### MAKE NEW BLOOD.

That is What Dr. Williams' Pink Pills Do—That is Why They Cure so Many Diseases.

When persons have not enough blood, or when their blood is weak and watery, the doctors name the trouble anaemia. Bloodlessness is the direct cause of many common diseases, such as indigestion, palpitation of the heart, debility, decline, neuralgia, nervousness, rheumatism and consumption. The surest signs of poor blood are paleness, bluish lips, cold hands and feet, general weakness, low spirits and headaches and backaches. If anaemia is not checked in time it will probably develop into consumption.

There is one certain cure for anaemia—Dr. Williams' Pink Pills. These Pills actually make new, rich, red blood, which fills the veins and brings new life, new energy and good health to bloodless people. In proof of this Miss Mabel Clendenning, Niagara Falls, Ont., says: "For two years I suffered from anaemia. I was weak, thin, had no appetite; sometimes had distressing headaches and felt low spirited. My heart would palpitate violently; I could do no work around the house; I became very pale and my nerves got unstrung. The efforts of two good doctors failed to keep me, I was in such a pitiful state. One day a friend urged me to try Dr. Williams' Pink Pills and I did so. Soon I saw the pills were helping me and by the time I had taken nine boxes I was completely cured. I had a good appetite; gained in weight, I hadn't an ache or pain, could sleep well and I am in far better health now than I ever was. I cannot speak too highly of what Dr. Williams' Pink Pills have done for me."

What Dr. Williams' Pink Pills have done for Miss Clendenning they have done for thousands—they will do for you. But you must get the genuine with the full name "Dr. Williams' Pink Pills for Pale People" on the wrapper around every box. If your dealer has not got the genuine pills you can get them at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

### That Motor Car Service.

Last week we touched briefly upon the need of a motor car service during the summer months between Woodstock and Bath. Of course there is a fair train service on this part of the Northern Division, yet the chief necessity is for an opportunity to leave Bath, Florenceville, Bristol and the other up river points comparatively early in the day, and get home the same night. As things have been in the past the up river visitor must spend the night away from home, if he is to have any reasonable time in town. What we should like to see is a service by which persons could reach Woodstock from up-river fairly early in the day, have six or eight hours here, and reach home before midnight. A motor car is just the thing we need. During the portion of the day not taken up with the Bath run, a round trip might be made to Debec, Canterbury or perhaps Houlton. There would be plenty of business. The Board of Trade should become active.

### Collins Executed.

Hopewell Cape, N. B., Nov 15th—Thomas Francis Collins paid the death penalty for the murder of Mary Ann McAuley this morning at 7.25 o'clock. Five minutes before this time Sheriff Lynds summoned Hangman Radcliffe to the cell, and the possession to the gallows immediately followed. Collins walked steadily to the platform and did not utter a word after leaving his cell.

The execution was witnessed by about a dozen persons, including officials, clergymen, pressmen and one or two others, and was conducted in daylight at the request of the prisoner.

The last hours of the prisoner were spent quite peacefully, the convicted man apparently finding much strength in the presence of Rev B. H. Thomas, of Dorchester. Mrs I. B. Steeves was with the prisoner until one o'clock this morning and his parting with her was a most affectionate and pathetic one. "Good bye, mother," were the prisoner's last words to her as they kissed in a last farewell. Mrs Steeves was overcome with emotion at the trying ordeal through which she had to pass. Several times following her departure the prisoner broke down and wept bitterly on Mr Thomas's shoulder. Later he recovered much of his composure and found comfort in reading favorite passages of Scripture and familiar hymns with the attending clergyman. Shortly after three o'clock Collins fell asleep and slept for nearly three hours. Rev Mr Thomas remaining by him during that time. A light breakfast consisting of fried eggs was then taken to him, but of this he partook very sparingly. At his request Rev Mr Thomas ate a light lunch with him. The final services in the cell were then conducted, and in them the prisoner seemed to derive much strength for the final ordeal. His favorite passage of Scripture was the 121st Psalm and this he read several times. The familiar 23rd Psalm was also read and discussed. Favorite hymns were also read over, among them such as How Firm a Foundation, Nearer My God to Thee, Just As I Am and What a Friend We Have in Jesus.

Shortly after the procession to the gallows was formed the prisoner requested Mr Thomas to read the passage, "Whosoever cometh to Me shall in no wise be cast out," and after this had been done repeated the whosoever several times, saying "that means even me."

