Golfers Turn the Tables.

The second match in the series between the rival bowling teams was pulled off Tuesday evening, and much to the evident joy of the large number of spectators, the Riflemen were put out of business by the record majority of 194 pins. Captain Balmain's men, it must be said, travelled in all kinds of hard luck. On the contrary, their opponents seemed to have all the horseshot that a good sized factory could turn out in a week. From start to finish the Golfers were never headed. Although the scores of several Riflemen were good, the Golfers generally went one better, and never let up until the finish. The line-up was as follows:—

No 1. Alley. Golfers, Capt Calder, C Jones and G Mitchell. Rifles, Capt Balmain, B V Lingley and Dr Kirkpatrick.

No 2. Alley. Golfers, N F Thorne, W Jones and Geo Balmain. Rifles, W Lilley, C Comben and J S Creighton.

No 3. Alley. Golfers, G Hugh Harrison, Hugh Bruce and C Sprague. Rifles, F Davidson, J S McManus and Lester Hull.

An analysis of the score discloses the fact that each trio of Golfers put their opponents under the table. Capt Calder and his two helpers did the greatest execution, burying "the Big Three" under an adverse majority of 106. The second trio added 52, and the third 37. Hugh Bruce made his debut in fast company, and for a colt did remarkably well. He is evidently a coming man. J S Creighton jumped into the breach at the last moment to fill the vacancy caused by the absence of F W McLean, and for a beginner put on a splendid score, particularly with the large pins. He should now be a fixture with some team, as being Secretary of the Golf Club, and a member of the Rifle Club, qualifies him for a place anywhere. Charlie Jones who rolled against the Rifle Capt, gave Clarence Sprague a hot chase for premier honors, while the consolation distinction went to Mr Comben. The greatest interest is felt in the deciding struggle, which is billed for next Tuesday. There will be a big shake-up on the part of the Rifle Team. Capt Calder will scarcely make many changes in his line-up.

It is rumored that two or three outsiders have been guaranteed positions here for the summer on condition that they roll under the colors of the Rifle Team. Much money changed hands on the result of the struggle. A well-known Main St merchant is said to have bet twenty plunks even that the Rifle Team Crack Trio would be beaten 100 pins by their three opponents. He now has the two twenties to place at even odds that in the next match the Golf Club team will smash all previous aggregate scores by 100 pins.

OBITUARY.

Mrs Annie Bailey, widow of the late Elbridge Bailey, died on Monday afternoon at the home of her mother, Mrs James Watts, with whom she resided since the tragic death of her husband some fourteen years ago. The accident that deprived her of her husband totally unnerved Mrs Bailey, and for the remainder of her life she was an invalid. During all the years she bore up patiently, although her bodily sufferings from various complications at times were most severe. During the past two weeks she steadily sank into helplessness, until death released her spirit from the mortal coil. Mrs C V Wetmore of Sydney, and Miss Isabel Watts at home are sisters. An only brother, James, resides in Boston. The funeral services held Wednesday afternoon, conducted by Rev G A Ross, were largely attended.

SEED WHEAT.

C M Sherwood, Centreville, has just received a large shipment of seed wheat from the West. It is clean and plump—not shrunk—as his seed wheat was last year. However, when it is grown here the kernels are large and full, notwithstanding the seed may have been shrivelled.

This change of seed wheat is a compound one, as you not only change your seed, but in doing so you introduce a variety of Manitoba hard wheat which will make more and better bread than is possible to do with any of the soft varieties of wheat that have generally been grown in the maritime provinces until within the last few years.

We are sorry to report that Capt Ritchie, who was to be here with Major Phillips for Easter Sunday, is unable to come. In his stead the Major will bring along his better half, who like himself is an able speaker, a beautiful singer and a real Salvationist. Mrs Phillips has never been in Woodstock before; she has been a zealous worker in the Army for over 20 years and has a beautiful experience. Don't fail to hear her.

The Concert and Ball to be held by the 67th Regt Band in the Opera House, Monday night, promises to surpass anything yet attempted by that organization. The admission to the concert is only 25 cents. Hanlon's Orchestra of Fredericton will furnish music for dancing. Dance tickets 75 cents per couple.

I have it upon good authority that Lovely Glen showed her ability to step a mile in 2.25 last summer. Pretty good for a four year old. Lovely Glen is owned by Samuel Lovely of Perth.

Our Challenge Not Accepted.

The "Magnet" Representative backs down and out.

He tells intelligent farmers we were bluffing, but they don't take the pill. They want a test and we want to give it to them.

Listen:

We will do all that appeared in our challenge last week, and in order to win will guarantee to

Skim Twice as Clean

as our competitor—that is to say, if the skim milk from the Magnet contains one-tenth of one per cent. of butter fat, **The Sharples Tubular** will not leave more than half a tenth; or if the Magnet only leaves half a tenth, The Tubular will only leave one-quarter of one-tenth.

Our competitor says that no one man could stand the expense of this test.

WE WILL HELP HIM

by guaranteeing to purchase four Magnet Separators at \$25.00 each, if they have a rated capacity of 500 lbs. per hour, and Mr. McDougall will deposit them with the Trustees of the Hospital. The Hospital needs the money and we need the experience.

AGENTS,
