TOWN COUNCIL.

The last meeting of the Council was held Tuesday night. There was very little business of importance, the only new matter being a few changes in the bye laws, about doubling the fees asked of concerns coming into town for the purpose of holding short time Slaughter Sales. Inspector Lindsay reported collections of \$500 on Scott Act during his term of office. Twenty one fines had been imposed. There is a deficit amounting to between two and three hundred dollars on Scott Act. The board decided to pay the Inspector for the time he was absent in Europe.

The Mayor invited the Council and the newspaper men to the Royal Cafe as his guests at an oyster supper. Host McLean served an excellent

repast, after which toasts were duly proposed and honored, speeches being made by the Mayor, the Clerk, Ald Fisher, Burt, Sutton, Noble and Hagerman and Messrs Ketchum, Malaney and Thorne.

The Annual Town meeting will be held Monday night in the Opera, and it is generally believed that in addition to His Worship, Ald Dunbar, Burt and Noble will make their parting bow to town affairs. Ald Hagerman, Sutton and Fisher will likely run once more, and all three have splendid prospects for victory, in fact opposition is not probable.

QUICKLY!

The Question of Flour.

Not the least of the many problems which puzzle the young housekeeper, is the selection of the flour. Cook books are often indefinite; one, recommending a brand you cannot conveniently obtain; another, neglecting the point or insisting on some flour you have found unsatisfactory.

Have you ever tried blended flour? If not, use it next baking day. The leading Ontario millers are now making a blend of Ontario fall wheat with Manitoba spring wheat in such a way that the best qualities of both are combined scientifically to make a perfect flour.

Ontario fall wheat has the flavor and delicacy, but not sufficient strength. Manitoba spring wheat flour rises well but absorbs much water and requires much kneading, the bugbear of all bread-makers. Blended flour, as milled by the Ontario millers, combines the strength of Manitoba wheat, and the delicate flavor of Ontario wheat, and is a superior flour to either one alone. It gives the food value with the lightness and deliciousness.

Housekeepers everywhere are using blended flours for bread, cake and pastry. Blended flours solve the flour troubles of all home cooks who have the discernment to use them.
