It is injurious chemicals and adulterations in common soaps that destroy your clothes. It is adulterations that harden your woollens and the excess alkali that destroys and shrinks them.

Sunlight Soap

contains no adulteration or excess alkali. It is just pure saponified fats and oils. That is why it cleanses your clothes perfectly in hard or soft water and does not injure them. All dealers are authorized to return your purchase money if you find any cause for complaint.

STUDENTS CAN ENTER AT ANY TIME

As we have no summer vacation, do not divide into terms, and the instruction given is mostly individual.
We do not find it convenient to give a summer vacation, as many of our students are far from home, and would be seriously inconvenienced by an interruption of their work.

Besides, St. John's summer weather is so cool that a vacation is not necessary.

100,000 People.

There are a lot of people who have realized this year what modern bicycling is. There are also at least 100,000 who think they know, but who really do not know, what bicycling means today.

These people rode wheels five or ten years ago, when bicycling

was in its infancy. They stopped because they thought it too hard work, that the bicycle was hard on the arms, or was uncomfortable to ride on uneven roads, or was unreliable. It's a different proposition today.

The fact of the matter is that the bicycle is as far ahead of its predecessor of 1895 in point of safety, reliability, comfort and easy riding as a Pullman is over a freight caboose.

OUR COUNTY LEGISLATORS.

(Continued from third page.)
getting \$200 for two minutes work. We have to pay for erecting the gallows. I do not think the sheriff should ask that much. I shall vote for the amendment to the amendment.

Coun Bull—I will vote for the original motion. I think we did not use the sheriff right the last session. This is something that never happened in our county before, and when the sheriff was appointed he did not expect to do anything of the kind. I think one reason the Dominion Government appointed a hangman was because they did not expect the sheriffs to do this work. I shall vote to pay him in full.

Coun Raymond—The idea around is that the sheriff gets from \$500 to \$1000 of a salary per year. In this matter it must be remembered he was master of ceremonies and had the whole responsibility on him. If we have a superintendent for a public building we do not expect him to get his coat and work. We pay him for his superintendence. I think he ought to be paid. I think if we pay the deputies we ought to pay him.

Coun Williams—He does not put in a claim for re-imbursement for last summer's work. It is only an appropriation that the Attorney General would certify his bill. We should not be influenced by that. The Judges or Attorney General will be careful of bills they certify.

Coun Connolly—I think this is a mistake. The idea is that he only receives about \$300. The county has to feed the sheriff. He has the office of jailer and that gives him \$250. He gets rent free. All his wood and everything for the house is paid for by the county. If he does any of us get any pay if we don't work. It is his own business if he employs a deputy to do most of the work.

The amendment to the amendment was then put. The following voted aye: Couns O'Brien, Williams, Wiley, Lamont, Miller, Bradley, Connolly, Phillips (Peel), Tompkins—9. Remainder council voted nay.

The amendment was carried on the following division: Ayes—Couns Gallagher, Jamieson, A. Gibson, Phillips, Wiley, Lamont, Miller, Bradley, Connolly, Phillips (Peel), Tompkins, Hay, Bell (Richmond), Williams.
W. W. Hay, \$19.00; Neil McKinnon, \$4.00; John Farley, \$11.00; A. Henderson Co., \$21.50 (this was in connection with the burial of a pauper who died at the hospital).

Coun Lamont moved that the bill be paid and charged to Brighton. This was seconded.

Coun Connolly—I do not think there is anything in this bill that should lead to its being charged to Brighton. It is only a matter of fact that this council has no authority to decide; it is a question where settlement is to be proved. It is a matter to be tried in a court of law. There is not one jot or tittle of law under which the county council can decide as to the settlement of the pauper. The council has the right to decide, in the case of a dispute what the pay shall be. That is in case the overseers of the poor give assistance. This boy, Root, fell into need in the parish of Aberdeen. He was at George Gilmore's.

Coun Lamont—He was taken sick before he came to Aberdeen.

Coun Connolly—It is a very strange thing that they are asking the overseers of Brighton to pay the bill. The Aberdeen people took this boy to the hospital and he died there. Mr. Henderson has ordered a burial and now puts this bill into the council. Let Mr. Henderson get his pay from the overseers of the parish of Aberdeen. They claim he belonged to Brighton, let them prove in a court of law that he had a settlement in Brighton.

Coun Gallagher—He was taken out of a public institution in Boston I think, and sent to a place in Brighton. He lived there so many years. I move that it be referred back to the parishes of Aberdeen and Brighton to settle their own business.

Coun Connolly—Coun Connolly has some what changed his view since last winter. When talking with me then, he proposed that each parish pay half of this bill. I would not agree to that. I said that if the bill was against Brighton they should pay it.

Coun Connolly—Coun Lamont's statement is correct. I met him as he says and said this affair is kind of mixed up; we had better divide it; he said, no, they had nothing to do with it. I went home and consulted the law. I came to the conclusion that according to the law we had no right to pay it. I was not then willing to pay one half the expense. My mind is to make a test case of it, and go to law, if it comes to that.

