A number of the young folks came from town on a double-decked to F W Britton's last Thursday evening where they spent a very enjoyable time, and returned in the wee small hours.

We wonder if the young man that upset one night had hold of the reins or were they hanging over the dasher. Perhaps he got what he deserved for having another fellow's girl.

We wish the rest of the boys could take a car-load of potatoes to Montreal and get a hard hat.

The young man who camped out Tuesday night took his sister with him.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Take Hall's Family Pills for constipation.

Miss Helen Watson of Mount Allison Ladies College, Sackville, spent her Easter holidays at her home here.

A CURE FOR CONSTIPATION.—Constipation comes from the refusal of the excretory organs to perform their duties regularly from contributing causes usually disordered digestion. Parmenter's Vegetable Pills, prepared on scientific principles, are so compounded that certain ingredients in them pass through the stomach and act upon the bowels so as to remove their torpor and arouse them to proper action. Many thousands are prepared to bear testimony to their power in this respect.

John Cronin, a respected resident of Johnville, was in town recently on business.

A SUCCESSFUL MEDICINE.—Everyone wishes to be successful in any undertaking in which he may engage. It is therefore, extremely gratifying to the proprietors of Parmenter's Vegetable Pills to know that their efforts to compound a medicine which would prove a blessing to mankind have been successful beyond their expectations. The endorsement of this Pills by the public is a guarantee that a pill has been produced which will fulfill everything claimed for it.

Wm Kennedy has opened a general store at Debec, and should do well.

IF WILL PROLONG LIFE.—De Sota, the Spaniard, lost his life in the wilds of Florida, whither he went for the purpose of discovering the legendary "Fountain of perpetual youth," said to exist in that then unknown country. While Dr Thomas' Electric Oil will not perpetuate youth, it will remove the bodily pains which make the young old before their time and harass the aged into untimely graves.

Don Payson has secured a position with the C P R at Woodstock Yard.

Cholera and all summer complaints are so quick in their action that the cold hand of death is upon the victims before they are aware that danger is near. If attacked do not delay in getting the proper medicine. Try a dose of Dr J D Kellogg's Dysentery Cordial, and you will get immediate relief. It acts with wonderful rapidity and never fails to effect a cure.

Allison Carr who has been very sick is improving rapidly.

There is nothing equal to Mother Grives' Worm Exterminator for destroying worms. No action of its kind has given such satisfaction.

HOSPITALS CROWDED

MAJORITY OF PATIENTS WOMEN

Mrs. Pinkham's Advice Saves Many From this Sad and Costly Experience.

It is a sad but true fact that every year brings an increase in the number of operations performed upon women in our hospitals. More than three-fourths of the patients lying on these snow-white beds are women.

Every one of these patients had plenty of warning in that bearing down feeling, pain at the left or right of the abdomen, nervous exhaustion, pain in the sides of the back, pelvic catarrh, dizziness, flatulency, displacements or irregularities. All of these symptoms are indications of an unhealthy condition of the female organs, and if not heeded the trouble may make headway until the penalty has to be paid by a dangerous operation, and a lifetime of impaired usefulness at best, while in many cases the results are fatal.

The following letter should bring hope to suffering women. Mrs. Robert Glenn, of 434 Marie St., Ottawa, Ont., writes:

Dear Mrs. Pinkham: "Lydia E. Pinkham's Vegetable Compound is so well and widely known that it does not need my recommendation, but I am pleased to add to the many which you have in its favor. I suffered untold agonies from serious female troubles for nearly three years, and the doctors told me that I must undergo an operation, but as I was unwilling to do this, I tried your Vegetable Compound, and I am only too pleased that I did so, for it restored me to perfect health, saving me the pain of an operation and the immense bills attending the same. Pray accept my hearty thanks and best wishes."

Just as surely as Mrs. Glenn was cured of the troubles enumerated in her letter, just so surely will Lydia E. Pinkham's Vegetable Compound cure other women who suffer from female troubles, inflammation, kidney troubles, nervous excitability and nervous prostration.

Mrs. Pinkham invites all women who are ill to write her for free advice. She is a daughter-in-law of Lydia E. Pinkham and for twenty-five years has been advising sick women free of charge. Address, Lynn, Mass.

Easter falling on so early a date this year makes some Easter statistics interesting. The earliest date on which Easter can fall is March 22. The moon must then be full on March 21, and that date must be a Saturday. Such a combination of circumstances is extremely rare. Easter Sunday has fallen as early as March 22 in 1903, in 1761 and in 1817, and it will fall on March 22 again in 1990, 2076 and 2144. The latest date on which Easter can fall is April 25. That happened in 1666, in 1734 and in 1886. It will happen again in 1943.

O A KING, M.D.

Lord Rosebery sticks to his "lonely furrow." Speaking in London the other day he declared that Great Britain would never tolerate a separate Irish Parliament. "A system suitable for Canada and Australia," Lord Rosebery added, "would be very different in a contiguous island, which in its public declarations prided itself on its disloyalty." He said that he doubted if the Government's promised measure for Ireland would go to extremes. He feared, however, it was promising too much. If it made any general attack on property as was threatened, its existence would be speedily ended. The Ex Premier seems to be entirely out of sympathy with the "C. B." Government.

Here's the Cure for Sick Kidneys

TEST THEM FREE

Perhaps you are skeptical about GIN PILLS. So was Mr. Brown. He had tried so many things for his kidneys, without getting any better, that he had just about made up his mind that he couldn't get well.

When he first read about GIN PILLS he laughed. The second time, he thought. The third time, he said "he would write for a sample just to see if there was any chance of getting well." He was pretty nearly tickled to death over that box of GIN PILLS. They did him so much good that he would have paid \$5 a box for the second, if necessary. The dizziness, headaches and backaches stopped. Those shooting pains in his hips and legs died away. Urine lost its high color. He slept through the night without being disturbed by bladder trouble. His appetite began to pick up and he felt better than he had been for years.

Being a sufferer from my Kidneys and Dizziness in the Head, and could get nothing to help me, I saw in the papers what good GIN PILLS were doing. I got a sample box, and they did me so much good, I bought three boxes and am taking them. They have worked wonders for me. I can recommend them to any similar sufferer.

Don't be prejudiced. Give GIN PILLS a fair trial and they will cure you just as they cured Mr. Brown. Mention this paper and we will send you a free sample. The Bole Drug Co., Winnipeg, Man.
