FROST STEEL GATES

The strong features of Frost Fence are combined in the Gates. A special feature is the frame of continuous steel tubing. This is vastly stronger than a frame with elbow corners and malleable castings. The heavy wire filling insures against sagging.

The public is warned against buying gates that infringe against Frost Fence Co.'s patent, as purchasers as well as users are laying themselves liable. For sale by

Allow the urine to stand in a glass vessel for twenty-four hours and if at the end of that it is clouded or has left a sediment in the bottom of the vessel you may be sure that your kidneys are diseased. As a means of investigating the action of the kidneys and making them strong and healthy, there is no preparation so prompt and none so thorough as Dr. Chase's Kidney-Liver Pills.

THE DEMON DYSPESIA.—In olden times it was a popular belief that demons moved invisibly through the ambient air, seeking to enter into men and trouble them. At the present day the demon, dyspepsia, is at large in the same way, seeking habitation in those who by careless or unwise living invite him. And once he enters a man it is difficult to dislodge him. He finds himself so possessed should know that a valiant friend to do battle for him with the unseen foe is Parmelee's Vegetable Pills which are ever ready for the trial.

IT IS AN ELIXIR OF LIFE.—Since forgotten time, men have been seeking for the Elixir of Life, which tradition says once existed. Dr. Thomas' Electric Oil is an Elixir, before which pain cannot live. A MAGIC PILL.—Dyspepsia is a foe with which men are constantly grappling but cannot exterminate. Subdued, and to all appearances vanquished, it one, it makes it appear in another direction. In many the digestive apparatus is as delicate as the mechanism of a watch or a scientific instrument in which even a breath of air will make a variation. With such persons disorders of the stomach ensue from the most trivial causes and cause much suffering. To these Parmelee's Vegetable Pills which are recommended as mild and sure.

Bleeding, Protruding Piles.
Mrs. JAMES BROWN, Hintonburgh, Carleton Co., Ont., writes:—"I suffered from nearly every form of piles for twenty years, both here and in the old country, and have tried nearly every remedy. I am only doing justice to Dr. Chase's Ointment when I say that I believe to be the best remedy obtainable for bleeding and protruding piles, of which it has cured me."

The Nova Scotia government has decided to increase the grants paid to teachers from the provincial treasury. Hereafter teachers shall receive the following amounts annually: Class D, \$80; Class C, \$90; Class B, \$120; superior school, \$150; A, \$180; Class A in a high school of at least three departments, \$210. As we understand it, these grants are made equal to both sexes.

It will be interesting to compare them with those made to New Brunswick teachers. In every case the average grant to the latter is higher. In New Brunswick the teacher of a grammar school receives \$350 and the teacher of a superior school \$250 yearly, whether male or female. First class licensed teachers corresponding to Class B in N.S. receive,—male, \$135; female, \$100. Second class, corresponding to C in N.S.,—male, \$108; female, \$81. Third class, corresponding to D in N.S.,—male, \$81; female, \$63. It may be said that the proportion of teachers who have received normal school training is less in Nova Scotia than in New Brunswick.

The teachers' pension law which provides for retiring allowances for teachers of long standing and for those who have become incapacitated from any cause is an encouraging and progressive sign. We shall deal with this more fully in a future number.

In Nova Scotia it is proposed to appoint an advisory board to assist the Council of Public Instruction, in what way or to what extent has not yet been made clear.—(Review.)

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address F. J. CHENEY & CO., Toledo, O. The Sun's New Manager.

Mr John S. Leighton, Jr., a prominent citizen of Woodstock a good straight Liberal, has been installed as business manager of the St. John Sun, and to introduce him formally to the leading business and professional men of St. John, Hon. H. A. McKeown gave a dinner at his residence last night at which there was a large attendance. Mr Leighton who is a son of Mr John S. Leighton, ex-M. P. P., now registrar of Carleton Co., is an expert accountant and an active hustling young man, who will find ample scope for his undoubted ability in his new position. The Sun is now fully disenthralled from its former Tory shackles, and is expected to do good service for the Liberal cause and consequently for the country.—(Herald)

In addition to the big sum deposited at the post office it is claimed that the three local chartered banks have on deposit in their saving departments nearly a million dollars. Just fancy, the County of Carleton has over \$1,500,000 tucked snugly away for a rainy day!

Some persons are more susceptible to colds than others, contracting derangements of the pulmonary organs from the slightest causes. These should always have at hand a bottle of Bickie's Anti-Consumptive Syrup, the present day sovereign remedy for coughs, catarrh and inflammation of the lungs. It will effect a cure no matter how severe the cold may be. You cannot afford to be without a remedy like Bickie's for it is the best.

It may be of interest to many to learn that on June 30th 1905, the last day for which we have official information, the deposits in the Woodstock Post Office Saving Dept amounted to \$877,581.59. Now who will say the farmers of Carleton County are not well to do?