Coun Carvell—This bill came up last winter. At that time it was referred to the parishes concerned. It appears there has not been anything done at all. Now, we have a motion to do the very same thing. Notwithstanding what Mr. Connolly says, we take our law from the scriptures. I would ask him what constitutes a residence.

Mr. Hartley—There are two ways a minor can get a residence; one way he takes the residence of his parents; if illegitimate he takes the residence of his mother. That is if his parents live in New Brunswick. If they live outside there is no way provided for getting a residence. I am prepared to say that where people took a child out of an institution, the persons who took it would not be regarded by the law as guardians, and for this purpose be regarded in the place of parents.

Coun Bradley—I saw Mr. Craig who said the boy lived with him for a while and then went to Glassville, and from Glassville to the hospital. The councillor here read a letter from Attorney General Pugsley, who gave it as his opinion that Brighton was not responsible.

Coun Connolly read from the Con. Statutes, as the law there bears on the matter.

Coun Gallagher claimed that the boy became destitute in Aberdeen and was sent by that parish to the hospital, that parish would pay.

Coun Connolly said if the boy had

BABY'S DANGER.

A mother cannot watch her little ones too carefully during the hot weather. Dysentery, diarrhoea, cholera infantum, and disorders of the stomach are alarmingly frequent during the summer months, and unless the mother has at hand an efficient remedy to check and cure the trouble a little life may go almost before you realize the case is serious. At the first sign of any of these ailments the wise mother will give her little one Baby's Own Tablets, which promptly cure all hot weather ailments. Mrs. John Lancaster, North Portal, N. W. T., says: "My baby was attacked with diarrhoea and vomiting. I at once gave Baby's Own Tablets and the next day she was as well as ever. I am never without the Tablets in the house as I find they are the only medicine a little one needs." Other wise mothers will follow Mrs. Lancaster's example and keep the Tablets always at hand—their prompt use may save a little life. Sold by all medicine dealers or sent by mail for a box by the Dr. Williams' Medicine Co., Brockville, Ont.

been taken sick in Brighton, his parish would have paid the bill.

Coun Carvell—An immigrant from Denmark cost the parish of Wilmot \$200, before he was sent home to his parents, and the parish had to pay the bill.

Coun Wiley thought the fact of Mr. Craig taking the boy out of the home would put the responsibility on him and the parish of Brighton, with it.

Coun Lamont thought the boy was two years in Brighton, and 10 months in Aberdeen. He was turned out of the hospital because he was not curable, and it was not fair to charge Aberdeen with the bill.

Coun Williams moved that the council not pay the bill.

Coun McDonald—I do not think we are treating Mr. Henderson right. I think the board had better wipe it out and be done with it. If Brighton and Aberdeen won't pay their share, I think the whole council should pay Mr. Henderson, I think the matter should be settled right here.

Coun Tompkins—I don't feel like making this council the dumping ground for everything. It would be better to make a test case of this.

Coun Miller—If this is not a county charge we should not deal with it.

Coun Connolly—We find out that at one time this Root was earning wages in the town of Woodstock. He was hostler in the Queen Hotel.

Coun Wiley—It is proved he was a resident of the county at any rate. The better way would be to settle it by the county.

Coun Gallagher—This thing is pretty well threshed out now. As far as I can bring my mind to bear he became a resident wherever he became sick. The last place he became sick was in the parish of Aberdeen. I think the hospital authorities have a claim on the parish of Aberdeen.

Coun Lamont—I know Mr. Gallagher always thought any pauper living anywhere near the parish line should be supported by Aberdeen. We had a poor woman from his parish; she was furnished with goods to keep her from starving, and the party who furnished the goods never got any pay from Kent.

Coun Gallagher said that there was such a bill paid by Kent. He instanced a case where one of the poor of Aberdeen was supported by Kent people and Aberdeen never paid for it.

The amendment to the amendment "that the bill be not paid" was then put and carried.

William Kimball, \$9.50; Michael Cullens, \$7.75.

On motion of Coun Gallagher seconded by Coun Williams bill ordered not paid.

Dr. G. W. Somerville, \$8.00; Owen Kelly, \$19.50; J. C. Hartley, \$19.50; J. C. Hartley, \$10.00; Jacob Vanwart, \$44.45 (to be paid when attested, less \$5 burying Dr. Somerville); C. J. Taber, (to be paid when attested) \$2.00.

Dr. M. F. Connings, \$22.00.

Coun Smith wanted to know why Dr. Connings was sent for to attend the execution of Cammuck when there were lots of doctors in Woodstock and the mileage would have been saved, anyway.

Coun Connolly—it appears to me that there were doctors enough in Woodstock without bringing a man 30 miles and paying his mileage. There is something a little wrong.

Coun Raymond—it seems to me \$15 for attending the execution is an exorbitant charge. The mileage is all right.

