be homesteaded upon by any person who is the sole head of a family, or any male over 18 years of age, to the extent of one-quarter section of 160 acres, more or less.

ENTRY.

Entry may be made personally at the local land office for the District in which the land to be taken is situated, or if the homesteader desires he may, on application to the Minister of the Interior, Ottawa, the Commissioner of Immigration, Winnipeg, or the Local Agent for the District in which the land is situated, receive authority for some to make entry for him. A fee of \$10 is charged for a homestead entry.

A settler who has been granted an entry for a homestead is required by the provisions of the Dominion Lands Act, and the amendments thereto, to perform the conditions connected therewith, under one of the following plans:—

(1) At least six months' residence upon and cultivation of the land in each year during the term of three years. It is the practice of the Department to require a settler to bring 15 acres under cultivation, but if he prefers he may substitute stock; and 20 head of cattle, to be actually his own property, with buildings for their accommodation, will be accepted instead of the cultivation.

(2) If the father (or mother, if the father is deceased), of any person who is eligible to make a homestead entry under the provisions of this Act, resided upon a farm in the vicinity of the land entered for by such person as a homestead, the requirements of this Act as to residence prior to obtaining patent may be satisfied by such person residing with the father or mother.

(3) If a settler was entitled to and has obtained entry for a second homestead, the requirements of this Act as to residence prior to obtaining patent may be satisfied by residence upon the first homestead, if the second homestead is in the vicinity of the first homestead.

(4) If the settler has permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements of this Act as to residence may be satisfied by residence upon the said land.

The term "vicinity" used above is meant to include the same township, or an adjoining or cornering township.

A settler who avails himself of the provisions of Clauses (2), (3) or (4) must cultivate 30 acres of his homestead, or substitute 20 head of stock, with buildings for their accommodation, and have besides 80 acres suitably fenced.

The privilege of a second entry is restricted by law to those settlers only who completed the duties upon their first homesteads to entitle them to patent on or before the 2nd June, 1889.

Every homesteader who fails to comply with the requirements of the homestead law is liable to have his entry cancelled, and the land may be again thrown open for entry.

APPLICATION FOR PATENT.

Should be made at the end of three years, before the Local Agent, Sub-Agent or the Homestead Inspector. Before making application for patent, the settler must give six months' notice in writing to the Commissioner of Dominion Lands at Ottawa of his intention to do so.

INFORMATION.

Newly arrived immigrants will receive, at the Immigration Office in Winnipeg, or at any Dominion Lands Office in Manitoba or the North-west Territories, information as to the lands that are open for entry, and from the officers in charge free of expense, advice and assistance in securing lands to suit them. Full information respecting the land, timber, coal and mineral laws, as well as respecting Dominion Lands in the Railway Belt in the Columbia, may be obtained upon application to the Secretary of the Department of the Interior, Ottawa; the Commissioner of Immigration, Winnipeg, Manitoba; or to any of the Dominion Lands Agents in Manitoba or the North-west Territories.

W. W. CORY, Deputy Minister of the Interior.

N. B.—In addition to Free Grant Lands, to which the Regulations above stated refer, thousands of acres of most desirable lands are available for lease or purchase from Railroad and other corporations and private firms in Western Canada.—Geo. 23.

Noted Temperance Worker Coming.

There is a general revival of Temperance lodges throughout the Anglo Saxon world. This is especially noticeable in the case of the I O G T in New Brunswick. Last year this order increased upwards of 50 per cent in membership. This is by far the strongest temperance organization in the world. In previous years it was very strong in this province, but on the adoption of the Scott Act temperance people thinking their work was done ceased working through lodges and there was a great falling off in membership. They are beginning to realize now that there is need of special temperance work by special temperance organizations. That the public school, the Sunday school and the church are not keeping our young boys from drink like the lodges did twenty five years ago. Hence people are turning to the tested and tried old order of Good Templars. Many lodges have been reorganized by the former members without any assistance from the Grand Lodge. The Grand Lodge executive, however, to assist people who feel the need of a temperance lodge in their community have secured the service of Rev A. J. Preece of England. Deputy of the International Chief Templars, an able organizer and brilliant speaker. Mr. Preece will be in Carleton County for five weeks beginning Oct 14th and any one wishing to hear this gentleman who has spent much time in the temperance work in England and United States may secure a meeting without any expense by writing L R Hetherington, Chipman, N. B.
