News from the Country.

Bloomfield.

The ball game at the Williamstown picnic on Saturday afternoon, Sept. 2nd, between the Bloomfield and Lakeville teams was well played for beginners and was witnessed by a large crowd from the surrounding villages.

There was some fine work done by both sides and of course some of the other variety as well.

On the batting list the teams lined up in the following order:—

Bloomfield:—F Grant, c; A Archibald, p; H Graham, 1st b; W Cheney, 2nd b; G Wilson, 3rd b; H London, s; S B Flemming, lf; M London, cf; S Flemming, rf.

Lakeville:—R Jones, c; F Fowler, p; K Reid, 1st b; H Williams, 2nd b; L Fowler, 3rd b; H Carvell, s; F Armstrong, cf; C Kennedy, cf; J Bealisto, rf.

After the second inning, Lakeville changed their men around a little, putting Reid in the box, Carvell on first base and F Fowler short stop. Fowler with his swift straight balls made an easy mark for the boys and they scratched down eleven scores in the first two innings. Reid fooled them at first with his slow balls and in the next three innings they only got two scores. But after that they began to find them and piled up twenty-two scores in the remaining four innings. As Reid is a man from the Centreville team, much was expected of him.

The field was not a very good one to play base ball in, (being better adapted to golf.) The diamond was marked out on top of a hill; there was a rock pile back of both first and third bases and the catcher did not have a very good stand, but the boys made the best of it.

There was only one home run made. Jones struck the ball towards first, where it bounded out to the rock pile and got lost in the bushes. While the fielders were searching for it, Jones was flying around the diamond and landed on home plate just as the ball was picked up. Beyond this no great inconveniences were suffered from the disadvantages of the field.

Some bad throws were made to bases by both sides. In the third inning with Lakeville at the bat, Grant threw a high ball to second which bounded out into centre field, allowing the man on third to come home and the man on first to reach second. In the sixth inning with Bloomfield at the bat, Jones threw a wide ball to first while all the bases were full, which was not got under control until three men had kicked up a dust around the diamond and pounded three scores onto home plate.

At the end of Lakeville's sixth inning their crowd of admiring ladies and their "roarers" left the field as though they were ashamed of them. This seemed to dishearten the boys as in one of the following innings they got three score and in the remaining two they failed to get any.

In the 9th inning Archibald pitched his best and two of the batters were fanned while the other sent only a feeble little ball to the pitcher who picked it up and tossed it to first base before the batsman was half way there.

On the whole the Bloomfield boys played a fine game and although Lakeville put up a stiff fight they were not able to catch up to them, the score being nearest a tie at the end of the fifth inning when it stood 13-12. But from that time till the end of the game the scores came in thick and fast for Bloomfield and Lakeville was left behind.

Mr McIntosh of Centreville was a fair umpire. He had some close decisions to make, but decided all in a manner satisfactory to both sides.

The Bloomfield boys went home in gay spirits, but Lakeville went home dejected.

Perhaps this will also account for their blaming the Bloomfield boys with taking the balls they claim to have lost.

They should organize a searching party and look about the field for them until they receive the promised box of marbles, which we hope, will fully recompense them for their asserfled loss.

The score of the game was:—
Bloomfield 13 2 4 5 6 7 8 9
Lakeville 8 3 2 0 4 1 8 9-35

Monday was a thanksgiving day for the refreshing rain which came Sunday night. Last week forest fires could be seen raging all around and several mornings we were enveloped in smoke, and the dust—well it can be better imagined than described especially by those who had occasion to drive over the roads last week. Never was rain more appreciated than that of Sunday.

Our school reopened on the 14th ult and is progressing very favorably under the guidance of Miss Alice Williams.

Harvest Excursions.

The Canadian Pacific Railway has arranged to run two Harvest Excursions to Manitoba and the Canadian Northwest from the Maritime Provinces. Tickets will be issued on September 15th and 22nd from stations on the Intercolonial Railway east of New Glasgow, and on September 18th and 23rd from other Intercolonial railway stations in Nova Scotia and New Brunswick (except from Canada Eastern section and points north of Moncton) also from the Dominion Atlantic railway stations and Canadian Pacific Railway Atlantic Division stations in New Brunswick.

These dates have been chosen so that excursionists can, if so desired, avail themselves of the accommodations afforded by the tourist sleeping cars which leave Montreal on Pacific Express at 9-40 every Sunday morning. Tickets will be issued for second class round trip passage, and will be good for return within two months, and can be extended in the West not to exceed an additional two months on payment of five dollars for each month's extension desired.

The rates are exceptionally low viz—St John to Winnipeg and return \$30.00, Regina and return \$33.25, Calgary and return \$38.50, Strathcona and return \$40.50, with equal rates to other points.

The tickets give prospective settlers a splendid opportunity to see the great Northwest at its best and to spy out good locations, and the farmer of the east can see how farming is carried on by his western brother.

Rates from points on the Intercolonial and P E Island railways are made by adding two second class fares from starting point to St John to the rates quoted from St John. From points on the Dominion Atlantic railway by adding regular round trip rate to St John to the rates quoted from St John. Through tickets will be issued.

Persons contemplating such a trip and wishing further particulars should communicate with Mr F R Perry, D P A C P Ry, St John N B who will arrange desired tourist accommodation, and furnish free literature descriptive of the Canadian Northwest.
