MR CARVELL'S SPEECH

FRIDAY, MARCH 29th, 1907.

In the Commons, on Tuesday, our federal member spoke to the resolucalled for an investigation of the Fowler threats. Mr Carvell's speech will appear in our next issue, and will prove very interesting reading.

The Opposition members of the Assembly are doing their best to dis credit the project McKenzie and Mann have in view of building the St John Valley Railway. One of them, Mr Grimmer, who was here at Hymns. the recent nominating convention and would likely be a member of any government Mr Hazen might form, made a speech in the House the other day, and gave the Valley a rude slap by stating in effect that a road from Carleton County to St John along the river would not have enough local traffic to pay the interest on the axle-grease. Strange as it may appear neither Mr Smith nor Mr Flemming had a word to say in contradiction of this outrageous inaccuracy, and it remained for a contradiction to come from the government benches. Such language as that used by Mr Grimmer is bound | Psalms 113 to injure the Valley.

The following telegram speaks for Anthem. "The Lord is My Strength" by itself:-

Hon Wm Pugsley, LL, D., Premier of New

Would suggest you take legislative authority to make arrangements guaranteeing our bonds not to exceed fifteen thousand dollars per mile. Will promise to have matter thoroughly investigated by our engineers and will enter into contract providing we find route satisfactory from engineering and traffic standpoint. The contents of this message can be used at your discretion

D D MANN. From the above definite pledge we should say the Valley Road will be built. There can be little difficulty in finding a suitable route with minimum grades,-indeed such a route has already been proven to exist for the greater portion of the way. As to business, there will certainly be an abundance. The local freight and passenger traffic offering will doubtless prove enormous, Mr Grimmer to the contrary notwithstanding, and this added to the through traffic, should render the early construction an absolute certainty. The cost per mile is esti- visiting her sister, Mrs Harry Saundmated at \$45,000, of which the ers. government will guarantee the bonds to the extent of one third.

B Frank Smith, Geo J Clarke and Robert Maxwell, three strong opposition members, voted in favor of in St George. allowing Fredericton to dump crude sewage into the river St John. A majority of the House agreed upon this course, although the Premier and Mr Hazen both took the opposite! side. At the Oromocto Convention | mother have gone to Boston to spend the three bolters were not present, the Easter holidays. and Mr Hazen had some pretty hard words for those who voted against mond, was operated on Tuesday at the Sunbury people's contention the Hospital for appendicitis. According to the Gleaner he said "No Legislature in the world ever is sending Easter with his parents, did a more unrighteous or unholy Mr and Mrs J Albert Hayden. act," and yet Smith, Clark and Maxwell were among the perpetrators! Tut, tut, Mr Hazen!

A Letter of Thanks.

His Worship Mayor Munro has received the following letter from Dr Louis Klopsch of New York, proprietor of "The Christian Herald," the paper which is directing th Chinese Famine Relief.

HON DONALD MUNRO, Woodstock, N B., Canada.
