BUSINESS GIRLS LOSE STRENGTH

They Risk Health Rather Than Lose Employment and Eventually Break Down.

Thousands of earnest intelligent young women who earn their livelihood away from home in public offices, and large business establishments are silent suffering victims of overtaxed nerves and deficiency of strength. Weak, breathless and nervous they work against time, with never a rest when headaches and backaches make every hour like a day. Little wonder their cheeks lose the tint of health and grow pale and thin; their eyes are dull and shrunken and beauty slowly but surely fades. Business girls and women, because of their work and worry, look older than their years. What they seriously need is the frequent help of a true strengthening remedy to carry them through the day. Dr Williams' Pink Pills are like actual food to the starved nerves and tired brain of the business girl. By making rich, red blood they supply just the kind of help that girls need to preserve their health and their good looks. They bring bright eyes, high spirits and thus make the days duties, lighter.

Miss Alexandrine Bedard, a stenographer residing at 36 Richelieu St., Quebec, says:—"For the past couple of years I felt my constitution being gradually undermined through constant indoor work, and the great tax on my nerves through the long tedious hours over a typewriter. But it was only some six months ago that the climax came when one afternoon I lost consciousness through extreme weakness. The real seriousness of my condition was then pathetically apparent, and I was confined to my room, lacking even the strength to walk about. I was attended by a doctor, but after being a month under his care showed no signs of improvement. It was at this stage that one of my relatives read of the cure of a young girl whose case bore a striking resemblance to my own, by the use of Dr Williams' Pink Pills. I began the use of these Pills the next day, and I attribute my complete recovery entirely to them. I had not taken more than three boxes when I began to get better, and after taking the pills for about a month I felt so strong and was enjoying as good health as ever in my life."

You can get Dr Williams' Pink Pills from any medicine dealer or by mail at 50 cents a box or six boxes for \$2.50 from The Dr Williams' Medicine Co., Brockville, Ont.
