Alfred P Balloch.

The many friends of Alfred P Balloch, youngest son of the late John Balloch and brother of R Wilmot Balloch of Centreville, will learn with deep regret of his death at the home of his sister, Mrs CG Main, Edmundston, on Wednesday last. Mr Balloch has been in poor health for the past year and only two weeks before his death came on from East Dedham Mass., thinking the change would do him good. His wife, nee Josephine Irish of Portland Me., only sister and brother, were with him at the end.

The remains were taken to East Dedham where the funeral was held on Friday by the IOOF lodge of that town of which he was an old and active member.

Deceased was born in Woodstock on Oct 24, 1854; and lived in that town until 1883 when he moved to Mass and has since lived in Readville and East Dedham. Besides a wife he leaves a married daughter and a son to mourn the loss of a loving husband and father.

Mrs and Miss Pearson of Pittsburg, Pa, who have been visiting Miss Hume, left here this week.

Shall the Band Disband?

Rumors have been rife during the past week that the 67th Regt Band is about to close down. This organization which has been in existence for over five years has had a great many difficulties with which to contend during the present season and the members feel that they have been criticised in certain quarters for circumstances over which they have had no control.

In the untimely death of two of their most valued members and the loss in other ways of several others they have been seriously handicapped and have been compelled to employ outside assistance in order to fill their engagements. This has involved a heavy expense which they do not feel justified in continuing any longer.

There are but two ways of making a band. One is by employing outside help or by securing situations in the town for musicians from other places. The other and slower way is by training beginners under a competent instructor which process is probably as expensive in the end as the former.

The band is to lose their present leader J J Ansell next week and they regret very much his intended departure. Mr Ansell cannot be excelled as a band director and he has been untiring in his efforts to promote the welfare of the band. If he but had the instrumentation he requires for the class of music he plays the result could not be surpassed by any band either amateur or professional. When the Houlton and Woodstock bands were combined under his leadership at the recent Houlton carnival those who were privileged to hear the music declared that it could not be excelled.

Before Mr Ansell leaves the band members wish to have a final concert under his leadership in the Armoury on next Wednesday evening. Some of the members of the Houlton band are to come over to assist and this will be a concert that none should miss.

The program for the evening will be a bean supper from 5 to 7; band concert from 7.30 to 8.30 after which there will be dancing and games of all kinds. The admission to the Armoury will be only 10 cents and each ticket purchased will be good for a chance on a \$5 prize; supper 25 cents; dancing 10 cents a couple for each dance.

B B Manzer of Oak Hall, Woodstock, some time ago lost a pair of glasses and will be very glad if the finder will call at the store, return the property, and receive a reward.

Mrs Auringer who has been visiting Captain and Mrs Duncan returned to Boston on Wednesday.

Dr Robert H Upham and daughter who have been visiting Mrs W S Corbett returned to Boston on Wednesday.

Town Council.

The Council met Tuesday night, the Mayor presiding,—the absentees being Ald Sutton and Hagerman. In the absence of Clerk Hartley, J P Malaney took the minutes. The Town Treasurer reported the receipts and expenditures for August. The Town Marshal's report was likewise received, and referred to finance and audit committee.

While the bills were being read the Mayor observed that the Street Committee were pretty nearly at the end of their tether financially, and there are some large expenditures voted by the Council as yet unfinished. Work was being done all over town without anyone's order apparently, save that of the Commissioner. The Mayor asked Chairman Burt if Commissioner Carr took orders from the Street Committee, or proceeded on his own initiative. Ald Burt replied that Mr Carr, in the main, went ahead for himself. Ald Fisher said the Richmond Street folk were anxious to have the repairs to that street, ordered some time ago by council, proceeded with at once. If this were not done this year someone would feel the people's indignation.

Under the head of "new business" the Mayor read a letter from Peter Clinch, secretary of the Board of Underwriters, recommending the renewing of the town arc line circuit. The report of Frank P Vaughan E E on the condition of town wiring, was likewise read from the chair. Upon the question being placed before the Council for discussion, Ald Dunbar said there seemed to be a difference of view as to whose duty it is to put in the new arc line. A representative of the Company had told him that they disclaim all responsibility. He would favor the town going ahead with the work at once.

The Mayor also read a letter from the Telephone Co, stating there is no trouble in the daytime, but just as soon as the arc lights are turned on, induction begins from the arc circuit. They asked the Town to instal a new arc line at once. The Mayor stated that while he was of the opinion that the Power Co should do the work, he would not be averse to a fair compromise. He thought the Council should pass a resolution ordering the street lights shut off until the whole matter is decided. On motion of Ald Dunbar, the several reports were referred to the Light Committee.

