CANADIAN WOMEN FIND RELIEF

The Case of Ellen Walby Is One of Thousands of Cures Made by Lydia E. Pinkham's Vegetable Compound.

How many women realize that it is not the plan of nature that women should suffer so severely?

Ellen Walby

Thousands of Canadian Women, however, have found relief from all monthly suffering by taking Lydia E. Pinkham's Vegetable Compound, as it is the most thorough female regulator known to medical science. It cures the condition which causes so much discomfort and robs these periods of their terrors.

Ellen Walby, of Wellington Hotel, Ottawa, Ont., writes:

"Your Vegetable Compound was recommended to me to take for the intense suffering which I endured every month and with which I had been a sufferer for many years getting no relief from the many prescriptions which were prescribed, until, finally becoming discouraged with doctors and their medicines I determined to try Lydia E. Pinkham's Vegetable Compound, and I am glad that I did, for within a short time I began to mend and in an incredible short time the flow was regular, natural and without pain. This seems too good to be true and I am indeed a grateful and happy woman."

Women who are troubled with painful or irregular periods, backache, bloating, (or flatulence), displacement of organs, inflammation or ulceration, that "bearing-down" feeling, dizziness, faintness, indigestion, nervous prostration or the blues, should take immediate action to ward off serious consequences, and be restored to perfect health and strength by taking Lydia E. Pinkham's Vegetable Compound, and then write to Mrs. Pinkham, Lynn, Mass., for further free advice. She is daughter-in-law of Lydia E. Pinkham and for twenty-five years has been advising women free of charge. Thousands have been cured by so doing.

The opposition viciously attacked the government's permanent bridge policy, but they failed to move for striking out one single structure from the programme. With respect to the proposed bridge at Bath, Carleton County, Mr. Fleming was frank enough to say, "I would say that I know of no place in the province where a bridge is more badly needed than at Bath, and I should like to see it begun this summer. So it was through the whole piece. The opposition considered all the proposed bridges necessary, yet no doubt they will go around the province howling against the government's 'extravagant bridge policy.'"

Women Who Wear Well.

It is astonishing how great a change a few years of married life often make in the appearance and disposition of many women. The freshness, the charm, the brilliance vanish like the bloom from a peach which is rudely handled. The matron is only a dim shadow, a faint echo of the charming maiden. There are two reasons for this change, ignorance and neglect. Few young women appreciate the shock to the system through the change which comes with marriage and motherhood. Many neglect to deal with the unpleasant pelvic drainage and weaknesses which too often come with marriage and motherhood, not understanding that this secret drain is robbing the cheek of its freshness and the form of its fairness.

As surely as the general health suffers when there is derangement of the health of the delicate womanly organs, so surely when these organs are established in health the face and form at once witness to the fact in renewed comeliness. Nearly a million women have found health and happiness in the use of Dr. Pierce's Favorite Prescription. It makes weak women strong and sick women well. Ingredients on label—contains no alcohol or harmful habit-forming drugs. Made wholly of those native American medicinal roots most highly recommended by leading medical authorities of all the several schools of practice for the cure of woman's peculiar ailments.

For nursing mothers, or for those broken-down in health by too frequent bearing of children, also for the expectant mothers, to prepare the system for the coming of baby and making its advent easy and almost painless, there is no medicine quite so good as "Favorite Prescription." It can do no harm in any condition of the system. It is a most potent invigorating tonic and strengthening nerve tonic, nicely adapted to woman's delicate system by a physician of large experience in the treatment of woman's peculiar ailments.

Dr. Pierce may be consulted by letter free of charge. Address Dr. R. V. Pierce, Invalids' Hotel and Surgical Institute, Buffalo, N. Y.

"OUR JIM."

A Great Success.

