Weak Kidneys

Weak Kidneys, surely point to weak kidney nerves. The kidneys, like the heart, and the stomach, find their weakness, not in the organ itself, but in the nerves that control and guide and strengthen them. Dr. Shoop's Restorative is a medicine specifically prepared to reach these controlling nerves. To doctor the kidneys alone, is futile. It is a waste of time, and of money as well.

If your back aches or is weak, if the urine is cloudy, or if dark and strong, if you have symptoms of Bright's or other distressing or dangerous kidney disease, try Dr. Shoop's Restorative a month—Tablets or Liquid—and see what it can and will do for you. Druggists recommend and sell.

TATTERSALL

Hartland

Rain, mud, cold and dreary weather with the worst of roads hurt business and make it unpleasant and disagreeable for all classes.

Amasa Plummer (of Keith & Plummer) and his family have gone to Southern California to spend the winter. Mr. Plummer is and will be very much missed. An active busy man always around. The church (Methodist) of which he is a member and always prompt in his attendance at all services and teacher of the adult Bible Class, in which latter position he is succeeded by Joseph Barnett, teacher of the Hartland High School. While he is missed in these matters, he and his family will enjoy the finest winter climate the world affords. His many friends heartily wish that their expectations will be fully realized, that the attractions may not be sufficient to induce them to remain there permanently, but after a reasonable time they may improve in health and return to occupy their place in our country.

Others there are who will go to different parts, some of whom will not be missed or their names mentioned during their absence. There is a difference in the life of the good society man and the one who lives for self and his private indulgence. The first esteemed and respected the latter known largely by the company he kept.

Since the July fire the Post Office accommodations have been very meager until a couple of weeks ago a building was fitted up out on the Rockland road. A very convenient and roomy office, but very inconvenient for three fourths of our citizens, no blame to post master, under the circumstances the best that could be done. Why can we not have a public building and a sub-collector? It has been promised, but does not materialize.

The examination into cause of recent fire proved fatal in all respects, except the cost which those inside the fire and water corporation will have to pay by vote of a public gathering the sum of \$300.00.

Our people acted wisely in offering no opposition to Bradley and Connolly for Councilors, two worthy men.

An excellent assortment of rubber heels for men and women, together with leather half soles and shoe findings at Everett's Agency.

Nothing as yet is built upon burned districts, but some owing lots there are making preparations. Commencing in the early spring fine brick blocks will be erected.

E. Banfill will evacuate the Burt premises on the 13th inst., and move onto his farm in the suburbs where he has made extensive improvements and will continue to do so.

W. W. Craig has W. S. Henderson employed fitting up his home premises on the Rockland road.

Darius H. Nixon has returned from a visit to his lumber operations on the Restigouche.

Mrs. Nettie Dickinson of Windsor with Ruby and Clayton are visiting friends here.

Pressed hay is coming in for shipment in large quantities.

Our leading merchants are making large exhibits of winter goods not forgetting the Xmas varieties.

The oats now being threshed are in quality and weight satisfactory.

The Commercial Hotel under new management is well patronized. An ad in the "SENTINEL" would make it better known.

Our citizens are getting up their winter supply of wood and banking the houses.

There will be an entertainment in Burt's Hall for the benefit of the Church of England on Tuesday evening, 19th inst. A ale of home made candy and fancy articles. Refreshments will be served and an enjoyable time is being prepared for. Adults 25c. Children 15c. Doors open at 7 o'clock. All are invited.

Some one suggests the purchase of the Carr and Tracy lots on Main Street and thereupon erect a Mammoth Hotel to be up to date in all respects for the commercial and ordinary traveller and with accommodations to make it attractive as a summer resort, upon the bank of the noble St. John River, splendid atmosphere, fishing and gunning and with the abolition of present road law, good drives can be in the programme, from a company of young gents with means. Run more of the element of enterprise into your make up, and let us be at least one half like other people and places.