Ald Fisher said there is now no whistle at the pumping station. Ald Dunbar suggested the use of compressed air in place of steam. Ald Fisher said the man in charge of the Pumping Station should never leave the premises without having a substitute on the grounds. Ald Dunbar thought the job is too heavy for one man. On his motion the question of securing a fire alarm was left with the Fire Committee. Ald Fisher claimed the stand pipe had not been cleaned out this year. Ald Dunbar replied that he had already told the Supt of Water Works to see that the work is done. On motion of Ald Dunbar, seconded by Ald Fisher, the Water Committee received authority to call for tenders for the extension of the Water Works along Upper Connell Street. Ald Noble wanted to know the reason why the light at Comben's corner has disappeared. The Mayor advised the Alderman to inquire of Manager Johnson. In answer to Ald Burt, the Mayor said there is good prospect for the early opening of Gold Street. Ald Fisher said he had been told that the sewers have not been flushed this year, and wanted to know if the report was correct. The Mayor replied that the attention of the Commissioner would be directed to the matter. Other years the sewers have been flushed several times. The Council adjourned until this (Friday) evening.

The Millmore Case Again.

Some weeks ago the Town Council passed an order for over \$500 to settle the plaintiff's bill for damages and costs in the suit of Millmore vs the Town of Woodstock. A little later the chief counsel for the town A B Connell K C put in a bill amounting to over two hundred dollars. Now it seems as if the end is approaching, as Mr Hartley's account for \$209.30 was presented at the last meeting of the Council. Litigation always comes high, and the taxpayers as usual pay the piper.

J T G Carr has already received his first fall shipment of Ladies Coats and Skirts. These are nobby goods and will soon go. If you want something right up to date you can get it now. (tf.)

H V Dalling will be greatly obliged if the person who borrowed his rod and reel some months ago would return the same at once as he is anxious to go fishing.

The Non-Partisan Council, and its Partisan Revisors.

At a meeting of the Council held on the evening of the 26th ult, Messrs Stephen Green and Robert J Lindsay were appointed Revisors for the Town for the ensuing year. This thoroughly independent act is one quite in keeping with the record of our present non-partisan Citizens Council, which has decapitated every Liberal officeholder whose head could be got at. We see no good reason why E J Clarke and James B Brewer, the former revisors, should not have been re-appointed. One is a Conservative, the other a Liberal. They were named last year by a Liberal Council. This year's independent board dismisses them, and appoints two straight conservatives,—one the chief tory heeler in the South Ward, the other a man who never will be accused of unduly favoring the Liberal party. Against these men personally we have no complaint, but their appointment clearly shows the political drift of the present council, for whom so many Liberals cast their ballots at the January election. Since the former Commissioner Fewer was separated from his salary and position he has got along fairly well, and we presume the recently dismissed revisors will continue to procure a livelihood.

Ivanhoe Lodge K of P Resuscitated.

Tuesday evening about thirty former members of Ivanhoe Lodge No 7, Knights of Pythians, met in the new hall, Young's Block with a view to re-organizing the Lodge, which some months ago became dormant. It was decided to go ahead with the work, the following officers being chosen:—

Chancellor Commander, W S Skillen
Vice-Chancellor, Dr N P Grant
Prelate, N F Thorne,
Keeper of Record and Seal, B Griffith
Master of Finance, A D Holyoke
" of Exchequer, Geo W Gibson
" of Work, R E Holyoke
" at Arms, H V Moores
Deputy Grand Chancellor, Dr T F Sprague.
Ten applications were received,

and referred to the Investigating Committee.

The Lodge will hold weekly meetings, each Tuesday, at half past eight o'clock, in Young's Hall. All visiting Knights are cordially invited to attend.

At the close of the proceedings light refreshments were passed around by Wm Hill.

The prospect for a grand revival of Pythianism seems very bright in this town. The Order, while not as yet numerous in Canada, is both influential and widely known in the Republic, having over a quarter of a million members.

Notice.

The Town Council having adopted the Compulsory Education Act, the attention of rate-payers, parents, and guardians of children is directed to the following section of the Act.

31—(1) No child under the age of sixteen years shall be employed in the city or town by any person to labor in any business whatever during the school hours of any school day, unless such child has attended some public school or some approved private school, or has been otherwise instructed by a teacher qualified to instruct in spelling, writing, geography, composition and arithmetic for at least six months of the twelve months next preceding such employment, and in every year in which such child is employed, and at the time of such employment delivers to the employer a certificate signed by the Secretary of the Board, certifying to such attendance, or a certificate signed by the city or town superintendent of schools, or principal that such child has passed a satisfactory examination in grade seven, of common school work.

(2) No child under the age of thirteen years shall at any time be employed in any mechanical manufacturing or mercantile establishment.

(3) Any person who employs any child contrary to the provisions of this section shall, for each offence, be liable to a penalty of not less than ten dollars nor more than fifty dollars.

Minard's Liniment for sale everywhere.

About Perfumes.

We have made our stock of Perfumer embrace the best odors of the best makers.

For instance, the Violet Extract made by a certain firm surpasses, in our judgment, that of any other make. At the same time the Rose Odor made by the same firm may not be so good as that of another perfumer. Hence we select one brand of violet, another of white rose, etc., thus giving our patrons a selection of the best to be had without having to pay any fancy prices.

Azurea

A new Perfume made by Piver of Paris, just received.
