Secretary Smith was on hand as usual. Others present included Robt Brown, James Good, H Emery, P. F. Holvoke, Allen Bull, Warren The funny hotel scene brought down fair, but some allowance must be be much missed. Tuesday evening page was convenient in some ways, he was given a banquet at the Royal Cafe by the brethern and presented with a handsome set of pipes. Mr Merritt will be missed in golfing and political circles where his prowess was very considerable. The young friends of Miss Muriel presented her with a handsome and costly bracelet on Saturday evening.

R E Holyoke, Allen Bull, Warren Bull, C H L Perkins, J R Brown, T V Monohan, A Thomas, Thos Strong, J P Malaney and N F Thorne. The minutes of the last meeting were read and approved. Some small bills were read and ordered paid after which the Secretary presented that on the year's operations there was a small deficit, caused by the payment of the deficit arising out of the preceding year's operations. The Seed Show cost the Society about \$15 over and above the amount received as a government grant. About \$1100 of seed was distributed among the farmers. Fart was through Mr Emery, which is all settled for. Of the quantity placed through Massey-Harris Co there are yet some small amounts to be collected,-about \$80 in all. At present there is a \$500 note with interest outstanding held by JS Leighton, and a \$1000 mortgage held by Allen Bull.

There was considerable discussion over the report. Robt Brown thought things were not quite plain. In so far as CL Smith was concerned meet it. Mr Smith produced the report of the anditor, H D Stevens, showing his accounts absolutely correct in every particular. Mr Holyoke said no person could criticize Mr Smith who really did the job as secretary when the books were ority. in such a wretched condition. On

motion the report was received. The following officers were unanimously elected :-

President, R E Holyoke. 1st Vice President, Thomas Strong. 2nd Vice President, James Good. Secretary, John A Lindsay. Treasurer, CL Smith.

There was a strong feeling that Mr Smith should accept the secretaryship for another year but he declined the honor as it would interfere with his duties particularly if an exhibition be held.

The salary of the secretary was fixed at \$25, with the understanding that an additional sum of \$100 would be granted providing an exhibition be held.

On motion all members present were elected Directors with power to add to their number if thought

made for a sore throat. It is no exaggeration to say that Kendall pleased his hearers, even if a few of his jokes were of the canned variety. Miss Munro Batting is one of the finest elocutionists ever seen in this town. Her selections were vociferhis report from which it appears ously applauded and she was obliged to respond to several encores. The piano used at the concert was a fine Mason and Risch especially selected from the warerooms of J D Allen, St John. Mrs Kendall acted as pianist. Mr Spencer has some big things on in musical affairs. In the coming winter and spring he is to conduct a tour by the world famous Madam Albani from St John's N FD to Vancouver B C. Of course Woodstock will not be favored with this great attraction but those who wish to hear the gifted singer will have a special opportunity in connection with the concert in St John. No doubt many from here 'will keep this in mind.

BRITISH POLITICS.

Mr. Chamberlain's declaration in his recent Birmingham speech that the Unionist Party ought to regain its freedom by putting an end to the present parliament, is endorsed by the London Times, which openly advocates an early dissolution and an appeal to the country on the fiscal question. The Times thinks that the powerful reasons which operated to postpone the dissolution are no longer urgent. The delicate questions of Colonial and foreign policy which hung in the balance at the last session have been happily

closed either definitely or by changes in events and opinion. An appeal to the country may therefore be looked for within a period which can be rather narrowly defined. The choice, in fact, lies between making an appeal in January and just before Parliament meets and making it in the conrse of the session, and it will probably be early rather than late. Mr Gladstone's there are practical reasons for wait-

As we are clubbing The Montreal

Herald with the SENTINEL and offering the two at an extraordinarily low rate, we are glad to be able to speak to our readers in terms of warm praise of The Herald. We frankly say that in our opinion the clubbing offer we are making is the best newspaper value ever offered to the people of this county. The SENTINEL gives to you local news more fully and accurately than you can obtain it elsewhere, and its con stant efforts are for the upbuilding of its town and county. The Montreal Herald gives a carefully edited summary of the news of the world, and a vast quantity of the best and most interesting reading matter-good fiction, magazine articles, agri-cultural information. Sunday read-ing, pages for the women and children-in fact, something for every member of the family.

All that is necessary to secure two Canadian papers—your home paper and a magazine-newspaper—for the price of one, is to send in \$1.25 in ad-vance to this office, when we will send you these two great papers for a whole year.

ONLY A MAN.

Some excellent qualities of visiting princes are sometimes dwelt upon almost too much. For all we know princes are not much better-or worse-than ordinary and more humble personages. After every visit by royalty or those high up in the nobility there are generally delicious bits of gossip. The visit of Prince Louis has been no exception. What is a prince, anyway? Nothing more than a man, and just what he makes himself at that.
