One of the early social events of the season took place Wednesday night at the residence of Mr and Mrs William Lilley, when a large number from Town, Weston and Jacksonville enjoyed a delightful Halloween Party. Music, games and refreshments served to pass the time all too pleasantly and quickly. All hands were delighted with the successful effort to entertain by the genial host and hostess.

The Pandora Thermometer

The thermometer on the Pandora range oven means precisely in accuracy to the cook what the square and compass mean to the draftsman. Without the square and compass the draftsman would have to work entirely by guess, just as you do without an accurate and reliable thermometer on your oven.

The Pandora thermometer reduces cooking to an exact science. You know precisely how much heat you have and what it will do in a given time. It is one of the small things which makes the Pandora so much different and better than common ranges.

Grand Farewell to Officers.

Ensign Miller and Capt. Snow who have so faithfully labored for Sal. and souls as officers of the Salvation Army in this town, have bid good bye to Woodstock and left on Thursday Oct 25th by the evening express for St John where they will attend Officers Council held in that City, and from which they will receive orders to proceed elsewhere. It is generally known that North Sydney will be their next appointment. Their Farewell Meeting which took place the Sunday previous to their departure was very largely attended, the Barracks being packed to its utmost capacity. It was a very impressive service. Citizens as well as the soldiers testifying to the good work done by these two noble women, and all expressing grief over their departure from Woodstock. The Officers responded in suitable words thanking the good people for their kindness showed towards them while stationed in Woodstock, and hoped that they would some day have the joy of coming back and visit their many warm friends. Before the Farewell word was said, Bandmaster Nielson arose to his feet and asked permission to read the following address.

To Ensign Miller and Capt. Snow,—
Our dear beloved Officers.—We meet together this evening with sad hearts in knowing that this meeting has been announced as your Farewell Meeting, and that the final time has arrived that you must bid us good-bye and depart from among us. Our hearts are indeed filled with sorrow to bid you this good-bye, if we had our way in the matter we would that it should not be so but God's ways are not our ways and therefore as his children and his followers we have learned to love these beautiful words as our Saviour himself uttered, when in deep agony he prayed in the Garden of Gethsemane, "My father! Not my will, but Thine be done. So therefore you must go! but before you do so, the least we your Soldiers, Comrades and Friends can do, is to show unto you before this your congregation, (who have so faithfully stood by you during your stay here) to show before them in a few words of thanks, that we have indeed appreciated your faithfulness and hard labor among us. You leave things indeed different from when you

came among us. The corps to-day is in a splendid condition both spiritual and financial, all done through your skilful management. The Quarters which you occupy as your home, you have remodeled nicely from top to bottom with your own wages (which indeed are not any too large) you have added something new to make it look as cheerful as possible in the line of furniture, bedding and dishes, so that it now presents a cozy, neat, and happy little home and best of all, and to this all can testify who have been in the habit of calling upon you, that Jesus is there. Bless his dear name.

Again you have added to our ranks during your stay with us, many precious blood-bought souls for whom Jesus died, your earnest pleading mingled with earnest prayers has brought them to God. Oh what a beautiful record you are leaving behind. You my dear beloved officers, may God abundantly bless you for your earnest work. We will miss you, yes we will, in fact it will be a very difficult matter to secure other officers that can fill your place. Before I bring this card of thanks to a close, I would like to mention just one of the many good acts in which you have indeed manifested your Salvation and Sacrifice which you to-day carry in your hearts for a dying world. I feel it must be mentioned here this evening and in regard to it I want it understood before I speak upon it that what I may have to say is not meant as a slur to the party who is connected with this good act, but on the other hand it is meant for his good. Only a few weeks ago (I am now speaking to our Ensign only) a dear comrade whom you had been the means of bringing to Jesus' feet fell by the wayside and in order to drown the misery which every backslider experiences had partaken of that stuff which not only damps the soul but destroys the body also, and who, but for your tender care, dear Ensign, might have been God knows where, perhaps in Eternity, filling a drunkards grave, but that night, Ensign, you did a noble act, you did an act to that comrade which he never should forget, an act that always should have a tendency to keep him to Christ, you did something that perhaps no other woman would have done, took him by the hand and knowing that he lived a long way from the town and amid the downpour of rain and the darkest night before you, you led him staggering to his home. What was your object in doing this act Ensign? Oh well we know, it was to shield the army from disgrace and when we say the army we mean God's cause. Is this not self-sacrifice, methinks it is. This is only a few instances of your good works in this place, time will not permit to mention any more. You have labored well and you will surely receive the great reward which is laid up in store for all who live right. And now we must close, receive once more our deepest and hearty thanks for your labor among us. We shall never forget you. We would when you are far from here, still continue to ask an interest in your prayers as glad we will bring you before the throne of grace. You may rest assured that a visit from you at any time will be hailed with great joy. God be with you till we meet again.

