J W Pilcher, representing the firm which is to supply the machinery for the power house at the Meduxnakeag Dam, has been in town some days looking over the works. The order is to be filled in a few weeks. Mr Pilcher, who is an authority upon such matters, speaks most hopefully of the prospects for the local enterprise. He was quite surprised at the magnitude of the undertaking.

The Y P A of St Luke's Church held its annual meeting on Tuesday evening last, at the Rectory. The Treasurer reported a balance on hand of \$200.23, which sum will be devoted to Church purposes, the nature of which will be determined later on. It was decided to hold meetings of the Association every two weeks, at the houses of the different members. Mrs C J Townsend was elected President for the ensuing year, Miss Blanche K Dibblee, Vice-President, and Miss Mabel Glidden, Secretary Treasurer.

Allan Huber, a rotund old gentleman of Teutonic extraction, hailing from Waterloo, Ont, was here nearly a year ago. He was then a commercial traveller. Not being altogether pleased with the manner in which his mail was handled in the local post office, he registered some heavy kicks, including one to Sir Wm Mulock, of which nothing has since been heard. Allan has evidently left the road and gone into politics, as he appears to have received 72 votes in North Waterloo at the recent election. He stood as an independent. Like many other good men he does not seem able to impress his fellows with his own idea of fitness to represent them.

## Snowball Medal Presentation.

The silver medal given by the lieutenant governor to the pupil in Carleton County making the highest standing in the June High School Entrance examination was presented to the winner, Miss Gertrude McManus, on Tuesday afternoon. His honor was unable to be present and personally hand over the beautiful prize, and therefore requested Mr. H. Paxton Baird, chairman of the school board, to act in his stead. Mr. Baird gracefully congratulated Miss McManus upon the distinguished honor she had won, and carried out the presentation in a neat and acceptable manner. Rev. Father McMurray, Principal Harrison, Coun McManus and others made brief congratulatory addresses. The exercises took place in the High School building in the presence of the visitors, teachers, and pupils from the 8th grade up. The medal is suitably engraved and bears upon it the arms of the province, enamelled in colors.

## Peter Loler's Great Race.

### An Incident of the Old Stage Coach Days.

Like others of their race the Indians of the St. John were fleet of foot and possessed of great endurance, qualities that are by no means wanting in their descendants. Some forty years ago, a Maliseet Indian, named Peter Loler, gave a remarkable exhibition of speed and endurance, which is still talked of by the older residents of Woodstock. The circumstances, briefly stated, were these. One pleasant summer morning Loler presented himself to the driver of the old four-in-hand stage coach which was just about leaving the hotel at Fredericton for Woodstock, the distance being rather more than sixty miles. The Indian desired a passage and offered the customary fare. The driver on the occasion was John Turner, one of the most accomplished whips of the old stage coaching days, and popular with all travellers. As the stage coach was pretty full and the day promised to be very warm Turner, after a brief consultation with the passengers, declined the Indian's money and upon Loler's remonstrating told him in plain Saxon that the other passengers didn't like the smell of him, that his room was better than his company. This angered Peter and he said, "All right, John! Me be in Woodstock first!"

At 8 o'clock, a. m., Indian and stage coach left Fredericton together, and together they proceeded and in spite of Turner's endeavor to throw dust in the Indian's face the latter was always a little in advance. He stopped at every place the stage stopped to change horses (this occurred four or five times on the route) and took his dinner with all the solemnity of his race in the kitchen of the "Half way House" where the passengers dined.

