

# FEARFUL PAINS

### SUGGESTIONS HOW WOMEN MAY FIND RELIEF.

While no woman is entirely free from periodical suffering it does not seem to be the plan of nature that women should suffer so severely. This is a severe strain on a woman's vitality. When pain exists something is wrong which should be set right or it will lead to a serious derangement of the whole female organism.

Thousands of women have testified in grateful letters to Mrs. Pinkham that Lydia E. Pinkham's Vegetable Compound overcomes women's special pains and irregularities.

It provides a safe and sure way of escape from distressing and dangerous weaknesses and diseases.

The two following letters tell so convincingly what Lydia E. Pinkham's Vegetable Compound will do for women, they cannot fail to bring hope to thousands of sufferers.

Miss Matilda Richardson of 177 Wellington Street, Kingston, Ont., writes:

Dear Mrs. Pinkham:—

"Some four years ago my usually good health began to fail. I had severe pains in my back, my head ached, I would have dizzy spells, and during my monthly periods I would suffer intense pain. I was advised to try Lydia E. Pinkham's Vegetable Compound, and I am so glad that I did, for it brought new life and health to me. My monthly periods were natural and painless, and my general health improved. I have not had an ache or a pain since, and I feel it a duty as well as a pleasure to tell you what your medicine has done for me."

Mme. Louise McKenzie, of Mount Carleton, Montreal, Canada, writes:

Dear Mrs. Pinkham:—

"I had heard so much good about Lydia E. Pinkham's Vegetable Compound before I started to take it for painful periods so that when it cured me I was not surprised. I had suffered with blinding headaches and pain until it seemed that I must scream. These pains lasted from five to ten days every month, and you can understand how glad I was to get relief. I am in the best of health, and am pleased to give you this testimonial for what your medicine has done for me."

Such testimony should be accepted by all women as convincing evidence that Lydia E. Pinkham's Vegetable Compound stands without a peer as a remedy for all the distressing ills of women.

The success of Lydia E. Pinkham's Vegetable Compound rests upon the well-earned gratitude of Canadian women.

When women are troubled with irregularities, displacements or ulceration of the organs, that bearing-down feeling, inflammation, backache, bloating, (or flatulency), general debility, indigestion and nervous prostration, or any beset with such symptoms as dizziness, faintness, lassitude, excitability, irritability, nervousness, sleeplessness, melancholy, they should remember there is one tried and true remedy. Lydia E. Pinkham's Vegetable Compound at once removes such troubles. Refuse to buy any other medicine, for you need the best.

Don't hesitate to write to Mrs. Pinkham if there is anything about your sickness you do not understand. She will treat you with kindness and her advice is free. No woman ever regretted writing her and she has helped thousands. Address Lynn, Mass.

Ask Mrs. Pinkham's Advice—A Woman Best Understands Woman's Ills.

Hon. Mr. Hyman.

A number of our conservative contemporaries can hardly conceal their delight at the resignation of Hon. Charles Hyman, Minister of Public Works, owing to the exposures made in the investigation of the London election case.

Mr Hyman need not have resigned. He could have held his seat until the next election. He is the first man in public life that has voluntarily refused to hold a seat from which he could not be deposed. We recall in marked contrast to the conduct of Mr Hyman, a certain conservative candidate who received a minority of votes cast, but who through the decision of the returning officer was declared elected and who claimed and held his seat for one session. Mr Hyman is not made of that kind of stuff. He is a man in every sense of the word. The head of one of the largest manufacturing establishments in Canada, it has been a daily sacrifice to him to remain in public life. He is not the type of a man that enters public life for the purpose of using his position to amass a fortune. He is not a grafter or a dealer in Western lands, he is a manly man, a patriotic Canadian, who, for the past number of years has been devoting his energy and ability to the advancement of Canada. (Exchange)

ST STEPHEN, N B, Nov. 30.—A fatal gunning accident took place at Waweig yesterday, by which Otis Bell, aged seventeen years, was killed. Bell and Giles Hartford separated from the others of a hunting party and after going some distance they became confused as to the locality and the position of the settlement. Differing as to their position, Hartford told Bell he would climb a tree and ascertain correctly, but the young fellow requested that he be allowed as he was the younger. Bell stood his rifle against a tree and went to another about fourteen feet away from where the gun stood.

