### INFORMATION WANTED.

Information is desired concerning the present whereabouts of Albert Edward Denton, soda water bottler, who disappeared from Woodstock on Thursday, 30th August. He is about 5ft 5in; weighs 120 lbs; aged about 32; when last seen wore striped suit and black glazed peak cap. Has a very pronounced body scar, caused by boiler explosion, extending from stomach upward and following left arm. Slight American accent. Any person able to throw light on the case will please wire or phone either of the following:—Arch Cole, Woodstock, or Rev Joshua Denton, St Mary's, York Co. (Maine papers please copy.)

### The Bowling Fever.

With the approach of cold weather and long evenings the bowling enthusiasts seem to be waking up to the fact that their favorite sport may once more be indulged in under most favorable auspices. Last season's champions, the Golf team, claim to be able to take the measure of anything in sight. They have already started the ball rolling with a broad challenge particularly directed against their old opponents, Captain Balmain's Rifle team. It remains to be seen what steps will be taken by the latter exponents of the game in answer to the daring deft so confidently thrown down. Captain Calder says he will put about all his former team in training, but there are some bustling new golfers who will make the veterans go the limit in order to secure a place. Capt Balmain isn't saying anything—just sawing wood. It's dollars to dimes though that he's got something up his sleeve and will give his opponents a lot to meditate upon when the two teams get together. The Sullivan Boys are going to spend a lot of money in order to ensure everything being just right and in proper condition for perfect bowling.

### Won by Mount Pleasant.

The sharpshooters up at Mount Pleasant have amply demonstrated the fact that they are the best team shots in the county by carrying off the fine new county cup in three straight heats by ever increasing majorities. The last match was held on Labor Day, when the winners put on a team average of 86. We will venture the assertion and do so without fear of successful contradiction that Messrs S Wilbur Smith, Burlock and one or two others in the Mount Pleasant team will in the next few years be seen at Bisleigh providing they continue to practise, and try for a place on the Canadian team to cross the water.

### ACCIDENT AT HARTLAND.

George Phillips, of Knowlesville, an old gentleman aged about 75, met with a very serious accident at Hartland on Tuesday morning. He was on his way to the St John fair, and having driven to Hartland was spending the time before the moment of his departure in walking along the track. The up freight came rolling along and struck the old gentleman lifting him high in the air, and throwing him down on top of quite a big pile of rails lying alongside the track. He was deaf, and on that account did not realize the approach of the train. The hands did all they could to avert the accident, but could not stop the heavy train in time. Besides serious injury to his back Mr Phillips received a long scalp wound and had an arm broken. Within five minutes two doctors were working over him, and at latest advices there were fairly good chances for recovery.

Dr Griffin has been appointed chairman of the local Board of Health.

### GONE WEST.

Dr Baker and Rev F Allison Currier left here Wednesday night bound for the West. They expect to stay there at least three weeks, when the Doctor will return to his practice. Rev Mr Currier has resigned his pastoral charge here and it is known that several inviting fields in the West have been urging him to consider their claims to his services. It is sincerely to be hoped that he may be induced to reconsider his resignation of the Woodstock church, as he is a man who can ill be spared.

### THE ST. JOHN FAIR.

Countless people from these parts went to the St John fair and report everything first class. The efforts of Manager Milligan and his efficient assistants to provide the best show the city ever put on were highly successful. As a manager Mr Milligan has few equals and no superiors in Canada.

### KERR'S BUSINESS COLLEGE

We have received the new catalogue of the well-known St John Business College, for so long and so successfully conducted honorably and well by S Kerr and his partners. The book is well printed, is full of interesting information, and will be sent free of charge, we presume, by the College to anyone who may be interested in securing an education.

### THE NEW CHANCELLOR.

Prof Cecil C Jones PhD, at present professor of Mathematics in Acadia University, has been appointed to a similar position in the University of New Brunswick, in succession to Chancellor Harrison, resigned. The government will choose Dr Jones as chancellor. The new head of our university is a Westmorland county boy, about thirty five years of age, and a deep scholar. He is a former public school teacher. He took his B A at Fredericton and his doctor's degree at Harvard. On the platform he is a forceful and eloquent speaker. Under his guidance and direction the University should prosper in a very large degree.
