

**"The Blood is The Life."**

Science has never gone beyond the above simple statement of scripture. But it has illuminated that statement and given it a meaning over broadening with the increasing breadth of knowledge. When the blood is "bad" or impure it is not alone the body which suffers through disease. The brain is also clouded, the mind and judgement are affected, and many an evil deed or impure thought may be directly traced to the impurity of the blood. **Foul, impure blood can be made pure by the use of Dr. Pierce's Golden Medical Discovery.** It cures and purifies the blood, thereby curing, pimples, blotches, eruptions and other cutaneous affections, as eczema, scabies, or salt-rheum, hives and other manifestations of impure blood.

In the cure of scrofulous swellings, enlarged glands, open eating ulcers, or old sores, the "Golden Medical Discovery" has performed the most marvelous cures. In cases of old sores, or open eating ulcers, it is well to apply to the open sores Dr. Pierce's All-Healing Salve, which possesses wonderful healing potency when used as an application to the sores in conjunction with the use of "Golden Medical Discovery" as a blood cleansing constitutional treatment. If your druggist doesn't happen to have the "All-Healing Salve" in stock, you can easily procure it by enclosing fifty-four cents in postage stamps to Dr. R. V. Pierce, 663 Main St., Buffalo, N. Y., and it will come to you by return post. Most druggists keep it as well as the "Golden Medical Discovery."

You can't afford to accept any medicine of unknown composition as a substitute for "Golden Medical Discovery," which is a medicine of known composition, having a complete list of ingredients in plain English on its bottle-wrapper, the same being attested as correct under oath. Dr. Pierce's Pleasant Pellets regulate and invigorate stomach, liver and bowels.

**Weak Kidneys**

Weak Kidneys, surely point to weak kidney nerves. The kidneys, like the heart, and the stomach, find their weakness, not in the organ itself, but in the nerves that control and guide and strengthen them. Dr. Shoop's Restorative is a medicine specifically prepared to reach these controlling nerves. To doctor the kidneys alone, is futile. It is a waste of time, and of money as well.

If your back aches or is weak, if the urine is dark, or is dark and strong, if you have symptoms of Bright's or other distressing or dangerous kidney disease, try Dr. Shoop's Restorative. It is a medicine specifically prepared to reach these controlling nerves. To doctor the kidneys alone, is futile. It is a waste of time, and of money as well.

EXTERNALLY OR INTERNALLY, IT IS GOOD.—When applied externally by brisk rubbing, Dr Thomas' Electric Oil opens the pores and penetrates the tissues as few liniments do, touching the seat of the trouble and immediately affording relief. Administered internally, it will still the irritation in the throat which induces coughing and will cure affections of the bronchial tubes and respiratory organs. Try it and be convinced.

A PILL FOR GENEROUS EATERS.—There are many persons of healthy appetite and poor digestion who, after a hearty meal, are subject to much suffering. The food of which they have partaken lies like lead in their stomachs. Headache, depression, a smothering feeling follow. One so afflicted is unfit for business or work of any kind. In this condition Parrelce's Vegetable Pills will bring relief. They will assist the assimilation of the aliment, and used according to directions will restore healthy digestion.

IT IS A LIVER PILL.—Many of the ailments that man has to contend with have their origin in a disordered liver, which is a delicate organ, peculiarly susceptible to the disturbances that come from irregular habits or lack of care in eating or drinking. This accounts for the great many liver regulators now pressed on the attention of sufferers. Of these there is none superior to Parrelce's Vegetable Pills. Their operation though gentle is effective and the most delicate can use them.

One of the choicest books of its class that has ever been issued in Canada, has recently been published by Dr T A Slocum, Limited, Toronto.

It is entitled "Slocum's Dictionary of Dreams and Book of Life." Besides being a very reliable interpreter of dreams, it contains many other features of great interest and value.

Among them may be named: "How to Give First Aid to the Injured," "A Fortune Teller"—a great amusement feature suitable for parlor or social entertainments. In addition to these features it possesses a vast fund of valuable information for diseased and suffering humanity.

The book contains fifty pages of most interesting matter, and is bound in a handsome three colored paper cover. This cover is a study in itself, being a modern mailed Knight Crusader, who has been accosted by a Lady Philanthropist.

Between them a most interesting conversation takes place. This book will be mailed free upon request to any one sending their name and address, and saying they saw it in this paper, to Dr T A Slocum, Limited, Toronto.

**Pension for Teachers.**

The following was the plan adopted by the Pension Committee at the late meeting of the Saint John County Teachers Institute.

1. Teachers, Males 60 and Females 55 years of age, who have taught in the Province for 30 years or more, shall on demand obtain from the Government the Pension allowed to retired Teachers.

