Nothing Did Good

Until She Tried "Fruit-a-tives"

Madame Rioux is the wife of M. Jos. Rioux, a wealthy manufacturer of lumber in St. Moise. Madame Rioux is greatly esteemed in her home town and her testimonial in favor of "Fruita-tives" carries conviction with it, as itis entirely unsolicited.

I have much pleasure in testifying to the marvelous good which I have received from the use of the famous tablets "Fruit-a-tives". I was a great sufferer for many years with serious liver disease and severe constipation. I had constant pain in the right side and in the back and these pains were severe and distressing. My digestion was very bad, with frequent headaches, and I became greatly run down in health. I took many kinds of liver pills and liver medicine without any benefit, and I was treated by several doctors but nothing did me any good, bloating continued. As soon as I began to take "Fruit-atives" I began to feel better, the dreadful pains in the right side and back were easier and when I had taken three boxes I was practically well.

(Sgd) MADAME JOSEPH RIOUX. "Fruit-a-tives" - or "Fruit Liver Tablets" are sold by dealers at 50c a box -6 for \$2.50-or will be sent on receipt of price. Fruit-a-tives Limited, Ottawa.

TO PREVENT

A NERVOUS

Take Dr William's Pink Pills When the First Symptoms Are Noticed and Save Yourself Much Suffering.

Are you troubled with pallor, loss of spirits, waves of heat passing over the body, shortness of breath after slight exertion, a peculiar skipping of the heart beat, poor digestion, cold hands or feet, or a feeling of weight and fulness? Do not make be mistake of thinking that these are diseases in themselves and be satisfied with relief for the time be-

This is the way that the nerves give warning that they are breaking down. It means that the blood has become impure and thin and cannot carry enough nourishment to the nerves to keep them healthy and able to do their work.

There is only one way to prevent the final breakdown of the nerves and the more serious diseases which follow. The blood must be made rich, red and pure, and Dr Williams' Pink Pills is the only medicine that can do this promptly and effectively. Every dose of this medicine helps make new blood and strengthens the weak or worn-out nerves.

Mrs David J Tapley, Fredericton, NB, was cured by Dr Williams' Pink Pills after suffering from nervous breakdown, which resulted in partial paralysis of the face. She says: "The trouble came on quite gradually, and at the outset I did not pay much attention to it. Then SO LARGE IS THE ATTENDANCE it grew more serious, and there was a general breakdown of the nerves, which was followed by partial paralysis of the face, one side being completely drawn out of shape. 1 was under a doctor's care for a couple of months, and one treatment after another was tried without ben efit. By this time I was confined to my room, and the doctor told me he could not cure me. Almost in despair I was persuaded to try Dr Williams' Pink Pills. The improvement was slow, but the building up of a rundown nervous system naturally is slow. Slowly but surely this medicine did its work, and after a time I was able to again come down stairs. From that on the improvement was much more rapid and now I am as well as ever I was in my life. My friends look upon my cure as almost miraculous. Br Williams' Pink Pills did for me what the best medicine treatment failed to dothey brought me back good health.

> It is the blood building, nerve restoring power in Dr Williams' Pink Pills that enable them to cure such troubles as anaemia, rheumatism. the after effects of la grippe, indigestion, neuralgia, St Vitus dance, partial paralysis and the secret ailments of girlhood and womanhood. Sold by all medicine dealers or by mail at 50c a box or six boxes for \$2.50 from the Dr Williams' Medicine Co., Brockville, Ont.

Conservatives have been pleas ed to regard this as an outrage, and say that the men whose names were thus struck off were disfranchised. this is not the case, but even if it were, then Liberals and Conservatives were treated alike. The thin red line was not used to disfranchise any person. It was used to cross off the list names that were improperly onit. Had these names remained on, the voters might have voted in two divisions.

In this connection it may be said that the provincial authorities who have charge of the administration of justice undertook to prosecute the returning officers and others who had charge of the elections for doing this work, but the charges have all been dropped, and the Attorney-General of Manitoba has regard to the affiair.
