

Suffered for years with Stomach Trouble

Fruit-a-tives promptly cured her.

Stomach Trouble is usually bowel trouble. The bowels become constipated. Poisonous matter, which should leave the bowels every day, stays in the bowels, two and three days at a time. These poisons paralyze the stomach muscles, prevent the digestive juices from reaching the food, and stop the whole process of digestion.

Mrs. F. H. WALLACE, St. Mary's, Ont.: "I have used most of one box of 'Fruit-a-tives', and found them all right. I have had a good chance to recommend them as I have been in bed for a week with a bilious attack and am getting around fine thanks to 'Fruit-a-tives'."

Doctors talk of dyspepsia and catarrh of the stomach when they should talk of Constipation.

Fruit-a-tives

cure Stomach Troubles because they tone, sweeten and stimulate the stomach and they cure the Constipation which is the chief cause of dyspepsia. These concentrated and specially combined fruit juice tablets act directly on the liver—increase the flow of bile—and make the bowels move regularly and naturally every day.

More than that. "Fruit-a-tives" regulate the kidneys—strengthen them—make them excrete more urine—and rid the system of excessive urea and uric acid. They stimulate the glands of the skin to increased action—take away pimples and redness—and keep the skin clear, soft and lovely.

A month's treatment with "Fruit-a-tives" will make you think you had a new stomach.

See a box or 6 boxes for \$2.50. Sent prepaid on receipt of price if your drugist should not have them.

CURED HER BOY OF PNEUMONIA

Newmarket Mother is loud in her Praises of the Great Consumption Preventative

"My son Laurence was taken down with Pneumonia," says Mrs. A. O. Fisher, of Newmarket, Ont. "Two doctors attended him. He lay for three months almost like a dead child. His lungs became so swollen, his heart was pressed over to the right side. Altogether I think we paid \$140 to the doctors, and all the time he was getting worse. Then we commenced the Dr. Slocum treatment. The effect was wonderful. We saw a difference in two days. Our boy was soon strong and well."

Here is a positive proof that Psychine will cure Pneumonia. But why wait till Pneumonia comes. It always starts with a Cold. Cure the Cold and the Cold will never develop into Pneumonia, nor the Pneumonia into Consumption. The one sure way to clear out Cold, root and branch, and to build up the body so that the Cold won't come back is to use

NO DIFFERENCE.

No distinction is made as to the kind of Piles that Dr Leonard's Hem-Roid cures.

The names Internal, External, Bleeding, Blind, itching, Suppurating, etc, are simply names of the different stages through which every case will pass if it continues long enough.

Piles are caused by congestion or stagnation of blood in the lower bowel, and it takes an internal remedy to remove the causes.

Dr Leonard's Hem-Roid is a tablet taken internally.

It is a permanent cure and no case of Piles has ever been found to fail to cure. Money back if it does.

A guarantee with every package. Price \$1.00 at any druggist's or the Wilson-Flye Co, Limited, Niagara Falls, Ont.

SAN FRANCISCO, April 20.—Eleven postal clerks were taken from the debris of the post office to day. All the mail in the post office was saved.

The Royal Wedding.

On the first day of June the King of Spain and princess Ena will be married. The ceremony will take place in Spain. At its conclusion the event will be celebrated in true Spanish style. The wedding day will be a national holiday. All the fountains will run with wine instead of water. There will be bull-fights in every town of any size. In Spain where even the Sabbath is set apart for such innocent pastimes as elections and bull-fights the wedding of the King will be an event calculated to made the very hair stand on end.

To Rebuild The Body

WHEN IT IS WEAK AND WASTED BY OVERWORK OR DISEASE YOU CAN USE

DR. CHASE'S NERVE FOOD.

"Our bodies," says Huxley, "may be likened to an eddy in the river, which retains its shape for a while, though every instant each particle of water is changing."

The tissues of the body, composed of millions of tiny cells, are being constantly broken down and wasted away by the process of life and especially by overwork and disease.

In order to reconstruct these wasted tissues there are necessary such elements as iron, sulphur, magnesia, potash, etc, and when these are not supplied in sufficient quantities in the food we eat it is necessary to aid Nature by the use of certain restorative preparations.

Especially during the winter season foods are unusually artificial and as a result the spring finds the body in a weak and run-down condition.

Dr Chase's Nerve Food is particularly effective under such circumstances because it is composed of the very elements of nature which go to form new, rich blood, create new nerve cells and rebuild wasted tissues.

This great food cure is radically different to the medicines that are usually used for nervous diseases, for while they stimulate tired nerves to overexertion or by narcotic influence soothe and deaden them, Dr Chase's Nerve Food revitalizes the wasted nerve cells and so accomplishes lasting beneficial results.

While modern and scientific in composition and preparation, Dr Chase's Nerve Food has been on the market sufficiently long to prove in thousands of cases its extraordinary restorative and reconstructive power.

For men who are suffering from headaches, indigestion and sleeplessness, for women who besides these symptoms suffer from weaknesses and irregularities of the delicate feminine organism, for children who are pale, weak and puny, there is, we believe, no preparation extant which will bring about such satisfactory results as the use of Dr Chase's Nerve Food, 50 cents a box, 6 boxes for \$2.50, at all dealers or Edmondson, Bates & Co, Toronto.

FONSY WANTS QUIET.

King Alfonso, the Spanish boy who won the hand of the Battenburg princess, acknowledges the power of the press. On his arrival in English waters he was waylaid by scores of newspaper correspondents. The poor young fellow was in a quandry. What could he do? The prospects for a three weeks quiet spoon with Eva seemed blighted. There were these horrid and fearfully inquisitive reporters. The King thought it well to be honest in order to rid himself of their presence in and around the royal camping ground. He told them to be gone, as he had nothing to say to them of any importance. He owned up that he had come for a courting spell, and ordered them all away. This shows that the King has far more sense than good look.