The death of Charles Appleby was deeply regretted by those who had the pleasure and benefit of his acquaintance and the deepest sympathy is extended to bereaved relatives and friends. One by One.

Several surveys are making to alter the course of the G. P. R. into and through our village in order to reduce the heavy grade on South getting out of town.

Thane M. Jones is congratulated upon his appointment to the position of Judge of Probate, although he

was not the man our folk had in mind, therefore a surprise.

It is amusing to hear the potato crop failure given as a reason for not paying bills, even by many who had not even a garden patch. The bluff won't work.

Send your unpaid accounts to J. C. Everett for collection; also for reliable Fire Insurance, patronize him. He is also Agent for the Fredericton Dye Works—makes j worn garments new.

We miss late editor of late "Chat" and "Chat" also. We fear Woodstock has captured him. We wish him prosperity.

Our village was outraged on a recent Saturday evening by a lot of hoodlums, full of rot juice or something worse. They were principally from an outside place, have been warned before, next action will be arrest and punishment.

Rev. Mr. Baker, United Baptist has resigned and wants to leave as soon as possible for B. C.

Produce of all kinds in demand at good prices. ADDON.

Is every one who insures in the Atlantic Mutual Fire Insurance Association liable to an assessment? NO, —any person who insures with this company can take their policy, and the premium they pay is all the liability they have. Exactly the same in a Stock Co., and they have no share in the profits, more than they would in a Stock Co. But if they wish to share in the profits, they take a share in the responsibility which is so slight that most of the insurers prefer to do so. Don't be fooled by the misrepresentation of interested agents of high priced insurance,—ask S. J. Parsons.

York County Liberals are to meet in Convention at Fredericton on Wednesday 20th inst for the purpose of nominating a federal candidate. It is said that Alex. Gibson ex-M. P. is not particularly anxious to remain in political life. In case he decides to retire, the nomination is likely to go to W. T. Whitehead M. P. If Mr. Whitehead should accept, the County will be redeemed.

Maitland S. McCarthy, M. P. for Calgary, one of the few Conservative members from the West, has definitely and positively refused to again contest the seat. This is a sign of the times. Calgary is one of the seats considered certain to change its allegiance, and young Mr. McCarthy is far too alert to be caught in the deluge.

SYNOPSIS OF CANADIAN NORTH-WEST HOMESTEAD REGULATIONS.

Any even numbered section of Dominion Lands in Manitoba, Saskatchewan and Alberta, excepting 8 and 26, not reserved, may be homesteaded by any person who is the sole head of a family, or any male over 18 years of age to the extent of one-quarter section of 160 acres or less.

Application for entry must be made in person by the applicant at a Dominion Lands Agency or Sub-agency for the district in which the land is situated. Entry by proxy may, however, be made at an Agency on certain conditions by the father, mother, son, daughter, brother or sister of an intending homesteader. The homesteader is required to perform the homestead duties under one of the following plans:

(1) At least six months' residence upon cultivation of the land in each year for three years.

(2) A homesteader may, if he so desires, perform the required residence duties by living on farming land owned solely by him, not less than eighty (80) acres in extent in the vicinity of his homestead. Joint ownership in land will not meet this requirement.

(3) If the father (or mother, if the father is deceased) of a homesteader has permanent residence on farming land owned solely by him, not less than eighty (80) acres in extent, in the vicinity of the homestead, or upon a homestead entered for by him in the vicinity, such homesteader may perform his own residence duties by living with the father (or mother.)

(4) The term "vicinity" in the two preceding paragraphs is defined as meaning not more than nine miles in a direct line, exclusive of the width of road allowance crossed in the measurement.

(5) A homesteader intending to perform his residence duties in accordance with the above while living with parents or on farming land owned by himself must notify the Agent for the district of such intention.

Six months' notice in writing must be given to the Commissioner of Dominion Lands at Ottawa, of intention to apply for patent.
