The Prescription Druggist.

The Carleton Sentinel,

ESTABLISHED 1837. New Brassvick's Oldest Merspaper. l'ublished by The Carleton Sentinel Publishing Co. L'id.

FRIDAY, DECEMBER 8th, 1905

TO OUR READERS.

We have a short talk for patrons of the Sentinel. We will try to be brief. The first important thing is. our change of location. You will find us now on Queen Street, downstairs, directly opposite Henderson's Furniture Store, and alongside J W Astle's insurance office. Please do not forget this when you come to town, we might also add our wish that all those who desire the Sentinel for 1906 would kindly send their remittance in advance without unnecessary delay, as the mailing list is undergoing rigid inspection. To the comparatively few who have neglected our warnings we would say do not be insulted if you receive a lawyer's letter for what you owe. It is your own fault. To the many who have helped us for so long we again return our thanks. Remember we are ready to do job work of almost any kind at short notice. Don't forget the location of our new office on Queen Street.

Our Esteemed Contemporaries.

Our neighbors the Dispatch and the Press are having a spicy little warfare these times. Each accuses the other of some dreadful things. the Queen Street organ speaking of the King Street journal of the fireside says :- "Time was when it (the Press) was worthy of consideration,-now it is worthy of none. The Dispatch declines to take any further notice of it."

The Christmas season is too near for such warfare to continue. Let there be peace. The hatchet must be buried.

The St John Sun is still a shining light in the conservative fold. Some folk are bold enough to claim that it will be purchased by the Liberal party. We do not think so, but perhaps we are not wise. The knowing ones claim that the Liberals have an option on the property with the right to purchase up to the end of the year at \$125,000. The money is well worth it, but the party wants an organ, and the managers say they must have one.

"Coom-Na-Goppell" Sold.

His Honor Judge Carleton has, we understand, been offered a fancy figure for the drams written by him entitled "Coom-na-Goppell," which was recently put on by a St John Literary Society. A Chicago house is the purchaser. The learned judge, who is gifted with a decided literary turn, wrote "More Sinned Against than Sinning" about twenty years ago. This has had a great run and has brought big money to the own-

Balfour Resigns.

Premier Balfour of Great Britain resigned on Monday. The King sent for the Liberal Leader, Sir Henry Campbell Bannerman, and asked him to form a new government. Sir Henry has accepted the task. The Conservative Unionist party has held the reins since 1895. The house of Commons will be dissolved. It is expected that the new government will come back with about 150 majority including Nationalists.

Temperance Lecture.

Elder Kersey lectured Tuesday evening on Temperance. There was a fairly large audience. Rev Nat McIntyre was on hand and made an able speech. Owing to illness the gentleman who was to perside found it impossible to get there. On special invitation Coun Stevens went to the Church and gave a short talk on temperance. A leading young lawver and an editor were handled with out gloves by the elder for their failure to show up as promised. Probably they were not well versed in the subject for discussion.

Sabine Carr Goes West.

Sabine Carr left here Wednesday evening for Bellingham, Wash, where he will take charge of a large retail drug store. Mr Carr has recently been with a big Boston house but secured the position in the West and decided to go there. He is a thoroughly capable young man. He holds the degree of Phm B from Toronto University, and is also duly registered in this province. In this his native town he has always been popular in musical and society circles. He is also a Mason. Mr Carr carries with him the best wishes of all for much success.

Sweaters, &c. &c.

THE OLD PROBLEM

"What shall I give HIM for Christmas",

Once more confronts you. We have made a few suggestions above which may perhaps aid you in getting just what will We will put aside anything you select and keep perfectly "mum" about until it Santa Clause time.

JOHN MCLAUCHLAN,

The Male Attire Specialist.

LETTERS TO THE EDITOR.

WANTS COUN. LEIGHTON.

Sir:-Will you permit me to say a word in favor of the junior member of the board, Coun. J. S. Leighton. I believe, Mr. Editor, that Coun. Leighton has more get up and go in him than all the rest of the board. Who was it that fought the old assessors? Who was it that resisted the School Board? Who was it that demanded a new and just assessment? Who was it that wanted reform in Scott Act methods? Who was it that kept things straight all the year whenever he could beat anything into the other members? Ans, Coun. Leighton. Jack Leighton may not have been an ideal councillor but then he has sand, a valuable commodity. Coun. Leighton is the man for us.

ONE OF THE BOYS.

THAT BIBLE CLASS. To The Editor of Carleton Sentinel-

Sir:-I noticed in your last issue

the topics to be discussed by Rev F A Currier M A in his lecture course on Higher Criticism. For various reasons not all who would like to attend find it convenient. Might I offer the suggestion that the learned speaker furnish the subject matter of his lecture for publication in the SNETINEL on the Friday following his addresses.

A WELL WISHER.

DR. MANZER'S LATEST.

Dr G B Manzer has just purchased in the United States the sole right for Carleton, Madawaska and Victoria counties to use "The Poulson Atmospheric Chamber" for artificial teeth.

One of the things that has engaged the attention of dentists the world over is the desire to find some means of making artificial teeth stay firmly in the mouth. Dr Manzer has obtained the control of this famous attachment by which means it is claimed that a set of Teeth will cling so firmly in the mouth that it is even possible to eat the old fashioned molasses candy without its moving. This will be good news for many who have suffered from the discomfort of ill fitting plates. You often hear people say their Teeth have been out so long that they cannot wear a plate or have a plate to fit, this now can be overcome by this new attachment. Dr Manzer spares no expense to afford his patrons the best. His ability as a dentist of experience is best shown by the splendid array of testimonials he possesses from some of the leading people in the province.

I. O. G. T

Bristol Lodge, No 281, I O G T was recently organized by Rev J A Cahill. The membership is now 30, and the following are the officers:-E S Secord, Chief Templar; Mrs

Lois Gregg, Vice; Harry Lipsett, F S; Mrs H Lipsett, Treas; Charles Estabrooks, R S; Miss A M liartley. A S; Dow Boyer, Chap; John Rogers, Mar; Mrs Charles Tinker, D M; Charles Merritt, Guard; Gordon Caldwell, Sentinel; W B Kay, P C T: John Farley, Deputy.

It Is Wrong

To Suffer From a Germ Disease, When Liquozone is Free.

The virtues of Liquozone are derived solely from gases. The formula is sent to each user. The process of making requires large apparatus, and from 8 to 14 days' time. It is directed by chemists of the highest class. The object is to so fix and combine the gases as to carry into the system a powerful tonic-germleide.

Contact with Liquozone kills any form of disease germ, because germs are of vegetable origin. Yet to the body Liquozone is not only harmless, but helpful in the extreme. That is its main distinction. Common germicides are poison when taken internally. That is why medicine has been so helpless in a germ disease. Liquozone is exhilarating, vitalizing, purifying; yet no disease germ can exist in it.

We purchased the American rights to

We purchased the American rights to Liquozone after thousands of tests had

In the past few years, scores of diseases have been traced to germ attacks. They were thought to be due to other causes when old-time remedies were made. Can you not see why you don't get well, if you treat a germ disease with remedies that can't kill germs?

The remedy of to-day is Liquozone, and the first bottle is free. Its power is best told by a test. We ask you to try it, as millions have done, and learn what it means to you. Learn what this gas-made germicide can'do.

What Liquozone Is.

The virtues of Liquozone are derived solely from gases. The formula is sent to each user. The process of making re-
