

Shines at Night

"Black Knight" Stove Polish makes stoves shine by night as well as by day. Can't burn it off, either—no matter how hot you make the stove.

Once you polish the stove with

"Black Knight" Stove Polish

and give it a touch after using, you will always have a beautifully shiny stove. For a quick, lasting shine, there is nothing else to equal "Black Knight".

We have a large and varied stock of all kinds of thoroughly dried lumber, and workmanship will be the best.

THE CARLETON WOODWORKING CO.,
Formerly J. A. HAYDEN FACTORY.

Death of Martha Jane Ritchie.

On Tuesday afternoon, Oct. 22nd., Greenfield was again visited by death, when after an illness of less than a year, Miss Martha Jane Ritchie at the age of fifty-two years was called to the realms of those who wait for the Resurrection Day. She leaves to mourn her sad loss three sisters, Mrs. William Antworth, Mrs. James Ritchie of Greenfield and Mrs. Hillier of River de Chute; also four brothers, William with whom she lived, Samuel and Joseph all of Greenfield and George of Minneapolis, Minn. She was beloved by all and will be very much missed.

The church militant of which she was a staunch member and regular communicant will feel the loss of so energetic a worker.

The funeral service was held by the Rector on Thursday at St. Barnabas' church.

(In memory of Miss Martha Jane Ritchie, died Oct. 22nd., 1907.)

The beautiful stars of twilight
That shine on the land and the wave

Are shining as brightly as ever,
Though over a newly made grave.

We list for the coming of footsteps,
That we know we shall hear no more.

For the spirit has departed forever,
To that far-away echoless shore.

Words never can tell of our sorrow,
And how through the years we will yearn

For a sister who has gone to that country
From which she will never return.

We awake from our slumbers at midnight
When the house is so lonely and still

We think of the place that is vacant
The place that nothing can fill.

The years will go on as ever
Like many a year has fled.

In our home the change will be ever
Since we heard the low whisper, she's dead.

Oh little we know what the future
Is holding for us in store,

And little we know when death's angel
Is coming to enter our door.

God pity you then in your sorrow,
If there was ever a time that you gave

Words that wounded the heart of the sleeper
That fills the new made grave.

BADLY RUN DOWN.

Dr. Williams' Pink Pills Came to the Rescue After Doctors' Treatment Failed.

The life of a constant traveller is always a hard one, but those whose work compels them to take long tire-some drives over rough roads, exposed to all conditions of weather, are in constant danger of losing their health. The extreme heat of summer or the piercing winds of winter sap their strength, the kidneys become diseased or rheumatism sets in. What is needed to withstand this hardship is rich red blood—the pure blood that Dr. Williams' Pink Pills alone can make. These pills are the travellers' never-failing friend. Concerning them Mr. George Dalpe, of St. Eloi, Que., says:—"I am a grain dealer and am obliged to make frequent trips, sometimes very tiring. I returned home from one of these trips last summer very much fatigued. I was overheated and tried to cool and rest myself by lounging on the verandah till late at night. . . . I caught cold and the next day I did not feel at all well. I had a headache, pains in my stomach and was very weak. I went to see a doctor but he said I would be alright in a day or so, so I started on another trip. I had not gone far before I felt very ill and had to return home and go to bed. I had chills, headache, pains in my stomach and kidneys. The doctor came to see me and he said I was overworked. He treated me for several months but instead of improving I continually grew worse. I wasted away almost to a skeleton and really thought I was going to die. One day my wife returned from the village with a supply of Dr. Williams' Pink Pills. She urged me to take them as she said they had been very highly recommended to her. I did so and by the time I had taken four boxes I felt enough benefit to decide me to continue them and I took about a dozen boxes. They fully cured me and to-day I am able to go about my work without feeling fatigued."

Fatigue, on the least exertion is a sign that the blood is poor. Replace the bad blood with good blood and labor will be a pleasure. Dr. Williams' Pink Pills make pure, red blood. That is why they cure anaemia, rheumatism, kidney trouble, indigestion, heart palpitation and the nerve-racking ills of girlhood and womanhood. Sold by all medicine dealers or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams Co., Brockville, Ont.

WILL KISSING BE PROHIBITED

The Osculatory Process Denounced by Scientists as Extremely Dangerous—How the Danger Can be Removed.

A keen discussion is being carried on by some of the best scientists as to the danger and "crime" of kissing, led by Dr. Somers, Health Officer of Atlantic City, and Dr. Nalpas, of the Medical Faculty of Paris. They charge the kiss with spreading grippe, scarlet fever, measles, mumps, whooping cough, typhoid fever, diphtheria, erysipelas, meningitis, tuberculosis, and many infectious skin diseases. They suggest legislation on the subject, and the posting of notices in railway stations, street cars and other public places, but they say it would be useless to post them on verandahs, in cosy corners, porches, shady nooks, or moonlit lawns. They also propose compulsory legislation for methods of disinfection of the mouth and purifying the breath, especially with a view to the protection of the innocent babies who are particularly subject to infection. The greatest and most effective purifier and germ destroyer known to medical science for the mouth, throat and breath, as well as for the blood, stomach and lungs, is Psycline, that triumph of the medical world that is attracting almost universal attention because of the wonderful results attending its use. One of its recent triumphs is told as a matter of experience in the following brief statement:

Dr. Slocum Co.