On behalf of the Woodstock Corps, I remain your humble servant,
Julius Nielson.
Bandmaster.

Says Harper's Weekly: No well known person, man or woman, can undergo the slightest operation in surgery without the more emotional newspapers proclaiming in head-line type that he is under the knife. The papers print a good deal of unnecessary information about surgical operations, especially about operations on women, and more especially on women who are on the stage, in politics, or any kind of public life. Operations are bad enough in all conscience without having their horrors intensified by clamor about "the knife." Get a new formula, gentlemen, and a milder one.

News from the Country.

Newburg Junction.

The weather for the past week has been somewhat colder than we have been enjoying.

Peter Gallagher's twelve acre field looks fine since the new made furrows have been turned.

Percy Jennings who has been in the Northwest for some time, is expected home.

Wonder where John gets the white trotter? Thought they were all sold.

The Miss McCarron, returned to Bangor on Tuesday, Oct 30th.

William Brooks is spending the winter with his old friend John Gallagher.

If the old adage is true that "the early bird catches the worm" our friend over the way has every chance of winning.

The boys around here are busily getting out licenses as a fine mouse passed through Mr Samuel Dickinson's yard, but as Mr Dickinson had no license the mouse passed unharm.

John Jennings. Brookdale Farm was visiting friends in this place Sunday.

What's that we see? A signal danger? Why no. Only a red sweater.

A pleasant surprise occurred on Friday last when a number of young folks of this vicinity gathered at the home of George Gallagher where an enjoyable evening was spent in playing whist and afterwards Mr Brooks, our local talent, delighted the guests with singing and a buck and wing dance.

Gilbert Johnson, caught a fine lucifer. Good luck to you.

John Tedlie was the guest of Mr S Dickinson, last Friday.

Our friend on the hill wears a sad expression. Wonder why?

Miss Helen Black who was the guest of Miss Hovey last week, returned home.

Haldimand County Councillor tells how Psychine cured his Lung Troubles

"I contracted a series of colds from the changing weather," says Mr Bryce Allen, a well-known resident of Jarvis, Ont., and a member of Haldimand County Council for his district, "and gradually my lungs became affected. I tried medicine and doctors prescribed for me, but got I no relief. With lungs and stomach diseased, nervous, weak and wasted, I began to use Psychine. With two months' treatment I regained my health. To-day I am as sound as a bell, and give all the credit to Psychine."

There is a proof of what Psychine does. It not only cures Colds and kills the germs of LaGrippe, Pneumonia and Consumption, but it helps the stomach, makes pure, rich blood and spreads general health all over the body. You will never have Consumption if you use

THE BEST Fire Insurance

Is that which gives PERFECT SECURITY at the most equitable rates. The Non-tariff Companies which represent, have more paid up capital in proportion to risks involved than any other Companies.

They do not take hazardous risks, and can therefore do a safe business at lower rates than other Companies can.

These Companies are noted for equitable adjustment of losses and prompt payments.

Many of the best business men in the Dominion, and in this County, insure in these Companies. These are the safest and best.
