#### THE EXHIBITION.

Tuesday afternoon the local Exhibition was opened with appropriate ceremony. Owing to important public business neither the Governor nor the Premier could attend, but Hon L P Farris and the other gentlemen who participated in the proceedings did their parts nobly. The first feature was a grand parade from the Carlisle Hotel to the Fair Grounds. Capt J J Bull in command of the Boys Brigade arrayed his followers in front of the Hotel. Some manoeuvres were gone through after which Hon Mr Farris inspected the Company. Then the procession formed. Preceded by the 67th Regt Band, the young soldiers marched off, followed by a barouche containing President C L S Raymond, Commissioner Farris, Judge Carleton and the Solicitor General. Other carriages contained B F Smith M P P, Warden Bailey, American Consul Denison, J K Flemming M P P, Mayor Munro, Aldermen Leighton, Henderson, Fisher and Fields. Then came a miscellaneous collection of turnouts, followed by scores on foot. At the Grounds the distinguished visitors accompanied by several veteran members, mounted the platform. Pres Raymond acted as chairman, and first introduced the Solicitor General. Hon Mr Jones made a short and practical address, congratulating the Band, the Brigade and the Exhibition officials. He said he had been to several fairs this fall, but nowhere could he find anything to beat Carleton County. The other day over in Chatham, wishing to pay them a great compliment, he told them their products looked as well as those to be seen in Carleton. The people over there were delighted for they always heard of Carleton County as being head and shoulders above all others. He was glad to see such a fine exhibit, and hoped the people would turn out and generously patronize the fair. B F Smith M P P and J Kidd Flemming M P P followed, making splendid addresses. Mayor Munro extended a welcome and Warden Bailey spoke briefly along the same strain. Hon Mr Denison spoke briefly. Judge Carleton told a story in opening. He said he was not going to give the people a long speech. By way of illustration he said he was reminded of the remark made by an urchin at a dinner given in a foreign city by some kind hearted person to the newsboys. Just at the moment when all were seated round the tables an elderly and somewhat verbose clergyman was invited to say grace. He unfortunately made the invocation lengthy. Before he was quite to the Amen, one little fellow in disgust piped in "Say Mister, cut out the lip, and sling up the grub," no doubt, said the judge, the people were in no mood for long speeches. At any rate he knew little of farming, but was glad to see so many present and hoped they would carry home pleasant memories of their visit. Hon Mr Farris briefly sketched the steps taken by him in the effort to boom the potato business. At one time it seemed as if we had no market, but now the West is taking all we ship, and it may be that the small tubers could be used profitably in the production of starch. He had great pleasure in declaring the show officially open.

#### SOME EXHIBITORS.

Connell Bros have a good display. Outside the main building they have a tent filled with their lines of machinery, all in operation, gasoline engines supplying the energy. This display is much admired. Inside they are showing some fine stoves and ranges, all made in Woodstock.

W. H. JOHNSON CO.

Pianos are things of beauty, and certainly those shown by the above

firm come up to the mark. The exhibit of Gerhard-Heintzman, Nordheimer, New Scale Williams and other fine instruments is in charge of Mr Townshend, the firm's special representative, assisted by Prof Prince, the artistic player. Many are admiring the fine instruments.

#### SMALL & FISHER, LTD.

This firm, alive to the opportunity, have a splendid line of stoves, made by them in their Up-Town Foundry. The reputation enjoyed by this firm is an enviable one. Their products are second to none.

#### C. R. WATSON, PIANOS.

The famous Goulay piano needs little introduction to the public, as it is in the front rank. The fine exhibit up-stairs in the main building is something to be proud of. Mr Watson is selling a great many all over the up-river district and his customers feel that they are getting satisfaction.

#### A. HENDERSON FURNITURE CO.

This firm has as fine an exhibit as could be seen anywhere. One part represents a parlor, another a dining room, and a third a well fitted up chamber. The goods are first-class, none better anywhere, and all are but samples of the many good things to be had at their Queen St store. Mr Day, one of the firm, has charge of the exhibit.

#### JOTTINGS.

W Lister intends going to New York.

Mrs R G Fulton spent Sunday in St Stephen.

