Hon Edward Blake, M. P., for South Longford, arrived in Toronto on Saturday. He crossed the Atlantic in the Empress of Britain.

Samuel C Blake, the son of the distinguished statesman, said his father had stood the voyage well although the railroad journey from Quebec had been somewhat fatiguing. So far as the ocean voyage is concerned, Mr Blake enjoyed it extremely and was frequently carried to the deck, where he took evident enjoyment in watching the pastimes of the passengers and discussing the ordinary events of life on shipboard.

"Mentally my father is as vigorous as ever," said Samuel Blake, "although, of course, he cannot walk without assistance the paralytic stroke having taken away the use of his left side entirely. The doctors, are, however, hopeful that the effects of the seizure will pass gradually away although, of course, it will take some time for a complete restoration to physical activity."

"Edward Blake has come back to Canada to live and will take up his residence in Toronto. It is possible he may make an occasional visit to England, but his home in future will be here."