2. Teachers who have taught for 20 years or more, and who from sickness or other mental or physical causes are incapacitated from teaching longer, may lay their case before the Government and if the circumstances are as stated in their petition, will be entitled to a Pension of as many thirtieths of the full Pension as years of service, up to 30 years.

3. The amount of yearly Pension to be \$400 for Males and \$250 for Females.

The above plan has been adopted by the New Brunswick Teachers' Association and is now under consideration by the Government.

**OBITUARY.**

**Society Note**

Mrs A E Francis of Woodstock gave an up to date party Monday the 31st Dec. She received her guests forty in number in a very pretty white costume. The house was very handsomely decorated with holly, evergreen and bunting. It is said by all who attended that Mrs Francis herself was the bell of the evening.

Every one looked very nice dressed in silk and satin.

**SECRET BALLOT.**

The New Brunswick Elections Act as Amended Providing for a Secret Ballot.

Since the last General Election in this Province, the Legislature has amended the Elections Act so as to provide for a Secret Ballot and to have a sufficient number of Polling Booths in each sub-division, so that all voters may have ample time to poll their ballots. The provisions of the amendments as adopted at the sessions of 1904 and 1907 are as follows:—

(a) Whenever the number of voters on the list in any one polling sub-division exceeds three hundred, the returning officer shall provide two or more polling stations for such sub-division, and ballot boxes for each, dividing the list alphabetically, so as to allow as nearly as possible, an equal number of voters not to exceed three hundred, to deposit their ballots in each box. Not more than one ballot box shall be allowed in each polling station and each station shall have an entrance separate from all other polling stations. All necessary check lists, returns, clerks &c shall be provided for each station.

(b) The polling stations shall not be open to the public and a constable duly sworn shall be in charge of the door.

Only one elector at a time shall be admitted to vote.

(c) The elector so admitted and found entitled to vote, shall receive from the deputy returning officer an unopened envelope, take it into a compartment completely screened from the rest of the room and there place his ballot in the envelope, which latter he shall hand back to the deputy returning officer, who shall put it in the ballot box in the said elector's presence. Unless such elector shall have gone into said secret compartment and there placed his ballot in the envelope the deputy returning officer shall not receive the envelope from said elector.

(d) The deputy returning officer must provide a table in the secret compartment where ballots for the different candidates may be placed.

(e) A ballot must be made on white paper by printing or writing in black letters only, the names or surnames of the candidate or candidates, with black ink or black lead pencil. They may be partly written and partly printed and some names may be marked through or struck out and others added if desired.

(f) A voter who cannot read or cannot see, or who for any cause is unable to vote as the law directs, may take oath to that effect and the deputy returning officer in the presence of each candidate shall place in the envelope a ballot bearing the name or names for whom said elector declares his intention of voting.

ILLEGAL ACTS AND PENALTIES UNDER THE ELECTIONS ACT.

Anyone who takes an official envelope from the polling booth shall incur a penalty of \$200. (Sec. 8 Chap. 3, 4 Edward VII.)

Anyone personating any elector, voting when not qualified, or voting more than once shall incur a penalty of \$40. (Sec. 84. Consol Statutes 1903.)

Anyone who pay out money or makes threats to influence an elector to vote shall incur a penalty of \$80 and be forever debarred from voting at any election (Sec. 90 Cap 3 Consol Statute 1903.)

**SYNOPSIS OF CANADIAN NORTH-WEST HOMESTEAD REGULATIONS.**

Any even numbered section of Dominion Lands in Manitoba, Saskatchewan and Alberta, excepting 8 and 26, not reserved, may be homesteaded by any person who is the sole head of a family, or any male over 18 years of age to the extent of one-quarter section of 160 acres more or less.

Application for entry must be made in person by the applicant at a Dominion Lands Agency or Sub-agency for the district in which the land is situated. Entry by proxy may, however, be made at an Agency on certain conditions by the father, mother, son, daughter, brother or sister of an intending homesteader.

The homesteader is required to perform the homestead duties under one of the following plans:

(1) At least six months' residence upon and cultivation of the land in each year for three years.

(2) A homesteader may, if he so desires, perform the required residence duties by living on farming land owned solely by him, not less than eighty (80) acres in extent in the vicinity of his homestead. Joint ownership in land will not meet this requirement.

(3) If the father (or mother, if the father is deceased) of a homesteader has permanent residence on farming land owned solely by him, not less than eighty (80) acres in extent, in the vicinity of the homestead, or upon a homestead entered for by him in the vicinity, such homesteader may perform his own residence duties by living with the father (or mother).

(4) The term "vicinity" is defined as meaning not more than nine miles in a direct line, exclusive of the width of road allowance crossed in the measurement.

(5) A homesteader intending to perform his residence duties in accordance with the above while living with parents or on farming land owned by himself must notify the Agent for the district of such intention.

Six months' notice in writing must be given to the Commissioner of Dominion Lands at Ottawa, of intention to apply for patent.