H Eugene McKeen is also going to pursue a college education.

Miss Nettie Wilson is here the guest of Helen and Kathleen Hand.

Wm Carleton of St John is the guest of his son Hon Judge Carleton.

R S Ritchie the popular insurance man of St John is the guest of his friend, Harold Grant.

Don't forget the Armoury Tuesday night. Oyster Supper, Clam Chowder, and a good time.

E Raban Vince, son of the Colonel, will continue his course in Engineering during the coming year.

Parker Jacques and wife of Presque Isle and Mr and Mrs DeGraff of Waterville are guests of Mr and Mrs Jacques.

C J Green of Bath has sold his business to I N and W Tompkins of Summerfield, and will in a few weeks leave for Saskatoon.

W B Harmon, formerly of Peel but more recently of Fredericton has gone to Kamloops, B C, where he will spend the winter.

Dr Commins of Bath was here on Wednesday with an appendicitis patient a Miss Jacques of Bristol, who is now at the Hospital.

Mrs L C Richardson has returned to her home in Providence after a pleasant visit at the home of her brother, Mr Savage of Pioneer.

Oyster Supper and Clam Chowder, with 67th Band in attendance, at the Presbyterian folks entertainment in the Armoury next Tuesday night.

Hon L P Farris, Duncan Anderson of Orillia, C F Alward of Havelock, Dr Standish of Walkerton and O M McRae of Ottawa are among the prominent outsiders here attending the Fair.

Very many were glad this week to see Dr H B Hay in town once more. The genial doctor has a fine practice at Chipman, the leading town in Queens County, a place destined to grow.

J W Wallace of this town, but for some months teller in the Halifax North End Branch of the Bank of Montreal, has been transferred to Fredericton, and left for that city on Wednesday.

Manager Leighton of the "Sun" is a great hustler. Those on the inside know that in the short time he has been at the helm the circulation of his paper has gone up about a hundred per cent. The Sun booth at the local fair has been a centre of interest and a whole lot of new subscribers were roped in.

Rev Dr Gates of Westmount has been given a call to the pastorate of the United Baptist Churches here. He will scarcely accept it is feared, as he has been but a short time in his present charge.

Wm Lilley has purchased from J Corkery eight head of fine York County beef animals. One dressed on Tuesday weighed 575, and was so fat that the neck would almost be mistaken for sirloin.

Dr John Brittain, professor of Nature Study in St Anne De Bellvue, will have charge of the chemistry classes in the U N B during the coming year, having left here on Thursday. His family will spend the winter in Woodstock.

Charles J Jones, son of the Solicitor General, will leave on Saturday for the Provincial University, where he expects to take the full arts course. Young Mr Jones is a bright, clever fellow, and will ultimately become a lawyer.

Mr Calvin Green was a picturesque figure at the fair arrayed in all the glory of the fourth estate. The old gentleman says he enjoys seeing the people and writing his impressions. Incidentally he did a snug stroke of business for the Ram's Horn.

Wednesday Sept 19th, a buckboard crowd numbering about fourteen drove to the home of Mr and Mrs N. Clarke Lower wakefield where a very enjoyable evening was spent. Among them Luffkin of Caribou who is visiting relatives at Grafton.

A meeting of the Ladies' Auxiliary of the Carleton County Hospital, will be held at the residence of Mr James Carr, of Connell St, on Friday evening, 28th inst, at 7.30, at which final arrangements for the Thanksgiving tea will be completed. A full attendance is requested.

W W Hemphill, one of the prominent residents of Debec left Wednesday night on a trip to the West. He expects to be gone about a month. His son who formerly lived in California is now near Edmonton, and the old gentleman of course expects to drop in on him and spend some time as his guest.

Just Received. We have just received our order of Tiffany Slope, the new stylish type which will be all the rage in 1907 for Wedding Invitations, Visiting Cards, Announcements, etc. We are also stocked with a nice line of wedding stationery. We can please you in fine printing. Prices right, too.

