If Hearst, in his clamorous pursuit of office, detects and convicts and sends to prison for good long terms all scoundrels, big and little, in Tammany Hall, he will perform an act of the greatest public utility and importance, for which he will deserve and receive the thanks of honest New York.

On the other hand, if Tammany Hall or any of its managers succeeds in detecting, convicting and sending to prison a Hearst scoundrel, the thanks of the entire honest population of New York will go out to it. Likewise, if any organization, agency or individual, Hearst, Tammany, Odell Republican, Socialist, Mugwump, Prohibitionist or other, can and does produce evidence adequate to jail a political rogue, no matter what button he wears, that organization or individual will perform a valuable service for the honest voters and officials of New York. Of the present disordered political situation no man with a clear conscience need fear the outcome, and the majority of the electorate have no cause for even the slightest uneasiness. —New York Sun.

Robbie's father had a man drop in to see him. After they had chatted a few minutes the guest was offered the only cigar on the table, so Robbie was sent upstairs for a fresh box. As the boy reached the top stair his father was startled to hear: "Which kind, papa? Do you want those you smoke yourself, or the kind you give away?" —December Lippincott's.

News from the Country.

Brookville.

The weather has been very fine of late, and our enterprising farmers have taken advantage of it, to secure a good supply of wood for the long dreary days of winter.

Hanford Waters is having some repairs made on his house. Edward McAuley is master carpenter.

One of our young men has chosen the "nigh" side of the harness and we expect to hear wedding bells soon.

Our day school is taught by Miss Inez Murphy, under whose management our pupils are progressing rapidly and we are in hopes of securing her services for another term.

One of our young men says there is nothing like an "emery stone" at an oyster supper. We wonder why? We are glad to hear that Mrs Pryor is recovering slowly, after a long illness.

Inspector Meagher visited our school one day last week and found things progressing favorably.

Miss Nellie Nye of Monticello has been visiting her friend, Miss Lily Crandemire.

The hay-pressers have bid farewell to Brookville, but we still see their smiling faces, occasionally.

Humphrey Bubar is helping Hanford Waters cut logs.

James Tompkins and W B Jones have been threshing for Barker, H Jewett, at Upper Bloomfield.

We are glad to report that their new threshing machine gives good satisfaction.

Mr and Mrs J R Jones spent Sunday at St Thomas.

Archie Tracy was the guest of W B Jones last Sunday.

Mr and Mrs J W Delong, Sr have been on the sick list but are recovering under the care of Dr Bealrato.

We are glad to hear that our teacher's arm is strong again, but we don't know what cured it, unless it was mutton tallow.

George Mcleary and a young lady passed through here Sunday morning in a rubber tire. We think they were going raspberrying.

The young people of this place are talking of having a Christmas tree and concert in the school house in the near future.

Shepard Crandemire's windmill still goes round.

ROSEBUD.

Lower Greenfield.

A few inches of snow fell Sunday night and Monday, but most of the people would rather have rain before winter sets in. Rain is very badly needed and unless it comes before winter begins, many will have to haul water. Some are hauling their water now.

Getting wood out and yarded and dancing parties seem to be the order of the day. On Wednesday the 15th a crowd gathered at Mr Robt Hovey's and enjoyed themselves dancing.

Miss Lizzie Holmes who is teaching at Dover Hill spent Saturday and Sunday with her parent.

Andrew J. Kinney, our local sportsman shot a fine deer while out cutting.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surface.

We will give One Hundred Dollars for any case of Deafness caused by catarrh that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

A lot of turkeys and geese for the Bangor market. W. W. Wilson was also buying; opposition is the life of trade. They paid as high as 18 cts for turkeys and 10 cts for geese; some report they sold for more.

Wm Armstrong is still buying fat sheep; reports say he has shipped over one thousand. He is a hustler and is a great benefit to this section.

Wedding Anniversary.

A very interesting event took place on the afternoon of the eleventh inst at the home of Robert Lunn, Summerfield, Car Co. The occasion of this gathering was to commemorate the twentieth anniversary of the marriage of brother and sister Lunn. About one hundred gathered on this occasion at this beautiful home with costly and beautiful presents as happy remembrances of the event. The time was spent in pleasant conversation interspersed with vocal and instrumental music. The well spread table indicated that Fanny's twenty years of married life had well qualified her to suit the taste of the most fastidious. Our brother and sister's beautiful home, well filled barn and dutiful son and daughter certainly constitute much to be thankful for. A pleasant address well suited to the occasion was made by Elder D E Brooks after which the happy gathering dispersed to their homes wishing our brother and sister many years of happiness in their married life.

Do not think, because your neighbor is being criticised, you have no faults.

My kittens three, were white and gray;

'Twas hard to keep them clean;

No matter how I worked each day,

The kits looked very mean.

They'd go out in the morning clad

So tidy and so trim;

At night, they'd come home looking

sad,

With clothes so soiled and grim.

I could not keep them tidy, neat,

One hour of the day

When they were in the field or street,

With other cats at play.

I then procured the DIAMOND DYES

And made a dye bath hot,

And to my kittens great surprise,

I dipped them in the pot.

To-day, my kittens all are dressed

In Black so rich and deep;

I mourn no more, and now am blessed

When'er I roam or sleep.

The moral of my song is plain,

To women bright and wise;

If you would pleasure, profit gain,

Just use the DIAMOND DYES.

ing wood one day. When dressed it weighed ninety pounds.

Mrs Shannon's sheep were found in the barn-yard one morning. She did not put much stock in the old rhyme about Boo peep, or she would have.

Left them alone. And they'd come home. Digging their tails behind them.

Flocks of turkeys are disappearing from the yards since Barry Wakem, who is buying for Armstrong, has been around. They demand a good price and some still have hopes of a better price later on.

"DY-O-LA" is a revelation to every woman at first. It seems too good to be true that one package of "DY-O-LA" will color silk, cotton, woolen and mixed goods—or all four.

—This is just what "DY-O-LA" will do—and color MORE goods to the package than any other. "DY-O-LA" contains no acid to injure even the most delicate fabrics, and does not stain the hands or boiler. Best in every way for coloring at home.

Druggists everywhere have "DY-O-LA" in 10 cent packages. Color card sent on receipt of 2c stamp. The Johnson-Richardson Co, Limited, Montreal, Canada.

Williamstown.

Another slight layer of snow this morning but no prospect of rain. The question is what will we all do for water.

There is not much sickness around here at present; some few have sore throats but nothing very serious.

Miss Edna Page, Tracey Mills, was the guest of her brother, Wm., Saturday and Sunday.