Graham's Opera was comfortably filled with an admiring audience Monday evening to witness the initial production of the pretty little comedy "Our Jim" by the members of the Me an' Otis Dramatic Society, under the training of Mrs. George E. Phillips and Mr. W. M. McCunn. The cast was as follows:

John Mathews, called by all his friends "Uncle John"..... R. P. Hartley
James Mathews, his son..... R. MacG. Watt
Bob, his nephew..... G. Newham
Major Timothy Mudge..... E. F. Wolverson
Deacon Hezekiah Tidd..... W. M. McCunn
Bill Tidd..... E. N. Britton
John Henry Tidd, sons..... B. M. Hay
Aunt Deborah Mathews, Miss E. M. Newcomb
C. rolina Antwerp..... Mrs. Geo. Phillips
Bessie, (the Major's daughter) Miss L. H. Foster
Grace Antwerp..... Miss Helen S. Wolverson
Kate Smith..... Miss J. G. McLardy

The play, in four acts, vividly portrays the deep affection and trust a father bears for his son, who under a cloud, goes off to the war and returns a Captain, promoted for bravery on the field of battle, but minus an arm. Better than all else, by a happy circumstance, his innocence is proven. Running through it all there is a pretty little love affair, which like all other stage cases, terminates in the proper manner.

The leading senior role, "Uncle John," was taken by R. Perley Hartley, a young man of much dramatic ability, who in this his first appearance, created an excellent impression. The big crowd cheered Perley to the echo, and he deserved every bit of it. Roy Watt, as "Jim" the hero of the play, could scarcely have been excelled. He played the part nicely,—was at once a model lover and an illustrious hero. "Bob" the city boy, had no ties on him, and made some decided hits. Mr. Newham is thoroughly at home on the stage. Frank Woolverson's make up was one of the best seen in these parts. He acted the broken down Major Mudge perfectly, and never seemed to forget his warlike record. Incidentally he managed to ring in some lovey dovey work with Aunt Debby that tickled the crowd immensely. Mr. McCunn, as the Deacon,—hard fisted and unyielding,—was made up to perfection, and knew how to play the part extremely well. His work was of the stellar variety. Bliss Britton as the prodigal son of the old Deacon was a most realistic profligate, and later on, after his reformation, shone as a dashing young soldier. Burpee Hay, as "John Henry Tidd," the other son, was the whole cheese and heaps of it at that. He was dressed up to act the fool, and did it well. Burpee brought down the house at frequent intervals, and it is safe to say his part will long be remembered. It is quite unnecessary to add a word of praise to Miss Eva Newcomb's magnificent work as Aunt Deborah. She is one of the most talented young ladies we possess, and was fully up to her usual high standard. Mrs. Phillips took the part as Caroline Antwerp. She also left little to be desired. Miss Helen Foster was thoroughly at home as Bessie, daughter of the old Major, and was frequently applauded. Perhaps too much cannot be said of pretty Miss Helen Wolverson, who as Grace Antwerp, the sweetheart of the hero made a decided success. She has a charming stage presence. Miss McLardy was equally happy in the role of Kate Smith.

Ansell's Orchestra was present and rendered delightful music. A great deal of credit is due Dr. Guy B. Manzer for assistance in staging the play. His critical ability in looking after the make-up went very far toward the general excellence. All in all, the whole company should be proud of their production.

Cash after May 1st.

H. E. Burtt and W. F. Dibblee & Son, the hardware people, have decided after May 1st to do only a cash business. This is a move they find themselves practically compelled to adopt in these days when factories are almost unable to keep within gunshot of orders, short time, and all the other attendant conditions. If the people only look on it in the proper light, there will be much cause for rejoicing, as cash and cash alone, is the sound basis for all business transactions.

J. Sterling King, for some years chief accountant with A. Henderson Furniture Co., has resigned, owing to slightly impaired health. It is his intention to remove with his family to his old home at Bellisle, Kings Co., where for the summer he will take a vacation. Mr. and Mrs. King have been popular here, and the community will lose them with regret. It is understood their residence will be occupied after May 1st by Mr. and Mrs. Sinclair.

A Millionaire Murderer and Muddled or Maudlin Jurymen.

It is not to the credit of present day civilization, and to the intelligence resulting from advanced and general educational methods, that twelve representative citizens of New York failed to agree on a verdict of murder in the case of Harry Thaw, who deliberately and methodically murdered Stanford White in a public place in New York. Revenge was the avowed motive. There was absolutely nothing wanting to prove it to be a deliberate murder.

It appeared on the trial that the murderer fell in love with the murdered man's mistress and took her to Europe, when she (of course) claimed to have been drugged and ravished by her first lover, that she returned to her former lover and told him equally startling stories about the second, that the latter got her back and married her, and that the loser in this duel for a girl's affections had bowed to her once and spoken to her once since her marriage. The murderer claimed justification, and it seemed that five or seven (the jury divided five to seven) of New York's average citizens think he was justified in gratifying his revengeful and jealous feelings by a cowardly murder.

It is a disgrace to civilization and a libel on intelligence.—(World)

Fredericton, N. B., April 14.—At a meeting of the board of education yesterday afternoon, the sub-committee appointed to investigate the cost of text-books for schools, composed of Dr. Inch, Chancellor Jones and Solicitor-General Jones, submitted a report, in which they recommended that text-books be supplied to pupils free of charge.

Consideration of the report was deferred until a future meeting. In the meantime it is likely an effort will be made to ascertain what course the other provinces are likely to adopt in respect to the question. A majority of the members of the board seem to regard the proposal for free text-books as a forward step, and likely to meet with the cordial approval of the people of the province.

Resolution of Condolence.

Whereas by the overruling power of kind providence our Father in heaven has seen fit to summon from our midst by death one of our Honorary members, Brother Hiram Kirkpatrick. We hereby acknowledge the great loss we have sustained by the removal of one who has been a faithful and consistent member of our Lodge almost from its organization, and rendered valuable service in the interest of this Lodge. One who was ever willing and ready to assist in anything that had for its object the advancement of the high and ennobling principles of the Orange association. A brother that could always be depended upon in time of need, a man of uprightness, honor and integrity who has left us by his life an example worthy of our imitation, by his love to his God, to his country and to his King, and unwavering fidelity to his Orange obligation.

Therefore resolved, That we the officers and members of Richmond L. O. L. No. 100, desire to express and convey to his bereaved wife, family and immediate relatives our sincere and heartfelt sympathy with them in the loss of a loving husband and kind father. We pray that the God of all comfort will by His strength, and enable them to bear with humble submission the Divine will, and that the consolation of the comforter may be vouchsafed to them in their great sorrow, in the removal by death of one who has indeed departed from us to his abode in the world beyond. May God grant eternal rest and peace to our sincere and humble prayer.

Signed in behalf of the Lodge,
JAMES T. MONTGOMERY, W. Master.

Mrs. Sam Giberson is slowly recovering after a recent illness.

Miss Annie Grant has been the guest of Miss Emeline Phillips for a few days;—she also visited Woodstock and McAdam.

A buckboard load from here is intended going to West Glassville, Tuesday evening.

We are spending \$5,000.00 this month to explain what the word "Constipation" means.

Constipation means NON-ACTION OF THE BOWELS. If the liver is healthy, it pours enough bile into the intestines to make the bowels move. Then, too, the bowels discharge waste matter from the body by a peculiar snake-like movement. This requires strong muscles.

When the bowel muscles are weak—when there is not sufficient bile—the bowels do not move for two, three, sometimes four and five days.

This non-action of the bowels is Constipation. Waste matter, which should leave the body, is taken up by the blood, and carried to the kidneys and skin. These organs—in a vain endeavor to throw off the poisons—are overworked. The poisoned blood, in turn, irritates the nerves, causing Headaches—Backaches—Neuralgia.

The weakened kidneys cannot rid the system of urea, which changes into uric acid, causing Rheumatism, Sciatica and Lumbago.

It is useless to try to cure Constipation with calomel, cascara, senna, strong purgative pills and vile-tasting mineral waters. They simply force the bowels to act by irritating the delicate membranes. Their action weakens the muscles and really does more harm than good.

"FRUIT-A-TIVES" ACT ON THE LIVER—stimulate the glands—and so regulate the action of the liver that it will excrete sufficient bile to move the bowels in the normal, natural way every day.

Nothing else in the world will so surely and permanently cure Constipation.

"FRUIT-A-TIVES" are made of fruit juices, intensified, with the most valuable tonics and antiseptics added. Cure yourself of Constipation by taking these wonderful liver tablets. 50c. a box. Sent by mail if your druggist has none.