It is generally admitted that the officials of the fair performed their exacting and arduous duties in a manner that left little to be desired. President Raymond and Secretary Smith are men of experience and filled the bill perfectly. Nor can it be said that the energetic Assistant Secretary, Miss Dibblee was not a great factor in the smooth running of the business end.

Mr and Mrs H V Dalling and ex-Mayor Belyea spent a few days last week up the Madawaska river in pursuit of trout. They landed some of the finest fish we have ever seen, Mrs Dalling in particular proving herself an enthusiastic and successful disciple of Izaak Walton. She captured one fine fish weighing four and one quarter pounds, and over fourteen inches in length. The SENTINEL has to thank Mr and Mrs Dalling for one of the catch, and can vouch for the fine eating qualities.

(others same as last week.)

Up in East Elgin, Hepburn the liberal candidate has retired in favour of a farmer named Haight. It seems that serious charges of an immoral nature were made against Hepburn calculated to injure him in the minds of the electorate, Haight, who succeeds Hepburn as the liberal candidate, will give Marshall, cons, a hard contest.

John Tolmie ex M P has been chosen unanimously to contest North Bruce in the Liberal interest. The constituency is a close one. Tolmie was elected as a patron, some years ago, to the Ontario house, and later on served a term at Ottawa. He did not offer in 1904. So far no one has been named to oppose him but there will be a contest. Tolmie's election is practically assured.

#### The Conference of Premiers.

There is to be a conference between the federal government and the provincial premiers at Ottawa next month and several matters which have been at issue for some time will come up for consideration and possibly settlement.

The three most important subjects for discussion will probably be representation in the federal house, the fisheries and subsidies.

There has been a good deal of dissatisfaction expressed regarding the gradual diminution of the Maritime Province representation and, notably in the case of Prince Edward Island, strong arguments have been advanced to show that the island province is entitled to retain the six seats which were granted under the terms of union in 1873. At confederation Quebec was given 65 members and other provinces were to have as many as their population warranted in proportion to that of Quebec.

But Quebec has been adding to her population by annexing large stretches of settled territory, which means of increase is manifestly not open to Nova Scotia, New Brunswick and Prince Edward Island. If the status quo is maintained it is clear the three eastern provinces are likely to lose much of their weight in federal affairs. Perhaps some satisfactory solution of this problem can be devised.

The set demand for increased provincial subsidies was made as long ago as 1892, but up to this time it has never been heeded by the federal authorities. Each province now receives, (1) an allowance for support of government and legislature; (2) a subsidy; (3) a debt allowance, and some of the provinces get special grants. The subsidies are calculated at the rate of 80 cents a head, but a limit is set on the population for which this is allowed. The seven older provinces now get the following sum:

Ontario.....	\$1,339,287
Quebec.....	1,086,713
Nova Scotia.....	432,806
New Brunswick.....	491,361
Manitoba.....	608,847
British Columbia.....	307,077
Prince Edward Island.....	211,932

\$4,478,123

Saskatchewan and Alberta receive between them \$2,248,250. This makes a total of about six and three-quarter millions.

At a provincial conference held in 1902, according to the Toronto News the demands made were: 1 Larger increases in the allowances "for government and legislation"—from a total of \$375,000 to about \$1,280,000. 2. The subsidy to be 80 cents per head of the actual population until such population exceeds 2,500,000, and 60 cents per head on the excess. 3. The Dominion to pay to each province a sum to defray the cost of administering criminal justice not to exceed 20 cents per head of the actual population. Put more briefly the provinces ask for allowances three times as great as at present, for subsidies of a dollar a head of actual population, and of course, for all the debt allowances and special payments now granted.

This means that subsidies would be increased as follows:

	Total	Payments	Increase
Ontario.....	\$2,565,361	\$1,226,074	
Quebec.....	2,016,359	926,645	
Nova Scotia.....	702,573	269,573	
New Brunswick.....	687,585	196,224	
Manitoba.....	808,947	200,000	
British Columbia.....	414,808	147,792	
Prince Edward Island.....	303,784	61,817	
	\$7,539,186	\$3,061,063	

Thus the total contribution by the Dominion to provincial finances would be the seven older provinces.....\$7,539,186 The two new provinces.....2,248,250

Total.....\$9,787,436
