

## Pure Wool

at the Hewson Mills means fresh wool that has never been woven before.

"Pure" wool—in some mills—means rag shoddy (old cloth, torn up and re-woven) and cotton. It is neither pure, clean, fresh nor sanitary.

The Hewson trademark means cleanliness as well as quality.

### How Eczema Is Recognized

HOW IT IS PROMPTLY RELIEVED AND THOROUGHLY CURED BY.

#### DR. CHASE'S OINTMENT

There are many kinds of eczema, but all have such symptoms as redness of the skin, with a yellow tinge, heat and inflammation, swelling, discharge of watery matter and the formation of a crust.

The most constant and troublesome feature is the itching and burning which varies from that which is simply annoying to that which is positively unendurable.

Then there is the tendency for eczema to become chronic and spread to other parts of the body.

Persistent treatment is always necessary, but you can depend on it that Dr Chase's Ointment will cure you. Relief will come after the first few applications, and the healing process will be gradual and natural.

It is due to its remarkable record in the cure of eczema that Dr Chase's Ointment has become known the world over. For every form of itching skin disease or skin irritation it is of incalculable worth.

Mrs Ellen M Saunders, South Farmington, N S, writes:—"After having given Dr Chase's Ointment a thorough trial I am pleased to be able to pronounce it the most healing preparation ever offered to sufferers from skin disease. For years I was afflicted with erysipelas and can truly say that Dr Chase's Ointment cured me after all other remedies had failed."

Mothers use Dr Chase's Ointment for the chafing and skin troubles of their babies in preference to unsanitary poreclogging powders; 60 cents a box, at all dealers, or Edmansson, Bates & Company, Toronto.

#### ANDERSON-CARVELL

A brilliant social function occurred at the Methodist Church Lakeville, N B 5 P M, Wednesday, July 11, 1906, the occasion being the marriage of Miss Mary Lena Carvell, daughter of the late I S Carvell, and Wilmet Ford Anderson, two of Lakeville's most popular young people.

The church was never so prettily decorated as on this occasion, cut flowers, potted fern and trailing vines tastefully arranged in a beautiful bower, while an immense bell of daisies was suspended over the bridal party.

As the guests assembled R N F Jones and C Leslie Fowler escorted them to the guests reserve, while the church was filled with many friends long before the arrival of the bride. As strains of Mendelssohn's wedding march played by Miss Mary Fowler, arose, the groom supported by Colin King Jr., entered the church and took their places, immediately after the little flower girls, Helen Tracy, Marjorie Barker proceeded up the aisle followed by the bride and bridesmaid Miss Myrtle Anderson. Rev E C Turner, the retiring pastor, performed the impressive ceremony.

A unique reception was held at the home of the bride after the ceremony, and the large number of costly gifts which the bride received, speaks the high esteem with which the young people are held among their hosts of friends, who all unite in wishing them a happy and prosperous life.

Any Old Subscriber paying up to date and a full year in advance during the next five days, commencing Saturday morning, will receive on application, a full size package of parchment butter paper. This offer will not appear again.

### One of Three Things Always Cause RHEUMATISM

Do you know the system rids itself of waste matter through bowels and kidneys? Yes, but by the skin as well.

As a matter of fact, the skin rids the system of more urea than the kidneys do.

If the skin, or bowels, or kidneys are unhealthy—they won't throw off enough urea. This urea is changed into uric acid—carried by the blood to joints and nerves—causing Rheumatism.

One never inherits Rheumatism. One does inherit weak kidneys, irregular bowels and bad skin action.

### Fruit-a-tives

OR "FRUIT LIVER TABLETS"

will positively cure Rheumatism because they increase the eliminating action of skin, kidneys and bowels—and make these three organs so vigorous and healthy that there can be no urea or waste retained in the system to poison the blood and irritate the nerves.

FRUIT-A-TIVES are fruit juices, combined with tonics—the whole forming the most effective cure for Rheumatism.

### Northern Life Benefited From Enquiry of Insurance Commission.

The regular quarterly meeting of the directors of the Northern Life Assurance Co, was held Monday at the head office of the company, London, Ont. The out-of-town members present were; Matthew Wilson, K C, Chatham; John Davies, Windsor; N H Stephens, Chatham; Malcolm McGugan, ex-M P, Mt Brydges.

The report of the progress made during the year 1906 is very satisfactory. This company is firmly established in public favor. The recent examination before the royal commission established the fact that its affairs are well and economically managed and that in no instance had the interest of any individual been preferred to that of either the shareholders or policy-holders.

The directors congratulate the manager that at the close of the examination by the commission nothing improper or illegal had been found to exist in the company's management, and the manager had been complimented by the commission upon the satisfactory reports returned by him and upon the careful and economical management of his company.

The company's steady growth and increasing assets give proof that the right course has been pursued since its incorporation.

F S Bonnell of St John is inspector for Maritime Provinces. Geo L Holyoke, Woodstock, District Manager.

The selectmen and leading citizens of Houlton are trying their best to induce a company to start a woollen mill in that town. The spirit in which they are approaching the matter is in striking contrast to the action of a mayor and council in this town who two years ago did their best to put the local woollen mill out of business.