As they drew near their destination the Indian's savage nature seemed to assert itself; he ran like a deer, waving his cap at intervals as he passed the farm houses, and shouting defiantly. Turner now began to ply the whip, for he had no intention of allowing the red-skin to beat him out. The passengers began to wager their money on the result of the race and grew wild with excitement. The Indian village, three miles below Woodstock, was passed with Loler fifty yards in advance, but the village was not Peter's destination that day. He saluted it with a war-whoop and hurried on. It was still early in the afternoon when the quiet citizens of Woodstock were aroused in a manner entirely unexpected. The stage coach came tearing into town at the heels of an Indian who was yelling like a demon and running as for his life, John Turner plying the whip in a lively fashion, and four very hot and tired horses galloping at their utmost speed. The finish was a close one, but the Indian was ahead. As soon as he had regained his breath sufficiently to speak, Loler walked over to where Turner was standing and philosophically remarked, "John! me here first!" Turner's answer is not recorded.

Our story should end here, but alas, poor human nature, it remains to be told that the Indian was soon surrounded by a crowd of friendly admirers, and before the close of the day was gloriously—or shall we say ingloriously—drunk.—(Rev Dr. Raymond in St. John Telegraph.)

The Mite Society of the Methodist Church will give a Valentine Tea in the basement of the Church on Tuesday, February 14th. Everybody come and get your Valentine.

# GARDEN BROS.

DRUGGISTS.

Main Street, Opposite Queen,  
Woodstock, N. B.

## The Drug Trade in Woodstock.

It is pretty generally admitted that no town of its size in Canada is better supplied in the drug trade than is Woodstock. There is one exclusively wholesale house, and three having both wholesale and retail departments, and four serving the retail trade alone. The oldest, and perhaps most widely known is The Baird Company. This house was established in 1839 by the late Lieut. Col. Wm. T. Baird. Year by year the business prospered, and now under the management of Mr. H. Paxton Baird, who is president and treasurer, its products are known and sold from the Atlantic to the Pacific. In addition to the wholesale department, until two years ago the firm conducted a retail store, but the wholesale business assumed such proportions that it was thought advisable to dispose of the retail, and give the firm's whole attention to the manufacture and sale of proprietary and other goods to the trade. Perhaps their best known product is the famous Kendrick's White Liniment. Rivaling it in popularity, and with a largely increasing output, is the well known Wine of Tar, Honey and Wild Cherry. They also put up the famous Grazer preparations for horses and cattle. Their travellers are receiving increased business each year. As before mentioned about two years ago the retail branch of the above firm was disposed of. It passed into the hands of Mr. Edgar W. Mair, a popular young man of pleasing manner, excellent reputation, and thoroughly conversant with the business. For some time he had been in charge of the store, and when he became proprietor set himself at work with even greater energy than before. His shop is filled with the finest drugs in the land, and the dispensing is done by registered druggists. In addition he has a checking system by which each ingredient is examined by two persons before being used. Those who trade with him will find everything satisfactory. Each week on the fourth page of this paper Mr. Mair has something of interest to the public. Watch for his announcements in each issue. Messrs Garden Bros., composed of J. T. and Arthur Garden, do wholesale and retail trade. They occupy two stores. On

Main Street nearly opposite Queen, their retail business is conducted under the careful and business like direction of Mr. Arthur Garden and a capable staff of assistants. Here one may find everything that could reasonably be expected in such an establishment. The reputation borne by this firm for careful attention, skill in compounding and general excellence, is not surpassed by any in the province. On Queen Street their wholesale store is located. An almost endless variety of goods in this line is kept in stock, and shipped all over the country. Mr. Julius T. Garden has charge of this part of the business, and is known as a courteous and successful merchant. The first page of the SENTINEL always contains the ad. of Garden Bros. Readers of this paper will do well to watch for it. Chas. A. McKee for many years has carried on business at the stand on Main Street next door to Troy's restaurant, and is favorably known all over the county. The People's Pharmacy, opposite the Carlisle Hotel, is owned and managed by I. Edward Sheagreen, a young man of ability, who during the short time in which he has been proprietor, has greatly added to the volume of business at that stand. He has a nice store well filled with fine goods. Dr Churchill, the up-town druggist, conducts his business in a quiet way, and is said to be doing well. His store is a great convenience to people in that locality.