This tree he climbed for about twenty feet when in some unaccountable manner the gun was discharged. Bell fell to the ground and his companion thought the boy was frightened at the report of the gun. As he did not arise he went to his side and was horrified to find him in death throes passing away in a few minutes. The deceased was the eldest son of Mr. and Mrs. Robert Bell, who are grief stricken over the death of their boy. The community are very sympathetic, as the boy was popular, but none feels the sad affair so keenly as Mr. Hartford, who was with young Bell.

TRY THIS FOR YOUR COUGH.

To relieve a cough or break up a cold in twenty-four hours, the following simple formula, the ingredients of which can be obtained at any good prescription druggist at small cost, is all that will be required: Virgin Oil of Pine (Pure) one half ounce; Glycerine, two ounces; good Whiskey, a half pint. Shake well and take in teaspoonful doses every four hours. The desired result can not be obtained unless the ingredients are pure. It is therefore better to purchase the ingredients separately and prepare the mixture yourself. Virgin Oil of Pine (Pure) should be purchased in the original half-ounce vials, which druggists buy for dispensing. Each vial is securely sealed in a round wooden case which protects the Oil from exposure to light. Around the wooden case is an engraved wrapper with the name—"Virgin Oil of Pine (Pure)"—plainly printed thereon. There are many imitations and cheap productions of Pine, but these only create nausea, and never effect the desired results. 131-45.

There are four parties in the Federal Parliament, the Liberals, the Conservatives, the Bourassa-Laverge party and the Billy McLean party. The latter two parties are so extreme in their political and religious views that there is as much danger of the two great parties coming together and working harmoniously as for the Bourassa and McLean parties to unite. If the latter were to unite the union would last about one day, so extreme in their views and hot-headed in their temperament are the two leaders. The Government does not appear to be worrying much over the increase in number of opposing parties. It rather enjoys the "shreds and patches" opposing it today.

If you like Coffee but dare not drink it, try Dr. Shoop's Health Coffee. It is true that real Coffee does disturb the Stomach, Heart and Kidneys. But Dr. Shoop's Health Coffee has not a grain of true coffee in it. Being made from parched grains, malt, etc., it forms a wholesome, food-like drink, yet having the true flavor of old Java and Mocha Coffee. "Made in a minute." Call at our store for a free sample. Sold by STEVENS & LYDEN.

The Press thinks Dr Mullin of St Mary's is to be a candidate for the Legislature. His chances are good, —to get a sound licking.

Reprint, News-Herald: "There is at least one effectual, safe, and reliable Cough Cure—Dr. Shoop's—that we regard as suitable, even for the youngest child. For years, Dr Shoop bitterly opposed the use of opiates or narcotics in medicine, offering \$10 per drop to any one finding Opium Chloroform, or any other poisonous or narcotic ingredient in Dr. Shoop's Cough Cure. And the challenge is as yet unanswered. Here is one man, a learned physician, who welcomed with much satisfaction, the new Government Pure Food and Drug Law. The public can now protect itself at all times by insisting on having Dr. Shoop's, when a cough remedy is needed." Sold by GARDEN BROS.

## THE FIRST JANUARY NEW YEAR'S DAY.

Caesar selected the feast of Janus, the two faced god of war, as the year's great mile stone, because the statue of this god seemed to look back into the past and forward into the future; hence on New Year's day we are still paying tribute to a heathen god. Prior to the reform of the calendar the Romans observed the 21st day of December, the winter solstice, as the beginning of the year. This date and the summer solstice, the 21st of June, as well as the vernal and autumnal equinoctial changes in March and September, have come in for first place in the year at various times in the history of the world.

