SD Scott, editor of the St John Sun in its Tory days, now amuses himself grinding out lengthy articles for the Halifax Herald. Nothing to Crow Over.

Mr Hazen, genial and estimable as he is at all times personally, gave a dinner the other day to the members of the Sunbury County Council, at which of course some Liberals were present and said some complimentary things concerning their host. Mr Hazen's newspapers immediately began to make political capital out of the affair. We know that the easiest way to reach a man's heart is through the medium of his stomach.

Surely Mr Hazen does not wish to become the beneficiary, in a political sense, by such methods as a few of his over-zealous organs are adopting.

HOUSE OF QUALITY.

People who in buying clothes make price and cheapness the standard instead of quality, will, sooner or later, come to a realizing sense of the falseness of their economy.

We stand for quality first, last, and all the time; and, while doing so, we know that we can give you, intrinsically, better value for your money than the man who eternally talks cheapness.

This is a HOUSE OF QUALITY at Moderate Prices.