Coun Smith—I would like to ask Mr. Foster who is present why Dr. Connings attended the execution.

Mr. Foster (deputy sheriff) I do not know as I could give you any information any more than that Mr. Cammuck was very anxious that Dr. Connings should be there. I am informed that two doctors must attend an execution and Dr. Connings was brought there.

Coun Smith—Who was the other?

Mr. Foster—Dr. Rankin, the gaol physician.

Coun Gallagher—I have a little recollection about that bill. Dr. Connings was notified to attend.

Coun Raymond moved, seconded by Coun Williams, that the bill be paid less \$5.00.

Coun Lamont moved that it be paid less \$8.00.

On motion of Coun Gallagher seconded by Coun Williams bill ordered not paid.

On motion of Coun Smith the district of Upper Woodstock be assessed \$100 for road purposes. It was explained that this motion was omitted last session.

In the matter of the James Miller petition, the committee reported as follows: We, your committee appointed in the case of James Miller re his assessment in the parish of Aberdeen beg leave to make the following report, that we have taken all the information re the case which was available and would recommend that Mr. Miller and the assessors of Aberdeen

Coun Gallagher—He will not take that.

Coun Wiley—What was Dr. Rankin's bill for his attendance.

The Chairman—There is no bill here from Dr. Rankin.

Coun Gallagher—It is the charge that was paid at the time the Gee bills were paid.

The amendment to the amendment was put and lost and the amendment carried.

James W. Woolverton, \$51.10.

Coun Smith—in this bill I notice for the arrest of two men named Wright, who live in the same house, there is a higher charge for one than for the other.

Mr. Woolverton—One of them was away from home, four miles.

Coun Raymond—That \$2.50 charge was for going to asylum with a lunatic, there is no mileage charged.

Edward E. Kearney \$5.40 (pd if not pd before.)

Mrs. John Hall \$5.00 (pd if not pd before and when attested.)

A. R. Foster \$206.35.

Coun Connolly—I notice something about summoning a jury for the Gee inquest. I thought we had Gee's matters paid up.

Mr. Foster—It was my neglect in overlooking it.

Coun Williams—I notice a charge of taking one prisoner to Dorchester \$15 while taking a patient to Fairville is \$16. Only two dollars difference while the distance in one case is much greater.

Mr. Foster—In one case I had to take an assistant with me. Going to Dorchester there was only the two of us. I had to remain in the one case over Sunday, because it was insisted that I take the patient away on Saturday.

Bill ordered paid.

On motion of Coun Shaw bill of Jas. Woolverton was reconsidered. Mr. Woolverton having discovered that a charge of \$1.50 which was in his bill was paid in Mr. Kimball's bill, and it should not be in both. Bill so amended.

On motion of Coun Ambers Giberson the bill of Michael Cullens was reconsidered. Mr. Giberson moved that the bill be paid and charged to the parish of Kent.

Coun Gallagher—I know we paid the commissioners and the jury for laying out the road. What Mr. Cullens was there for I don't know. I move it be not paid because we have not the proper information about it.

Coun A. Giberson—We all know that they have to have a surveyor for a road, so that if the marks are taken away, it will be known where the road was to be.

Coun Gallagher—There is no road there nor ever will be.

Bill ordered paid and charged to Kent.

Coun Bailey moved the following resolution: Whereas some doubt has arisen as to the time when the grants to the hospital shall be paid; Be it therefore resolved that the payments of the grants to the hospital be in semi-annual payments on the 1st days of June and December and that the secretaries be instructed to close up the accounts with the hospital and pay all monies now due the hospital in accordance with the several grants made to said hospital and in future the payments be made on the times above mentioned.

Motion seconded and passed.

On motion of Coun Smith the district of Upper Woodstock be assessed \$100 for road purposes. It was explained that this motion was omitted last session.

In the matter of the James Miller petition, the committee reported as follows: We, your committee appointed in the case of James Miller re his assessment in the parish of Aberdeen beg leave to make the following report, that we have taken all the information re the case which was available and would recommend that Mr. Miller and the assessors of Aberdeen

THE FIRST MAN to SELL ROYAL HOUSEHOLD FLOUR

in the Town of Westville, N. S., was

GEO. E. MUNROE.

He saw it advertised in the daily papers and he thought he would try a few barrels. He didn't get many at first, not more than thirty barrels, because he wasn't quite sure how the Westville people might like it. However the flour came along and he tried it in his own house. Then he told a few friends that it was something first-class, and they also tried it. It seemed that nearly every person who got a barrel recommended it to someone else until before very long the inquiry became general and other Westville merchants had to get it for their customers. To-day the most popular flour in Westville is undoubtedly

ROYAL HOUSEHOLD

and three of the leading merchants in Westville recommend it before all others.

Royal Household Flour is made of the best grade of hard Manitoba wheat. It is not a blended flour and it is purified by electricity.