Boston papers were busily engaged last week extolling the heroism of Patrolman John Boutillier, of Boston Police force. While on his way to his home at an early hour. Boutillier discovered the large tenement building at 792 Shawmut avenue to be on fire. He forced an entrance to the building and then tying a handkerchief around his nose and mouth made his way up stairs kicked open and arousing the inmates by necessary violence. On the top floor he kicked open the door of a room occupied by an invalid old lady, who was unconscious from the fumes of smoke, and after considerable trouble succeeded in carrying her safely to the sidewalk. There were twenty-seven people asleep in the building at the time, mostly women and children, and they probably all owe their lives to Boutillier's coolness and heroism.

If attacked with cholera or summer complaint if any kind send at once for a bottle of Dr J D Kellogg's Dysentery Cordial and use it according to directions. It acts with wonderful rapidity in subduing the dreadful disease that weakens the strongest man and that destroys the young and delicate. Those who have used this cholera medicine says it acts promptly, and never fails to effect a thorough cure.

Poor little Rufus Pope, the ex-M P for Compton! The horrid grits have downed Rufus a couple of times since 1904, and he fell so hard that he has been full of spite ever since. Last week he made a sensational speech out in British Columbia, claiming that a judgeship is for sale in that province. Rufus didn't say whether there are any timber limits changing hands just now. Perhaps Fowler, Foster and the rest of the boys have cornered them all.

WE ALL HAVE MISSIONS IN THE WORLD.—There is a work to do for every man on earth, there is a function to perform for everything on earth, animate and inanimate. Everything has a mission, and the mission of Dr Thomas' Electric Oil is to heal lumps and wounds of every description and cure coughs, cold, croup and all affections of the respiratory organs.

BOSTON, Nov 28.—The romance of Miss Margaret Stewart of Woodstock, formerly of St John, and Edward P Bulkeley, a wealthy club man of New York and Newport, ended today in the wedding at Lafarge cottage, Newport. The ceremony was performed by Rev Dr Emery H Porter, rector of the Emmanuel Episcopal church. Bulkeley is 37 and his bride 23.

The couple met in 1905 at Newport. Bulkeley was seriously ill and Miss Stewart, who had just graduated from the Newport Hospital, was called to attend. He felt that her devotion saved his life and fell in love with the handsome girl. The engagement was announced late last summer, after Miss Stewart had been called from her New Brunswick home to again attend him. Bulkeley is not yet in good health, but is slowly recovering.

THEY CLEANSE THE SYSTEM THOROUGHLY.—Parmelee's Vegetable Pills clean the stomach and bowels of bilious matter, cause the excretory vessels to throw off impurities from the blood into the bowels and expel the deleterious mass from the body. They do this without pain or inconvenience to the patient, who speedily realizes their good offices as soon as they begin to take effect. They have strong recommendations from all kinds of people.

Minard's Liniment Cures Diphtheria.

## Good Complexion

When Pimples and Blotches Disfigure the Skin

i means bad blood, bad digestion or constipation. First two are the result of the last. FRUIT-A-TIVES cure all three. When the bowels don't move regularly, poisonous matter remains in the intestines. Instead of the blood taking up wholesome nourishment to build up the system, it absorbs part of this poisonous matter which causes pimples and blotches on the skin. Gases are formed by this matter, which get into the stomach, upset digestion, coat the tongue, and taint the breath. Fruit-a-tives purify the blood—correct digestion—and clear the complexion—because they cure constipation.

"I am on my second box of Fruit-a-tives now, and can honestly say they are the best medicine for Constipation and Stomach Trouble I ever used."

MRS. F. CODY, OTTAWA, ONT.

These wonderful little tablets are pure fruit juices—prepared according to the secret formula of an Ottawa physician who discovered the method of using fruit to cure disease. Fruit-a-tives act directly on the liver, increase the flow of bile, and thus cause the bowels to move regularly and naturally every day.