I am sending you photo and testimonial herewith for your great remedy PSYCLINE. Your medicine did wonders for me. I was about 40 or 45 years of age when I took PSYCLINE. The doctors had given me up as an incurable consumptive. My lungs and every organ of the body were terribly diseased and wasted. Friends and neighbors thought I'd never get better. But PSYCLINE saved me. My lungs have never bothered me since, and Psycline is a permanent cure.

MRS. LIZZIE GARDNER,

519 Belmont St., London, Ont.

Psycline, pronounced Si-heen, is admitted to be the most wonderful of all disease and germ-destroying agencies. For building up the run-down system and curing all forms of stomach troubles and diseases of the chest, throat and lungs or head, it is simply unapproachable. It is a reliable home treatment. For sale at all druggists, 50c and \$1.00, or Dr. T. A. Slocum, Limited, 179 King Street West, Toronto.

Newburg.

The heavy rains have made the roads in this section very muddy.

The potato crop here was almost a complete failure, except in a few cases where some farmers had about half sound ones. But this does not seem to discourage them as some have ploughed large fields for a potato crop again next year.

Mrs. James Brown who lies very ill since the birth of a young son on Oct. 16th, improves very slowly, although attended by a trained nurse and doctor.

A number of men and teams from here are working on the new railroad near Newburg Jet; some have quit the job and returned home.

Frank Ryan has purchased last spring's cutting of cordwood from Wallace Ryan and will be "into his job" after the first snow, supplying his old customers.

A spring pig, six months old minus two weeks, was killed by Wallace Ryan last week, weighing 249 pounds; somebody beat this.

Henry Hollins, Grand Falls is visiting his sister, Mrs. Aratus Cunningham.

John and Willie McLaughlin are doing good work sawing wood with the circular saw. Hugh Johnston had three days cutting.

Misses Manie Johnston and Alys Burke have gone to town to spend the winter.

Miss Eva Gallagher, teacher at Wilmet, spent Thanksgiving at home. DOLLY.

Through Foreign Eyes.

Editor Collins of The Star-Herald recently visited Centreville and writes entertainingly concerning the trip. Speaking of the Carleton County farmer he says:—"His wheat raising habit makes milling an important industry, and consequently at Centreville we find a grist mill of the most up-to-date type, owned and run by Mr. O. M. Sherwood. The mill has a capacity of 125 bbls of flour daily. It employs a first class Western miller, Mr. D. C. Sinclair, who is able to turn out through this mill a strictly first class quality of flour. Mr. Sherwood claims that the process employed saves a bushel of wheat to every barrel of flour ground as compared with local competitors. However this may be, to whoever inspects it it is quite apparent that this mill is thoroughly modern in all its appointments, and well ordered and well managed in all its details. The water power which operates the mill is also utilized to run an electric lighting plant, and besides lighting his own stores Mr. Sherwood lights a large percentage of the residences and business places, the service comprising some 350 lights. Centreville is fortunate in having so enterprising a citizen, being indebted to him for industries conducted on a liberal and first class scale, which contribute greatly to the welfare of the community."

It is evident that the Scott Act of officials are not asleep in Carleton

County. While the reporter was there three of them made a visit to the place and broke into the sanctum sanctorum of the hotel cellar. They found a very small quantity of port wine, but it was a stormy enough port when the reporter was there, the air being blue with the protestations of the landlord at the invasion of his premises, his protestations being flavored with epithets and adjectives of all sorts and sizes. The news that Scott Act officials are on the war path travels by some sort of a wireless medium, and the reporter found coming back that both Jakey Wise and his associate in the business at the Boundary had taken to their heels and pulled the holes in after them in anticipation of coming trouble."

F. B. Carvell M. P. presented his commission as one of His Majesty's Counsel learned in the law at Fredericton on Thursday and was called to the inner bar.

John Stanfield, manager of Stanfields Ltd., the big Truro knitting concern, has accepted the Conservative nomination for Colchester. The Liberals have put up a farmer named Hill.

White Wave Washing Powder is better than soap.

Sick all the Time with Kidney Trouble**4 BOXES CURED HIM**

Mr. Whellam was a mighty ill man this spring. He had been ailing for almost a year. Sharp pains in the back and through the hips. Dull headaches and dizzy spells. Appetite poor—nothing seemed to taste right.

Finally, an old friend told him about a friend who was in just that condition and who was cured by GIN PILLS.

Mr. Whellam tried them. And you would not know him for the same man now. That worried, strained look about the face is gone. His eyes are bright—his complexion rosy. He enjoys what he eats—he has gained in weight—and sleeps like a top.

He had kidney trouble. GIN PILLS practically gave new kidneys—healed and strengthened these vital organs—soothed the bladder—and freed the system of uric acid that was poisoning him.

Broad Cove, C.B., July 6, 1906. I received a sample of your GIN PILLS last fall. They did me a great deal of good. In fact, they are the best kidney medicine I know of. A neighbor of mine has tried them and they did him more good than all the Doctors' Medicine he took in three months. I will not forget during my lifetime the benefit your GIN PILLS have been to me. JOHN WHELLAM.

Are your kidneys sick? Do you feel just as Mr. Whellam did? Then take GIN PILLS on our positive guarantee that they will cure you. To have you give them a fair trial, we send a free sample if you mention this paper. Write to-day to Bole Drug Co., Winnipeg. 84

GIN PILLS are sold by dealers everywhere at 50c a box—or 6 boxes for \$2.50.

First Claim Paid.

The first claim paid for loss by fire on March 1st was made by the ANGLO-AMERICAN (non-tariff company). Read the following:
