Baby's hold on Life.

Baby's Own Tablets cost 25 cents a box. A box bought now may save your baby's life. Summer complaints come often without warning, and thousands of little ones die from them every summer. If children's stomach and bowels are kept in order there is little danger of these troubles, and that is just what Baby's Own Tablets do. They are good for the new born baby or the well grown child—and they are absolutely safe. Give your child an occasional dose of Tablets and you will keep it well. If you have not got a box of Tablets in the house now, send for them at once, and you may feel that your little ones are safe. Mrs Wm Parrott, Myrtle, Ont., says: "My little boy suffered greatly from colic, and cried almost continuously. A few doses of the Tablets cured him, and now I give the Tablets occasionally to prevent the trouble returning." Sold by medicine dealers or by mail at 25 cents a box from **The Dr Williams' Medicine Co., Brockville, Ont.**

The Oddfellows.

At the session of the Grand Lodge in St Stephen last week Charles Comben of this town was elected Grand Conductor. The following self-explanatory report will be of interest:—

DISTRICT NO 16—H D STEVENS, D D G M

The year just closed in this district has been a notable one in the history of Odd Fellowship.

In January and July I installed the officers of Carleton Lodge, No 41. During the term ending June 30th this lodge added sixteen new members to its roll embracing some of the brightest young men in the town of Woodstock, N B. Anniversary day was suitably observed by the members marching in a body from their hall to the Presbyterian Church, headed by the 67th Band, where the Chaplain, Rev G D Ireland, delivered an eloquent address on the aims and principles of the Order. Through the efforts of Carleton Lodge, No 41, Brunswick Rebekah Lodge, No 44, was instituted last March, and is proving to be a valuable helper in Odd Fellowship.

The attractiveness of their lodge room has been materially improved by the addition of a recreation room and new furniture, also a new flag, which is floated to the breeze every afternoon and the evening of lodge meetings, to remind members that it is lodge night. I was unable by illness, to be present in January to install officers of Rockwood Lodge, No 96, and delegated Bro S W Fisher, P D D G M, to act in my place. I had the pleasure to be present in July for installation, and found this lodge in a progressive state, having added eleven new members during the term. I was given a very cordial reception. This is a lodge the Order has reason to be proud, as it has in its ranks the cream of that place, and has a staff of capable officers.

It was my pleasure and privilege to institute Brunswick Lodge No 99, at East Florenceville, N B, on June 25th with a membership of forty-five including five old members of the Order. I was ably assisted by Chas Comben, P G, I W Fisher, P G, Fred Scovil, P G, Thos Baker, P G, and others of Carleton Lodge, and Bro Ridgewell, of Rockwood. Permit me to say the Order is to be congratulated on this valuable addition. I am pleased to say this lodge is located in one of the most prosperous sections of New Brunswick, and has a large territory to draw from, and starts under most favorable circumstances, having among its members the leading business and professional men of that place. I predict a brilliant future for Brunswick Lodge, No 99.

During the year I was not called upon to grant any dispensations nor to decide any vexed question in the district, the best of harmony prevailing.

This year, like last year, we had no visit from any of the Grand Officers. In conclusion, I wish to express to you, as your representative, my acknowledgment of the uniform kindness and sympathy extended to me by the members of the lodge in this district and the P G's, who so ably assisted during the year now at a close.

What Color Ink Do You Use?

"It seems absurd, but the experience of every day's mail compels me to say that you must write with black ink on white paper," says Dr Edward Everett Hale in his editorial on "Letter Writing" in the September WOMAN'S HOME COMPANION.

"Edward Tyrrel Channing, a professor at Harvard College, who taught more men how to write good English than any other man I have ever heard of, said to me very early in the business what I say to you. He said, 'When I was a boy we wrote with black ink on white paper. Now we write with blue ink on blue paper.' Observe the satire of his epigram and remember it. If I dared I would return one half the letters which I receive from women with my stamp upon them which should say, 'Use black ink.' This is a lesson which I have been trying to teach for twenty years without the slightest effect known to me in the round of my correspondence."

I Edward and Mrs Sheasgreen went to St John Tuesday evening. Mr Sheasgreen is a delegate to the Maritime Board of Trade.