The last words of the prisoner were spoken to Rev Mr Thomas as he wept upon his neck. "Tell Sheriff Lynds, Mrs Steeves and my other friends that I am trusting in Jesus and will not disappoint them, but will be brave and courageous to the end," he said.

During Thursday evening the condemned man made no reference to his guilt and so far as is known left no statement or confession.

At twenty minutes past seven the procession to the gallows started, Radcliffe leading the way. He was followed immediately by the prisoner, who was assisted by the Rev Mr Thomas. The prisoner walked calmly and steadily and made no movement after reaching the gallows. Deputy Sheriff Simpson of Amherst was also in the procession and accompanied them to the platform. At a request made by the prisoner in his cell Rev Mr Thomas held his hand as he ascended the steps. Radcliffe adjusted the black cap to Collins' head, strapped his legs together, and placed the rope around his neck. The Lord's prayer was then repeated by Rev Mr Thomas and the lever allowing the death trap to fall was pulled by the hangman at exactly 7.25 o'clock.

The body was allowed to hang for seven minutes, as violent beatings of the heart followed during this period although the condemned man's neck was dislocated by the drop. As the trap dropped no movement was noticeable beyond the twitching of the man's hands. The drop was about nine feet and a half, the executed man's feet being nearly three feet above the floor on which the doctors and other officials stood.

The execution, a painful sight, was witnessed by the group of grimaced men. It was well conducted, being free from the least thing that might mar the solemnity of the occasion. The apparatus, although hastily erected Thursday, worked well, there being not the least delay or bungle.

Interment took place on the hill above the goal, the grave having been prepared on Thursday afternoon.

## A TRAINED NURSE

After Years of Experience, Advises Women in Regard to Their Health.

Mrs. Martha Pohlman of 55 Chester Avenue, Newark, N. J., who is a graduate Nurse from the Blockley Training School at Philadelphia, and for six years Chief Clinic Nurse at the Philadelphia Hospital, writes the letter printed below. She has the advantage of personal experience, besides her professional education and what she has to say may be absolutely relied upon. Many other women are afflicted as she was. They can regain health in the same way. It is prudent to heed such advice from such a source.

Mrs. Pohlman writes:

"I am firmly persuaded, after eight years of experience with Lydia E. Pinkham's Vegetable Compound, that it is the safest and best medicine for any suffering woman to use."

"Immediately after my marriage I found that my health began to fail me. I became weak and pale, with severe bearing-down pains, fearful backaches and frequent dizzy spells. The doctors prescribed for me, yet I did not improve. I would blot after eating and frequently become nauseated."

"I had pains down through my limbs so I could hardly walk. It was as bad as a case of female trouble as I have ever known. Lydia E. Pinkham's Vegetable Compound, however, cured me within four months. Since that time I have had occasion to recommend it to a number of patients suffering from all forms of female difficulties, and I find that while it is considered unprofessional to recommend a patent medicine, I can honestly recommend Lydia E. Pinkham's Vegetable Compound, for I have found that it cures female ills, where all other medicine fails. It is a grand medicine for sick women."

"Money cannot buy such testimony as this—merit alone can produce such results, and the ablest specialists now agree that Lydia E. Pinkham's Vegetable Compound is the most universally successful remedy for all female diseases known to medicine."

"When women are troubled with irregular, suppressed or painful periods, weakness, displacement or ulceration of the female organs, that bearing-down feeling, inflammation, backache, bloating (or distention), general debility, indigestion, and nervous prostration, or are beset with such symptoms as dizziness, faintness, lassitude, excitability, irritability,

nervousness, sleeplessness, melancholy, "all-gone" and "want-to-be-left-alone" feelings, blues and hopelessness, they should remember there is one tried and true remedy. Lydia E. Pinkham's Vegetable Compound at once removes such troubles."

"No other female medicine in the world has received such widespread and unqualified endorsement."

"The needless suffering of women from diseases peculiar to their sex is terrible to see. The money which they pay to doctors who do not help them is an enormous waste. The pain is cured and the money is saved by Lydia E. Pinkham's Vegetable Compound."

"It is well for women who are ill to write Mrs. Pinkham, Lynn, Mass., The present Mrs. Pinkham is the daughter-in-law of Lydia E. Pinkham, her assistant for many years before her decease, and for twenty-five years since her advice has been freely given to sick women. In her great experience, which covers many years, she has probably had to deal with dozens of cases just like yours. Her advice is strictly confidential."
